

WASHINGTON MAKES CONCESSION TO B.C. TOURISTS

CHAMBER HEAD NOTES CITY'S DEVELOPMENT

Tearing Down of Old Buildings for New Structures in
Downtown Section, Increase in Number of Permits
and Higher Bank Clearings Cited by P. B. Fowler
at Annual Meeting of Commerce Chamber To-day.

The growing bank clearings of
Victoria and the brisk building
activity were pointed to by P. B.
Fowler, president of the Victoria
Chamber of Commerce, as striking
signs of progress in his annual re-
port presented at a well attended
meeting this afternoon.

PRESENTS SOUND ANNUAL REPORT

P. B. FOWLER
president of Victoria Chamber of
Commerce.

With the sound judgment of a
banker Mr. Fowler emphasized that
while bank clearings must not be taken
as an exact volume they served as a
valuable barometer in showing the
trend of turnover. The upward march
of building permits and the improved
appearance of the city as old build-
ings are being torn down or brought
up to modern requirements were
emphasized by Mr. Fowler as other
promising signs.

Agriculture, lumber, fishing and the
expansion of trade were referred to in
the comprehensive report which reads
as follows:

AHEAD OF LAST YEAR
"The city and district have shown
considerable activity during the year.
Bank clearings are well ahead of last
year, and while these must not be
taken as an indication of exact volume
they serve as a valuable barometer in
showing the trend of turnover."

"Building permit figures have a de-
cided upward tendency, but have been
swelled considerably by several major
construction schemes, and it may not
be amiss to point out that some reac-
tion may take place as these larger
and special efforts come to conclusion
by completion."

"The appearance of the city is show-
ing great improvement, old buildings
are being torn down or brought up to
modern requirements, and new struc-
tures are arising in all the downtown
sections."

"Residential construction in the
suburban areas is proceeding apace,
not only in the adjoining semi-urban
municipalities but also in the more
rural parts."

NEW MARKETS
"The outlook in agriculture is most
encouraging, and new markets are de-
veloping. Noticeably in this connec-
tion is the production of loganberry
wine, where demand is ahead of the
production of fruit, the export of
spring flowers to the prairie market,
hull and seed growing and a wider
market for vegetables."

"The tomato crop, owing to an un-
usual combination of market condi-
tions, was somewhat unsatisfactory
last year, but the outlook this season
(Concluded on page 3)

FATHER DENIES HE WAS CRUEL TOWARD BOY

Vancouver Magistrate Told
Chain Was Punishment and
Safeguard

Vancouver, May 22.—With a semi-
demented mother and his nine-year-
old sister left to care for him, little
Billy Grisenthwaite was kept chained
to a heavy block of wood for two days
in his home on Kitchener Street here,
it was related in court to-day when
his father, Joseph Grisenthwaite, Jr., a
mechanic, was tried before Deputy
Police Magistrate J. A. Findlay on a
charge of cruelty to the five-year-old
boy.

NOW AT HOME
The youngster, now being kept at
the Children's Aid Home on Wall
Street, suffered no physical ill-effects
from the experience, according to the
evidence of two physicians, but the
crown prosecutor said the boy was
chained up by his father.

"This boy," stated Oscar Orr, assist-
ant city prosecutor, "received treat-
ment which would not have been meted
out to the toughest prisoner in our
jails. Any penitentiary warden in this
country would lose his job in five min-
utes if it was found out he had pun-
ished a prisoner in the way Grisenth-
waite did his son."

Frank Lyons, defence counsel, at-
tacked the Vancouver newspapers for
want he termed was their exaggeration
in reporting the facts of the case when
it was revealed last Friday. He said
(Concluded on page 12)

Plane Burns But Passengers Safe

San Francisco, May 22.—Boeing Air
Transport offices here announced that
a westbound mail and passenger plane
carrying seven passengers caught fire
shortly after leaving Elko, Nevada,
early to-day and burned after the
pilot, Hugh Barker, had made a forced
landing. None of the passengers was
hurt. The mail was destroyed.

LIBERALS ARE TO NOMINATE

Vancouver, May 22.—Two Liberal
nominating conventions are to be
held shortly for the purpose of put-
ting candidates in the field in Fed-
eral constituencies. West Kootee-
nay will choose its candidate June
4 at Nelson and Nanaimo will nomi-
nate at Duncan on June 5. Several
other country constituencies prob-
ably will follow suit within the
next few weeks.

CITY TO BE ILLUMINATED FOR MAY 24

Sparkling Lights By Night and
Flags By Day Setting For
Holiday

All in Readiness For At-
tractive Three-day Programme
of Entertainment

An illuminated and decorated
city will greet Victoria's guests for
the May 24 festivities. It became
known to-day when arrangements
were made for the illumination of
the principal buildings by night
and the decoration with flags and
bunting of city streets. Merchants
and householders are asked to co-
operate by doing what they can to
add to the festive dress.

Bewildered yet from their long
journey by train, two buffaloes from
Wainwright, Alta., were a Victoria
May morning to-day with signs of
approaching good humor. Holiday crowds
will see the fine animals for the first
time this week, and may take part in
the naming contest now being con-
ducted to give fitting names to the
new acquisitions at Beacon Hill Park.
MANY VISITORS

Four cities of the Pacific Northwest
will be represented at Victoria's festi-
val. Mayor W. H. Malkin and a strong
contingent of municipal and business
men will come from Vancouver, in-
cluding E. W. Dean, J. A. Paton, W. H.
Lambke, John Bennett, Angus Mac-
Innis, Harry D. Graves, Warner Leat,
R. N. Fraser, W. C. Atherton, G. C.
(Concluded on page 12)

AEROPLANE FLIES FOR THREE DAYS

Machine Carrying Two Pilots
refuels Above Fort Worth,
Texas, on Record Attempt

Fort Worth, Texas, May 22.—Two
commercial pilots, R. L. Robbins and
James Kelly, attempting to establish a
new refuelling endurance record to-
day had passed the mark of sixty hours
and seven minutes set last July by
Adjutant Louis Crooy and Sergeant
Victor Croenen of Belgium and were
sailing along smoothly in their single
motored Ryan monoplane, the Fort
Worth.

The plane was refuelled with 110
gallons of gasoline early to-day in the
seventh contact with the auxiliary
plane since it took off at 11:33 a.m.
Sunday. The plane had completed its
sixty-eighth hour at 7:33 this morn-
ing.

The United States army monoplane
Question Mark, which set the present
mark of 150 hours 40 minutes and 15
seconds some months ago, was man-
nued by a crew of five.

MOTORIST LOSES LIFE
North Battleford, Sask., May 22.—
Admitted to a hospital yesterday morn-
ing, E. Goulette, a married man with
three children living in this city, ex-
pired at 6 o'clock last night as a re-
sult of injuries sustained when his
automobile crashed into a passenger
train at a level crossing two miles east
of Brada, near here. Goulette was a
commercial traveler.

NO AUTO SPEED LIMITS ON BOOKS NOW IN LOS ANGELES

Los Angeles, May 22.—Chief of
Police James E. Davis has removed
all speed limits in Los Angeles. He
has informed the police commis-
sion that any speed which does
not endanger lives and permits
rapid movement of large volumes
of traffic.

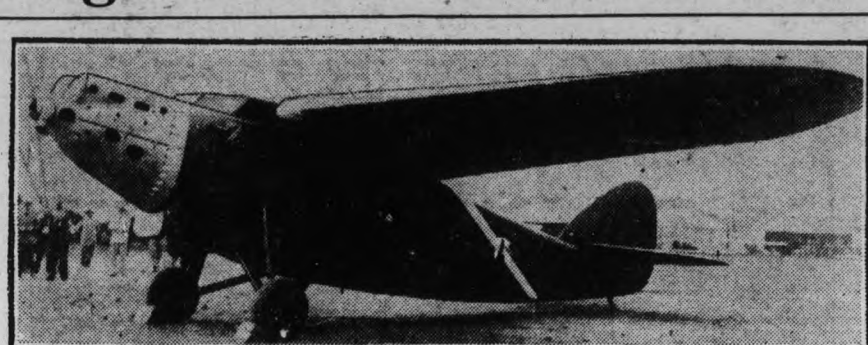

"There are places inside the city
limits where fifty miles an hour is
permissible," Davis said, "but I
don't want to convey to the pub-
lic that fifty miles an hour is to be
allowed on any congested
streets. The policy of the police
is to permit reasonable speed for
rapid movement of large volumes
of traffic."

Many Deaths In Floods In Iraq

London, May 22.—The London Daily
Mail to-day printed a dispatch from
Baghdad, Iraq, saying floods on the Tigris
and Euphrates Rivers had caused many
deaths and widespread destruction and
that the city of Baghdad was imperiled.

The chief loss of life was at Mah-
midyah, fifteen miles south of Bagdad,
where the survivors are suffering from
a food shortage, according to reports.

Aeroplane Tuned For Atlantic Flight Does 150 Miles An Hour

Awaiting favorable weather re-
ports on a field near New York
to-day is the big Bernard mono-
plane pictured above. The lower
picture shows its crew of three—
Rene LeFevre, right, Jean Assolant,
centre, and the flight's sponsor,
Armando Lotti Jr. Six men, pulling
stout cables attached to a leather
hood fitted over one end of the
metal propeller, are required to
start the 600-horsepower motor of
the plane, as shown at the lower
right. On tests the plane did 150
miles an hour. The airman hope
to reach Paris on one hop.

PARADE LIST SHOWS WHERE TO ASSEMBLE

Order of May 24 Parade and
Stations For Judging Of-
ficially Listed

All Entries Asked To Be in
Place at Twelve Noon on
Day of Parade

Issued to-day by Alderman W. T.
Straith, chairman of the general
committee of May 24 plans, the
order of parade and assembly sta-
tions for those to take part in the
line of march are given. All
entries in the parade must be in
place by twelve noon on Friday,
when judging will commence.
The parade will move off sharp
at 1 p.m. An elimination com-
mittee will weed out all entries not
sufficiently decorated, so that only
worthy floats and entries will be
included in the line of march.

The parade order follows:
Nine motor cycles, Victoria Motor
C.C.
Band H.M.C. Colombo.
Detachment from H.M.S. Colombo.
Detachment from Royal Canadian
Navy.
Vancouver Police Band (if present).
Mayor and Aldermen.
Visiting Mayors.
Chairman Parade Committee.
Judges and Officials.
(Concluded on page 12)

STOCK PRICES Have Big Fall

New York, May 22.—A storm of
selling orders, wiping out millions
of dollars in quoted values, swept
into the New York Stock Exchange
and other securities markets to-day
on the announcement that the Fed-
eral Reserve Council had approved
an increase in the rediscount rate
from 5 to 6 per cent in a further
effort to curtail the volume of bor-
rowings on securities collateral.

Extreme losses on a long list of
industrial and rail stocks ranged
from \$3 to \$15 a share, with at least a
score industrial stocks, including
General Motors, Chrysler, Nash,
Packard and Cerro de Pasco
Copper, sinking to new low levels
for the year.

GERMANS STUDY REPARATIONS PLAN OF ALLIES

Note Embodying Terms
Handed to Dr. Schacht in
Paris To-day

Paris, May 22.—A modified draft re-
port agreed upon by the reparations
experts of the Allied nations and a
covering letter making clear the Allies'
views were submitted to Dr. Hjalmar
Schacht, chief of the German delega-
tion, this afternoon.

Chief interest in reparation circles
centred on whether the creditor na-
tions' draft report made any changes
in the total of annuities to be paid
by Germany in addition to the reser-
vations made on several of the German
conditions to acceptance of the figures
proposed by Owen D. Young. From all
information available it appeared like-
ly there were any such changes.

NEW POWER PLAN IS APPROVED

Ottawa Gives British Com-
pany Permit For Northern
Manitoba River

Ottawa, May 22.—The Federal Gov-
ernment has granted a permit for de-
velopment of White Mud Falls, in
northern Manitoba, to the British
Dominions Power Company (Canada),
according to an announcement made
at the office of the Minister of the
Interior to-day.

It is understood the permit is to
continue in force for one year, and if
at the end of that time the company
is prepared to proceed with develop-
ment, a lease will be issued.

REQUESTED BY LEGISLATURE
The permit was granted following an
expressed request of the Manitoba
Legislature. A resolution, moved by
Premier John Bracken, requested that
a priority permit be granted the Brit-
ish company.

Sir Reginald Brade, G.C.B., one of
the leading members of the syndicate
which formed the British Dominions
Power Company (Canada) in Mani-
toba, was in conference with Hon.
Charles Stewart, Minister of the In-
terior, yesterday.

PERMITS NOT REQUIRED FOR SHORT TOURS

New Registration Law Affecting Canadian Motorists
Will Be Enforced in Washington After June 13
Only in Cases of Parties Traveling in State More
Than Three Days.

UNIVERSITY INQUIRY IS REPORTED

Statement From Hinchliffe on
Investigation at Point Grey
Is Awaited

Vancouver, May 22.—A dispatch
to The Vancouver Province from
Victoria says:

"Internal administration of the
University of British Columbia
went under investigation by the
Attorney-General's Department
this week, following charges of
financial irregularities."

"At the same time the Government
appointed A. N. Daykin, Vancouver
lawyer, as a special commissioner to
make an exhaustive inquiry into the
sale of Government lands in the uni-
versity subdivision."

"Hon. Joshua Hinchliffe, Acting
Attorney-General and Minister of
Education, will receive a report of the
alleged irregularities among the work-
ing staff of the university sometime
to-day from Oscar C. Bass, K.C.,
Deputy Attorney-General. Mr. Bass
conferred yesterday with heads of the
university administration in Van-
couver and came here this morning to
prepare his report."

FACULTY NOT AFFECTED
"What the nature of the alleged
irregularities is I do not know, pend-
ing the receipt of Mr. Bass's report,"
Mr. Hinchliffe stated. "Until I receive
this report it will be impossible to
say even whether it will be necessary
to go farther with the matter. All I
know is that the allegations do not
affect the faculty in any way, but
relate to the working staff of the in-
stitution."

DEBATED AT MEETING
Mr. Hinchliffe explained that before
any further steps could be taken in
this matter the heads of the university
and the board of governors would have
to be consulted. Mr. Bass, he said,
had been instructed to investigate the
affairs of the institution with the ap-
proval of President Gillick and the
board of governors, who considered the
situation at a meeting this week. The
Government and the university
authorities thus are co-operating in
getting to the bottom of the allega-

M'RAE INVITES TEST VOTE IN THE COMMONS

North Vancouver Conserva-
tive Member Talks of Land
Settlement

Ottawa, May 22.—General A. D. Mc-
Rae, Conservative, North Vancouver,
moved for a test vote in the Commons
this afternoon. From the Opposition
side he sought to have the House
support an amendment declaring want
of confidence in the Government in
respect to the administration of the
Department of Immigration and Col-
onization.

The motion, moved as an amend-
ment to a Government motion for
the House to go into supply, read:
"This House regrets the failure of
the Government to profit by Canadian
experience in the colonization and
settlement of the country and de-
plores the fact that men and women
have during recent months been
settled on Western Crown lands at
great distances from transportation,
educational, hospital and other neces-
sary facilities, thereby making it al-
most impossible for them to achieve
success and happiness in their new
surroundings, and is of the opinion
that such conditions can only be re-
medied by an immediate reorganization
of the Department of Immigration and
Colonization."

PEACE RIVER ARE A
General McRae regarded immigra-
tion and colonization as "Canada's
greatest problem." He said the Peace
River District should be opened up
as "a sound national development."
He was prepared, he declared, to sup-
port the scheme he advanced last ses-
sion for a colonization programme for
the whole of Canada involving the
issue of bonds for a development over
a ten-year period on an average of
\$30,000,000 a year.
(Concluded on page 13)

TUNNEY LETTING HIS ATTORNEYS WORRY ON SUIT

Unqualified Denial Made Mrs.
Fogarty's \$500,000 Re-
quest Has Any Basis

Bristol, Italy, May 22.—"I know ab-
solutely nothing of the report," said
Gene Tunney, when informed papers
in a suit for \$500,000 were being
had been sent to Bridgeport, Conn.,
for filing. "It must be another joke,"
he declared.

"When I am sued," he said, "I let
my attorneys worry."

DENIALS ISSUED
New York, May 22.—Unqualified de-
nials of the claims of Mrs. Katherine
King Fogarty, who seeks \$500,000 from
Gene Tunney, have been made in be-
half of the retired heavyweight cham-
pion and the Lauder family.

The complaint in which Mrs. Fogarty
charges Tunney broke his promise to
marry her was filed in the hands of
Sheriff Michael F. Ryan of Stamford,
Conn., to-day for filing in court at
Bridgeport, Conn.

Ryan filed an attachment on the
ninety-acre estate where Tunney
owns near North Stamford and
searched bank records in Stamford for
any accounts the former heavyweight
champion might have there.

Floyd E. Barbour, secretary to Mrs.
George H. Lauder, mother of Mrs.
Tunney, said: "The matter of Mrs. Fo-
garty was discussed at length by the
Lauder family before the marriage. It

ZEPPELIN CREW WELL TREATED IN SOUTH FRANCE

Friendship Grows Between
German and French Airmen
at Cuers

Cuers, France, May 22.—A decidedly
sentimental reaction in southern
France has followed the berthing of
the dirigible Graf Zeppelin here after
its eventful trip of last week.

Members of the crew who are free
for sightseeing have been literally be-
sieged by the owners of automobiles,
who take them anywhere and treat
them royally. Six men who were off
duty yesterday had a choice of fifty
limousines.

Interest in the troubles of the Zepp-
elin's engines has brought the Ger-
man and French officers into close and
friendly contact so the French offi-
cers and men of the Cuers air field
politely resent civil attentions to the
Germans, wishing to have them as
their own guests.

INFORMATION GIVEN
A high French officer said of the
German crew: "They are truly a re-
markable crowd, the best fellows in
the world, and they have given me sev-
eral tips to think over."

Then a Zeppelin officer said: "It
would be splendid if we could take
some of these fine fellows across the
Atlantic or around the world with us.
They know their jobs and if we work
together, would not that be fine?"

STEELWORKER FELL BACKWARD

Verdict of Accidental Death
at Inquest on Charles
Watson To-day

Accidental death was the verdict returned to Coroner Dr. E. C. Hart this morning by a jury which inquired into the death on Monday afternoon of Charles Watson, Vancouver steel erection expert, who fell six floors from steelwork in course of erection at the Empress Hotel.

The inquest was held at Sands Funeral Parlors.

Witnesses included Dr. Hermann Robertson; James Butterworth, foreman of the erection gang; O. E. Abraham and L. White, nearest workmen to the deceased of a gang of six employees.

Death was caused by fracture of the skull, Dr. Robertson stated. James Butterworth said the deceased was an expert workman and had ample room at his work, with good footing. L. White said the gang had completed placement of a beam above the new high speed elevator shaft in the old hotel building and the deceased "slipped overboard when we got through with it." O. E. Abraham stated Watson fell backward, having apparently lost his balance.

The jury was composed of A. E. Jaies, foreman; Elmer Smith, Reg. Owen, Harold Smith, Alf. Bowen and Trevor Inkpen.

FOUR FLIERS DROWNED

Algiers, Algeria, May 22.—Four persons were drowned here to-day when a commercial hydroaeroplane, taking off for Marseilles, crashed and sank.

Regina, May 22.—Twelve planes in a group will leave Regina to attend the aviation meet in Winnipeg to-morrow and May 24, according to plans made.

STUDENT CROWD MAKES SCENES

Youths Break Up Stage Play
in Sydney, Aus.; Take
Wreaths From Cenotaph

Sydney, Aus., May 22 (Canadian Press Cable via Reuters)—University students caused a near riot here last night when they visited the Tivoli Theatre in a body, pelting the performers with rotten fruit, howling down the vice-chancellor of the university and threw crackers at the president of the Undergraduates' Association, who tried to restore order. Jack Barry, an English comedian, was struck with an over-ripe tomato and jumped into the pit to avenge himself on one of the offenders. Other actors refused to go on the stage.

The students then paraded the streets. Some of them stopped at the

Cenotaph and removed some of the wreaths.

PROCESSION BROKEN UP

The police finally broke up the procession. Feeling is running high in the city to-day as a result of the episodes. Returned soldiers are particularly incensed over the desecration of the Cenotaph and the returned Soldiers' League is pressing the police to proceed against the offenders.

Mineral Survey On the West Coast Of Hudson Bay

Ottawa, May 22.—Dr. L. J. Weeks, geologist of the Geological Survey of Canada, will leave here Sunday for an all-summer trip to the west coast of Hudson Bay, where he will make a detailed study of the district with a view to discovering the mineral possibilities of the area. He will be accompanied by two university students, a cook and four Eskimos, who will be engaged at Eskimo Point. Dr. Weeks

Heals Piles

Quick Relief From Pain and
Itching When You Use
This New Ointment

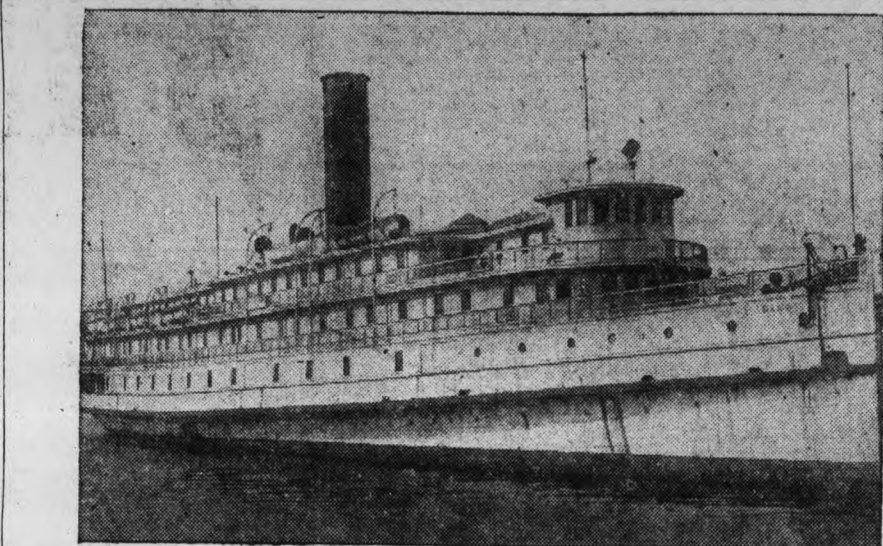

It is nothing short of marvellous how quickly the itching stops, the pain eases and the swelling goes down, when you apply "Sootha-Salva" to inflamed or protruding Piles. This new ointment is the prescription of a famous physician and you can use it with every assurance that it will help you to quickly get rid of your piles. 50c at all druggists.

It costs you nothing if you do not benefit. After using two boxes of "Sootha-Salva," if you are not satisfied, just return the empty tins to Fruit-a-tives Limited, Ottawa, Ont. and we will refund your money. (Adv.)

will return to Ottawa about the middle of October.

Dr. Weeks's supplies were sent in to Fort Churchill in the Spring and he will go to Fort Churchill and make his way north from there.

IMPORTATION OF USED AUTOS FOR SALE OPPOSED

But Resolution of B.C. Automobile Club Does Not Affect Private Owners

Vancouver, May 22.—Prohibition of the practice of importing used cars and trucks from the United States for sale in Canada is sought in a resolution passed by the Provincial Board of the Automobile Club of British Columbia, which will be forwarded to Ottawa. This action supports similar resolutions forwarded by the Vancouver Motor Dealers' Association and other automobile organizations throughout Canada.

No limitation of the right to import used cars for personal use and no increase in the duty on used cars for this purpose are sought by the directors, however, it is explained.

The resale of used cars from the United States, it was stated at a meeting yesterday, adversely affects the allowances granted motorists here buying new cars and disturbs the used car market.

SAANICH THANKED

Appreciation was expressed by the directors of the club for the grant of \$150 made by the Saanich Council in recognition of the club's road signing work. It was also announced that on June 13 Major Cuthbert Holmes, president of the club, and Manager Craddock would leave for a Province-wide tour, visiting all branches of the organization in the interior.

PRIVILEGES ARRANGED

It was announced by A. E. Craddock, manager, that arrangements had been made with the Royal Automobile Club of London that full associate membership privileges may be extended to members of the British Columbia organization visiting Great Britain. This includes road service as well as general use of the clubhouse in London.

Scottish Churches Approach Union

Edinburgh, May 22 (Canadian Press Cable)—The presence of the Duke of York as Lord High Commissioner and the general expectation that reunion of the Scottish Presbyterian churches would be the outcome of the deliberations marked the opening sessions of the Church of Scotland and United Free Church General Assemblies yesterday with more than usual interest. After twenty years of negotiations the two bodies, sitting for the last time as separate gatherings, are expected to conclude the formalities of union in a short time.

The membership of the Church of Scotland is practically unaltered for union, but a small minority in the United Free Church is keen to organize a continuing church.

Plumbers' Strike In Toronto Ends

Toronto, May 22.—With the strike of 450 plumbers and steamfitters which somewhat disrupted building operations here during the last few weeks ended the men returned to work to-day. The Amalgamated Builders' Council, the Toronto Society of Domestic, Sanitary and Heating Engineers and the Plumbers' and Steamfitters' Union No. 46 all ratified the proposals of settlement outlined by Hon. Peter Hepburn, Federal Minister of Labor.

Shipments of electrical equipment from the United States during 1928 were valued at \$110,729,121, an increase of \$8,213,694 over 1927.

HEADS TORONTO CLUB

JOHN WESTREN

who was recently elected president of the National Club, Toronto. Mr. Westren is vice-president and managing director of the Dunlop Tire and Rubber Goods Company Limited, Toronto, and a former president of the Rubber Association of Canada. He is a member of the Granite Club, National Club; director, Lamington Golf Club; director of the Canadian National Exhibition, and has been on the board of directors of the Y.M.C.A. in Toronto for several years. In point of years of service he is the senior member of the Dunlop staff. Mr. Westren is a genuine lover of art and golf is one of his hobbies.

Menus For Measles Must Include Milk

Mothers who are going through a case of measles for the first time are often at their wit's end as to what to feed the patient. As a usual, the doctor has said "something light while his temperature lasts" and milk has been the chief source of nourishment. Orange juice, weak lemonade and plenty of water can be used with the milk diet.

As the fever leaves the small measles sufferer and the rash disappears, more foods can be used, but as long as the skin is rough all foods that might be irritating to the digestive tract should be avoided.

Of course, the age of the child determines the selection of his food in illness as in health, but all care should be observed not to give him food that is at all difficult to digest.

CHANGE MUST BE GRADUAL

Even during the worst stages of the disease, unless the patient is very sick, junket and jellied milk can be used. In a day or so broth and gruels can be added to the list of foods.

When the eruption is gone the diet is gradually brought back to normal as the child regains his normal health. Easily digested eggs and cereals, baked potato, cream soups, sifted prune pulp, custards and gelatine desserts with plenty of milk and orange juice can be served with good effect.

Vegetables should be added as soon as possible and a nourishing diet be followed regularly.

The diet has much to do in bringing a child back to normal and preventing annoying after-effects during contagious diseases. An attack of indigestion or constipation along with measles means that much greater tax on a small body working to eliminate abnormal conditions.

MAKING MILK PALATABLE

Milk is necessary, and if the patient refuses it plain it can be made palatable for him in several ways.

The registry system of our post office was begun in 1854.

One teaspoonful of sugar and a little cinnamon can be added to a glass of milk to change the taste. Nutmeg or vanilla offer two more flavors.

Two teaspoonfuls of well-cooked cocoa can be added to one glass of milk.

A few grains of salt make a desirable change sometimes.

One tablespoonful of lime water added to each glass of milk may aid in digesting and prevent an unpleasant taste after drinking that makes difficulty for some children.

Later cream soups and milk toast take care of the milk problem when the child won't drink milk.

LACROSSE PRACTICE GAME

At Oaklands School to-night at 7 o'clock the Oaklands senior lacrosse team and the South Park team will play a practice game. The Oaklands team will be as follows: Drysdale, goal; Cockin, point; Armstrong, cover point; Alexander, first point; Merriman, second point; Smith, third point; Duckworth, centre; Taylor, third home; Williams, second home; Chapman, first home; McKenzie, outside home; Borden, inside home; reserves, Viggers and Duncan.

The tree-frog has the power of changing color to resemble more closely the surface upon which it desires to be inconspicuous. It can change from a dark hue to a light one in about twenty minutes.

One billion in France or the United States is one thousand million, or 1,000,000,000. In England and Germany it is one million million, or 1,000,000,000,000.

Two cents as a uniform rate for an ounce of first-class mail was introduced in the United States postal system in 1883.

The first intercolonial post of the United States was organized and put in operation May 1, 1893.

MORE ROADS BRITAIN'S NEED

Lloyd George Tells Welsh Electors of Liberal Party's Plan

Penmaenmawr, Wales, May 22 (By George Hamilton, Canadian Press Staff Correspondent).—Back in his own division of Carnarvon, Rt. Hon. David Lloyd George passed sentence on Rt. Hon. Winston Churchill, Chancellor of the Exchequer, last night. In a fighting speech marked by humor and dramatic incidents, he elaborated on the need for a greater road system in the building of which he hoped to solve the unemployment problem of Great Britain, if given power to do so.

The Liberal leader first charged the Chancellor with raiding the road fund of \$150,000,000, garnered by taxation of motorists and the like, because "he had so mismanaged the finances of the treasury that he could not get the money any other way."

Then, in a vein strongly reminding of his famous "Dartford Shepherd" episode of many years ago, Mr. Lloyd George sketched a picture of a poor old woman nervously pushing a baby carriage along a road without any footpath, in constant danger.

"I will tell you what I would like to do with Mr. Churchill," he added with a dramatic gesture. "I would condemn him for a whole month to push a baby carriage along a road without any footpaths."

The idea of the versatile Chancellor of the Exchequer pushing a baby carriage along a busy motor road without sidewalks for a month so delighted the crowd that it was some minutes before Mr. Lloyd George could continue his address.

Mr. Lloyd George had a challenge for the Prime Minister as well. He demanded Premier Baldwin to name just one expert in electricity, telephones or road making who would be willing to come out and condemn the Liberal scheme for reducing unemployment.

PREMIER SPEAKS
Kilmarnock, Scotland, May 22 (Canadian Press Cable).—Premier Stanley Baldwin invaded without yesterday and at a big meeting here last night said Conservatism now embraced much of the old Liberal spirit which for many years had been a driving force in political centres—the old Liberal Party of Gladstone and Lord Rosebery.

"But that spirit will never be revived in Scotland," he said, "because George and Sir Herbert Samuel, because they have not got it in them," he said.

COMMUNIST CAMPAIGN
London, May 22 (Canadian Press Cable).—According to accounts from headquarters in London, the Government of India has postponed the trial of a number of communists charged with conspiracy and sedition at Meerut until after the British general election in order to keep Sharat Uman, one of the accused who has been nominated to oppose Sir John Simon in Spent Valley in jail. This they describe as another demonstration of the tyranny of British rule in India.

Uman proposes to conduct his campaign by a series of cable messages. Communist headquarters state that despite "this impending trial he is able to compose the messages at ease."

Uman's candidature is a communist protest against British rule in India, and in particular against the Indian Statutory Commission, of which Sir John Simon is chairman.

CHANGED CHURCH METHODS URGED
Vancouver, May 22.—St. Andrew's Church, Vancouver, will be the scene of the 1929 sessions of the British Columbia Conference of the United Church of Canada. This was decided at yesterday's session of the Conference here.

The church will make a strong effort to see that all members and persons in the mission fields of the church are adequately furnished and that all possible distinctions between the equipment of men and women in the fields of the church and those at the centres are wiped out.

WORKERS HONORED BY UNITED CHURCH
Vancouver, May 22.—Rev. George Pringle of the marine mission of the church, was the promoter of a move at yesterday's session of the British Columbia Conference of the United Church of Canada here to honor Capt. William Oliver, who has spent fifty years in the service of the settlers, loggers and Indians of the Northern Coast of British Columbia, first in the little mission ship Glad Tidings, and later in other vessels.

Rev. Dr. J. V. Unsworth of Victoria was commissioned to arrange the material and to arrange for publication of the history of the past half century of marine mission work.

A resolution of appreciation passed by the conference will be inscribed by Rev. J. William Ogden and presented to Captain Oliver.

Provision will be made for permanent memorials in the form of stained glass windows in the new section of Union College to perpetuate the memory of Dr. William Ogden, Dr. J. C. Spencer, Dr. James Robertson, Dr. W. Large and other church pioneers. All sections of the United Church will be represented.

MANITOBA BY-ELECTION
Winnipeg, May 22.—Date of the by-election in the constituency of Morris, necessitated by the reappointment of Hon. W. R. Clubb as Minister of Public Works, was announced yesterday as June 10.

CANDIDATE IN HOSPITAL SUES OTHER CANDIDATE

London, May 22 (Canadian Press Cable).—With the British general election campaign now in full swing, things are beginning to liven up in some of the costliest, and two writs for alleged slander have been served on Alfred Short, Labor candidate in Wexbury, by the Conservative candidate, H. Rubin, the Workers' candidate, Thomas Gee. Rubin is now in a Wolverhampton hospital suffering from concussion of the brain as a result of being struck with a brick at an open-air meeting.

CHAMBER HEAD NOTES CITY'S DEVELOPMENT

(Continued from page 1)

is much brighter owing to the possible elimination of Mexican tomatoes from a competitive position on account of the revolution and consequent military proceedings in the tomato districts.

"It is a pleasure to note the progress towards international conservation of the salmon and halibut fisheries. These industries have suffered severely from depletion from over-fishing. I also note the large increase in the manufacture of oil and fish-meal from herring on the West Coast of the island. This industry only commenced a few years ago, but now there are some twenty-two refineries established at points along the West Coast. With the increase in refineries it has been necessary to go further out for the fish, which means, of course, more extensive gear and more damage to it. The whaling industry had a very good year in 1928, the whaling catch this year has commenced somewhat earlier, and it looks as though there will be a nice catch of these mammals this season, but subject of course, to weather conditions, a controlling feature.

LUMBER AND LOGGING
"Lumber and logging industries are in an excellent strategic position, more than in years, and the shingle industry has shown considerable strength."

"It is too early as yet to speak on the progress of our hosiery industries, as sufficient time has not elapsed to give them a chance of proving and establishing themselves, but it is pleasing to note that no further industries have been bonused by the city during the year, as it would be folly for the citizens to underwrite further propositions before they are in a position to realize their responsibility in connection with those already guaranteed or that would have their effect on the economic development of the city is commensurate with the risk assumed."

"I would particularly stress the necessity of patronizing home products at this time, not only as regards our local manufactured and produced goods, but in the broader sense of those produced in Canada or within the bounds of the British Empire."

TARIFF REVISION
"Touching this, the tariff revision of our southern neighbors is necessarily followed by Canadians with peculiar interest, and while there have been some talk of retaliation the Premier of Canada has given a sound pronouncement that it is a time to keep cool, that the United States are entitled to the exchange of goods for goods, and not goods for money, and for the living up to the word 'trade' in its truest meaning—a full cargo in and a full cargo out. The opening of ports on the Hudson Bay should be conducive to this end, establishing a new trade route to the agricultural districts of Canada and thus enhancing the export and import trade with the Mother Country."

"The further development of trade within the British Empire is receiving the attention of commercial interests in all parts of Canada, but it is evident that certain industries would keenly feel the effect of an upward revision of tariff across the line, such as dairy products, whole milk and mill meal, pending a readjustment of market."

"Turning back to our own parochial affairs, this report would be incomplete without reference to the great success shown by the City and Pacific Railway in Victoria, and their efforts to popularize it. It should only be necessary to mention their large capital expenditures on the B.C. Coast Steamer service and the repress Hotel to ensure for them the fullest support of the citizens of Victoria in the various things undertaken in our midst."

"I would like to refer to the press, and the splendid support and publicity the chamber has received at their hands, combined with the unfailing courtesy and consideration of their representatives."

"One of the many duties of a Chamber of Commerce is that of helping to guide and form public opinion, and as Canada and the Empire grow so do our responsibilities and I trust that during the coming year we shall fully bear in mind in our deliberations our duty to the Empire, then that to the national life of Canada, afterwards our Province, with our local hopes and aspirations all subservient to the needs of the former."

Stringing Of Power Line In B.C. Awaits New Developments
Vancouver, May 22.—Construction of the transmission line which is to serve the Stikine mining country with power has been deferred for a short time by the West Kootenay Power and Light Company, it was stated today by L. A. Campbell, general manager.

Information has been received from the company of important developments likely to take place in the Stikine district which may necessitate the construction of a new kind of line from that originally contemplated. Until that question is settled the company is postponing action, but Mr. Campbell said the delay would not be long.

Although an extensive survey of the Kootenay Lake flood water situation has been begun by the water power branch of the Federal Government in conjunction with the company, Mr. Campbell stated the application to the Government for permission to dam the lake and develop another big power scheme on Kootenay River would be proceeded with at once.

Income Tax Is To Be Argued

Vancouver, May 22.—Abandoning applications which challenged the jurisdiction, Robert Cassidy, K.C., was given leave by Chief Justice Morrison

in the British Columbia Supreme Court here yesterday to file a defence to the claim of the Attorney-General of British Columbia, who seeks to recover \$1,651 for income and personal property taxes, together with penalties and interest. The claim is based on income for the years 1909 to 1911 and 1917 to 1921.

R. P. Stockton appeared for the Attorney-General.

BIG SHEEP SALE

Sacramento, Cal., May 22.—A thousand sheep raisers from five states and Canada yesterday bartered 258 pure-bred rams on the auction block at the ninth annual Great Western Ram Sale, held at the California State Fair grounds here and \$11,512.50 changed hands with the sale of the animals. The exhibit that aroused most interest and curiosity among sheepmen was that of James Bowman of Ontario, Canada, who had forty-six registered Suffolk rams for auction. Only seven other Suffolk rams were exhibited.

Mrs. O'Brien—Was your old man in comfortable circumstances when he died?

Mrs. Finnegan—No, he was under a train.

Strength After Childbirth

"After my baby was born I was very weak and run-down. I was not able to do any heavy work but I had to be around on my feet all day. The strain proved too great and I was real sick for about two months. My mother advised Lydia E. Pinkham's Vegetable Compound and I started to take it. You should have seen the change in me. I am now well and strong and in good spirits. I have taken the Vegetable Compound ever since I feel my energy lacking. I also take Liver Pills and I find them a wonderful help for constipation."

—Mrs. James E. Robson, Box 693, Fernie, British Columbia.

Nanaimo

Nanaimo, May 22.—Lakal Singh was committed to trial by Magistrate C. H. Beevor Potts on a charge of having murdered Bhan Singh at Nanaimo Bay on April 20.

Magnesia Best for Your Indigestion

Warns Against Doping Stomach With Artificial Digestants

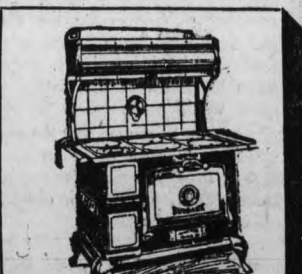

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued diet, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead take a teaspoonful or four tablets of Bismarck Magnesia in a little water after meals with the result that their stomachs no longer trouble them. They are able to eat as they please and they enjoy much better health. Those who use Bismarck Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrector, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and make digestion easy. Try this plan yourself, but be certain to get Bismarck Magnesia especially prepared for stomach use. (Adv.)

Effective May 13, the afternoon boat to Vancouver will leave Victoria daily at 1.45.

CONSTIPATION RELIEVED QUICKLY

This Purely Vegetable Pill will move the bowels without any pain and depressing after effects. Sick Headaches, Indigestion, Biliousness and Bad Complexion quickly relieved. Children and Adults can easily swallow Dr. Carter's tiny, sugar coated pills. They are free from calomel and poisonous drugs. All Druggists 25c and 75c red pkgs.

YOUNG AUSTRALIA

FROM MONDAY UNTIL WEDNESDAY
Of next week one hundred and sixty-seven representatives of Young Australia will be the guests of the citizens of Victoria. These boys from the sister Dominion "down under" have been touring the United States and Canada and this city is the last point of call before they sail for home on the Aorangi on May 27.

It will be understood that the tour has been undertaken with the object of giving the boys education by travel; consequently it is not a money-making project, the band of the organization furnishing an interesting entertainment in return for billets and maintenance. At all points visited, therefore, it has been necessary to enlist the assistance of citizens who are in a position to accommodate the boys in their homes. On both sides of the boundary line there has been a ready response, and there should be no difficulty in the matter here. The Chamber of Commerce is assisting the City Council to complete these arrangements, and it is requested that those who would care to put up one or two boys for the two days will notify the Chamber with as little delay as possible.

The underlying object of this tour is an excellent one. These future citizens of Australia no doubt already have learned more about North America in the few weeks occupied by their tour than they could possibly have done by the study of reams of literature. They will go back to their native land with many pleasant memories and minds broadened by contact with different peoples and varied customs. Let us make these fine lads of our sister Dominion really feel at home.

WHAT IS BEHIND IT?

IT WOULD BE INTERESTING TO DIS-
cover the real reason why certain friends of the power interests in Canada have suddenly started propaganda designed to kill the Sockeye Salmon Treaty recently signed in Washington by representatives of this Dominion and the United States. It is clumsy at the best, of course, because they are trying to make out that future power and irrigation development on the Fraser River and its tributaries would be hampered by the operation of the agreement. No suggestion could be so wide of the mark. The treaty's objective is the restoration of the sockeye run to the Fraser River system to normal proportions; it has nothing whatever to do with power.

One newspaper says "it will be an ignominious thing if, under the terms of the Sockeye Salmon Treaty, British Columbia at any time during the next sixteen years has to ask permission from the United States before this Province can institute any water-power development or irrigation scheme in connection with the waters of the Fraser River." There is nothing whatever in the treaty upon which to base such an extraordinary supposition. Article III of the document, for instance, contains this important provision: "The Commission shall also have authority TO RECOMMEND to the two Governments the removal of obstructions to the ascent of sockeye salmon in the waters covered by this convention, that may now exist or may from time to time occur, and to improve conditions for the ascent of sockeye salmon, where investigation may show such to be desirable. . . . the cost of all such work shall be borne equally by the two Governments." In Article VI, moreover, it is expressly stipulated that "no action taken by the Commission shall be effective unless it is affirmatively voted for by at least two of the Commissioners of each country." The Commission will be composed of six members—three for Canada and three for the United States.

The clause in regard to the removal of obstructions and the making of improvements to assist the ascent of the sockeye, of course, recalls the famous slide at Hell's Gate in 1913. Under the treaty now awaiting ratification by the Canadian Parliament and the United States Senate, as noted in the excerpts from Articles III and VI, prompt action could be taken to deal with the matter, while both Governments would contribute to the cost.

Are we to assume that the power interests eventually hope to erect works on the Fraser system and destroy these waters as factors in the salmon fishing industry? If that is their object, they have stepped off on the wrong foot.

THE LOW ROAD

HON. W. D. EULER'S OBSERVATIONS
in the House of Commons in regard to the smuggling of liquor from this country into the United States have not put Canada in a very favorable light. It may be true, as the Minister of Customs said, that certain officials along the border are lax or corrupt in the discharge of their duty. But, in spite of that, we are confident that the majority of the people of Canada, no matter what they may think of the Eighteenth Amendment, are definitely opposed to Canada continuing to be the base of a disreputable business.

Mr. Euler related to the House how he had taken a trip as a guest on a boat engaged in the international liquor traffic, how he had spoken to bootleggers at Detroit and extracted from them some of the secrets of the success in evading capture, and how officers of the dry squad of that city had at times assisted these illegal traffickers in liquor to land their cargoes. The Minister was told that it was possible to discharge such cargoes in forbidden territory at almost any hour of the day or night because "it just happens that the United States revenue officers are not there" when the law is being broken.

The Canadian people are not likely to be favorably impressed by Mr. Euler's suggestion that the

Dominion Government should not be expected to stop booze export clearances because "the problem which the United States is now experiencing is one of their own making and for which we are not responsible." On the contrary, they are likely to take much higher ground than their Minister of Customs, whose attitude should be, and no doubt will be, widely resented.

In the interests of Canada's own reputation, self-respect, as well as the enforcement of her laws against bootlegging in her own territory—apart from all other considerations—the Canadian Government should do everything within its power to stop this sinister business, with its trail of piracy and murder, whether the powerful distillery interests of Ontario and Quebec, with their strong political affiliations, like it or not.

Incidentally, Canada's name appears on a treaty under which she has undertaken to do her utmost to prevent rum-smuggling along the border. We hope the specious excuses given by Mr. Euler do not mean that he regards this treaty merely as a "scrap of paper." It is to be hoped, also, that the Minister of Customs, in his tender solicitude for the rum-exporting interests, is not speaking for the Government of which he is a member.

NO PLACE LIKE HOME

THE OTHER DAY AN UNUSUAL
couple stopped off in the city of New York for a brief visit. They were Corporal Claude B. Tidd of the Royal Canadian Mounted Police and his pretty wife, a former nurse in the remote city of Dawson, Yukon Territory.

For the first time since 1915 they had come down to the land of cities, en route to a visit to England. And while you might imagine that two people who had spent their last fourteen years in a tiny village under the Arctic Circle would be glad to get to a place like New York, Corporal Tidd and his wife did not see it that way at all.

The corporal's post has kept him in a village that is almost unbelievably remote. Only one other white person lives in it. Mail arrives and departs once a year. Often the corporal is away from home for days at a time, and his wife stays alone in their cabin on such occasions, varying the monotony now and then by taking a gun and going out to shoot game. They have no radio, and the town has no movie; there is nothing but an unending silence and a great majesty of open, unsettled wilderness about them.

But they prefer that to New York. In the city, they say, there is too much noise and too much activity. The gay frills of the metropolis, ordinarily its greatest attraction for visitors, leave them cold. They speak another kind of language. Both of them are impatiently waiting for the day when they can start back to their distant Canadian outpost and plunge into solitude and silence once more.

Many people would be unable to endure a year of life in the Tidds' village. They are bred to the city civilization, and they could not get along without it. But it's good for them to be reminded that it is not necessarily the best kind of life possible.

Solitude and isolation can sometimes do more for the human spirit than we imagine. They are not in our line; we shall never be able to get them, for the cities have us in their lap. But it does not hurt us to realize that we are missing something valuable.

NOTHING TO WORRY ABOUT

TO THE SUGGESTION OF SIR JOHN
Marriott, a well-known British publicist, that the British tradition will perish in Canada because of an increasing foreign population, Mr. J. Bruce Walker, director of European migration to Canada, has replied that there is not the slightest cause for misgiving. Mr. Walker points out that in a generation or so foreign settlers have acquired the English language and British habits and point of view, in that way becoming good Canadians and respecters of British traditions.

Sir John Marriott, who, by the way, visited Victoria with the Empire Parliamentary party last year, belongs to the old school of British Conservatism and uses a telescope of ancient vintage to view the growth of the Dominions. It may be recalled that in one of the prominent Old Country reviews a few years ago he saw dire things resulting from the negotiation and signature by Canada of the Halibut Treaty with the United States. He saw a grave departure from tradition. But much has happened since then. The Government of which he is a supporter heartily approves of the appointment of Canadian Ministers to foreign capitals.

WHAT OTHER PAPERS SAY

PATRON SAINTS

The Winnipeg Tribune

Col. G. W. Wells deplores the fact that Canada is without a patron saint. He meant, no doubt, that we have not a patron saint who is modest enough to admit it.

LIFE IN LONDON

Looker-on in The Daily Chronicle

I had to look twice before I could believe my eyes, and between the looks I wiped my glasses. But there was no deception, no hallucination. In the churchyard of St. Mary-le-Strand, at the very heart of the world's biggest city, there was an old lady digging! She drove her spade in, she turned over her spade, she bent her back and used her foot vigorously. Yes, in the middle of the Strand in the middle of the afternoon. One never ought to be surprised at anything in London.

SAXOPHONE PERILS

The London Daily Express

Most statistics dull the senses. But the computation which came over the cables recently that America produces a saxophone every forty seconds, every day of the year, has the very opposite effect. It stimulates, it infuriates. One can almost hear the braying of these three-quarters of a million instruments that add annually to the cacophony of the universe. But it is quite possible that no smaller number would be able to hold its own against the multitudinous noises of America, and that every one of them is used for domestic consumption. The natural fear that they are meant for export may be quite groundless. There is no present need, therefore, for the massed bands of the kingdom to rally forth and drown an American saxophone invasion.

A THOUGHT

Let the husband render unto the wife due benevolence; and likewise also the wife unto the husband.—I Corinthians vii. 2.

A wife is a gift bestowed upon a man to reconcile him to the loss of paradise.—Goethe.

Loose Ends

Meet your fully-evolved progeny of 10,000 A.D.—good news for our troubled body politic—how other bodies and minds are getting on—science finds how not to spell—and Miss Negri has a great plan.

By H. B. W.

HAVING SATISFIED themselves, more or less, what man was like in his early days, since his beginning 350,000 years ago, scientists are endeavoring now to guess what he will be like at a similar distance in the future, which is not so easy a job. Dr. Ales Hrdlicka, curator of physical anthropology at the National Museum, Washington, has just delivered what is probably science's best word on this subject. If you are worried about what your remote descendants are going to be like you will be interested in Dr. Hrdlicka's findings. In a word, he finds that the man who took perhaps 345,000 years of life to evolve the first crude beginnings of civilization, is still evolving. He hasn't reached his end or the limit of his powers by any means. A few thousand years from now he will be so much improved in every way that he will look back upon us, his distant grandfathers, as the last of a long line of degenerate and undistinguished ancestors who lived in the trees.

NOT ONLY will our progeny have changed in mind, but it will have changed in body. Already these changes are becoming apparent, says Dr. Hrdlicka, and he foresees the day when our distant grandchild will stand as tall as a giant, as resplendent as that of some of the wild animals in our time. Our offspring in 10,000 A.D. or so, he says, will have a large bulging skull to hold his massive brain, which will be smaller as he will probably have given up the bothersome practice of chewing his food, his teeth will be reduced in number and he will disappear altogether (which will be hard on the dentists), along with his appendix, (which will be hard on the doctors), in numbers and he will disappear altogether. Let all our thoroughly-evolved descendants drive no hair on his head at all. Altogether this glorious promise makes one feel quite prehistoric, as if one ought to be wearing skins and a tail.

IT IS thus clear, says Dr. Hrdlicka, that the human race is improving, and our ultimate progeny will be better than we are. This is comforting, but not surprising, for we have always anticipated such an improvement generation by generation. Every man is confident that his son will be a better man than he. If he thought his son would be like him, he would take the child out to the back yard and hit him over the head with a brick. It is the weight of such disaster while there was yet time.

THERE IS news from Washington which will cheer the heart of our provincial friends. President Hoover has reduced his weight in months from 188 to 185 pounds, despite the necessity of spending most of his time at his desk while, according to The Vancouver Province, the weight of our Government here is steadily going up and new Cabinet Ministers, newly alarmed, find it difficult to keep their feet in good condition. The secret of Mr. Hoover's success is typical of that super-efficient engineer and industrialist. At seven o'clock every morning he and his Cabinet report to the back of the White House and have a large medicine ball around for an hour, an exercise so violent that one of the president's officials recently was bowled over, sprained his ankle and had to be carried home to breakfast. commend the Hoover scheme to our Government. Let them get out of the grounds of the Parliament Building at seven o'clock every morning and hold a caucus with a medicine ball. They see now much better they feel for the day's hirings and firings. And what a cheering sight for the populace on its way to work! The whole city would benefit by this inspiring spectacle. Perhaps the Government already has prepared to adopt this very scheme. Perhaps the new land recently purchased on Superior Street is to be used for a giant medicine ball court, where behind a high board fence, the Cabinet of a morning will Hooverize itself into a fit condition for wrestling with the P.G.E. If this is the idea the land was indeed wisely bought, for Mr. Shelly will be able to collect enough amusement tax to retire the provincial debt in twelve months.

IN EUROPE a successful politician must be made of sterner stuff than either President Hoover or the Talmie dictator, General Primo de Rivera, of Spain, whose daily programme I have before me, makes Mr. Hoover and even the redoubtable Duce of Italy look like slackers by comparison. He works sixteen hours every day of his life, lives in a room next to his office, has a cup of tea for breakfast, labors until three in the afternoon, eats a sandwich, goes at it again until nine in the evening, dines, goes for a nine-hour stroll in the streets of old Madrid and remains at his desk until three in the morning. The nearest he comes to a medicine ball is an occasional visit to the races or a bull fight as a treat on a Sunday.

DICTATING WHETHER it be from the Ministry of War in Madrid, the end of Pennsylvania Avenue in Washington or across James Bay is so arduous that it is remarkable how so many men enjoy it. It gets wearisome after a while, however. The oldest dictator of all, a man with long record in the business of dictating as Julius Caesar, the daddy of all the tribe, has given up in disgust. General Juan Vicente Gomez, for twenty years president of Venezuela, was re-elected again the other day as a matter of course, and to the horror of everyone refused to accept. Venezuela cannot imagine itself without being dictated by Mr. Gomez and at least he will have to dictate the choice of the dictator who will dictate in his place. Two bad Mr. Gomez hadn't heard of the medicine ball.

LEARNED PROFESSORS of the United States have discovered after lengthy investigation that the ten words most frequently misspelled are: separate, lose, ninety, privilege, villain, Chateaufort, accommodate, all right, repetition and ecstasy. The next ten most difficult words are: exhilarate, hypocritical, indispensable, irrelevant, oneself, sacrilege, supercede, councillor, embarrass and harass. This is informative, but looking back on a considerable experience with words, I am convinced that it would be easier, and would require less space, to set down the ten words most frequently spelt right. After some years of labor in the handling of contributions sent to this newspaper by educated men and

women I am sure of it. One of the ablest journalists of this Province invariably puts a r on the end of the word peninsula, which the proof-reader invariably takes off, and another writer, not far from here, has never written crystal in his life without violently inserting in its middle a superfluous h. Any man who has failed with the help of education and experience to develop a few favorite mispellings is fit for treasuries, stragglers and spots. It is an encouraging commentary on mankind that I have found only one perfect speller, and besides that he also beats his wife.

MISS POLA NEGRI, movie vamp extraordinary, arrived in London the other day from her native Poland and announced that she was about to produce the story of her life as her final film. She said it would be difficult to secure actors to play the parts of her various lovers and husbands, and very dry weather continues over the interior of this Province. Fine mild weather continues in the prairies.

The Weather

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, May 22—5 a.m.—The barometer remains stationary on the coast and fine, warm and very dry weather continues over the interior of this Province. Fine mild weather continues in the prairies.

Reports
Victoria—Barometer, 29.95; temperature, maximum yesterday, 52; minimum, 45; wind, 12 miles S.W.; weather, fair.

Montreal Speech Of U.S. Official Criticized In Washington House

Washington, May 22 (By Kenneth S. Clark, Canadian Press Staff Correspondent)—Expressing the highest personal regard for W. R. Castle, Representative Hamilton Fish, of New York, in the House yesterday afternoon severely criticized an address made by the Assistant Secretary of State before the Canadian Club of Montreal last month. Reading a report which quoted the secretary as having said that reasonable assurance from Canada for the development of the St. Lawrence waterway would destroy the strongest argument for an increase in United States tariff rates on Canadian products, Representative Fish characterized such an argument as "improper" and "horse trading." Such "propaganda," he considered out of place and "a most novel and extraordinary method to be used by the State Department."

"I, for one, resent this kind of horse trading argument from our State Department," he said. "If the State De-

In just three years, Budweiser Barley-Malt Syrup has become one of the most popular brands sold in the United States and Canada. The reason, of course, is QUALITY!

To improve the flavor and nutriment of your bread, cakes, cookies, doughnuts, etc., use Budweiser Barley-Malt Syrup in your baking. Sold by grocers and dealers everywhere.

Cripple's Marvellous Recovery!

"Back in 1915 I was cursed with a fierce attack of sciatica (which I hope never to experience again), and was out of action for over four months. From my hip to my toes on the left side I was not a single hour without pain, night or day, for two whole months. I used up about seven remedies without any relief and tried hospital treatment, until I began to wonder whether I had any chance of recovery at all.

"One day my wife saw a Kruschen advertisement, and she said, 'Try this, Bob. It can't hurt you even if it doesn't do any good.' I did so; took it religiously and regularly, two-thirds of a teaspoonful in a glass of hot water first thing in the morning. After a week or so the intense ache in my left leg began to grow less, then at long intervals I was surprised and pleased to notice that the pain left me for hours at a stretch, a sure indication that the Salts were doing what was claimed for them. In nine weeks the pain had completely gone.

"When I was getting round again, moving along the street at my normal gait, I met another gentleman who seemed astounded. He said, 'Man,

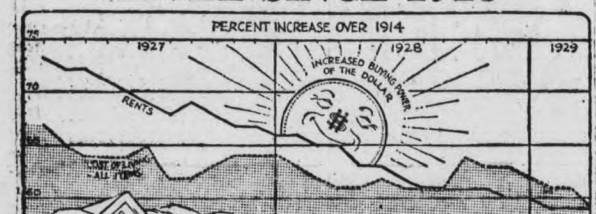

you've made a marvellous recovery! Last time I saw you you were doubled up like an old man of eighty. What helped you?' I told him, 'Kruschen Salts and optimism.' That's the story—absolutely true in every particular, and I am never without a bottle of Kruschen in the house.—R. A. G.

Original letter on file for inspection. Kruschen is a perfect blend of those six natural salts which are vital to your bodily well being. The analysis is on the bottle. There are sodium and magnesium to clear away the waste matter that clogs your system and poisons your blood. To feed your tissues, there's the tonic potassium. The daily dose of Kruschen will keep you in constant good health. Buy a bottle to-day and start a new life to-morrow.

Kruschen Salts

At Drug and Dept. Stores at 75c. a bottle. Manufactured by E. Griffiths Hughes, Ltd., Manchester, England (Estab. 1780). Importers: McMillan Bros., Ltd., Toronto.

LIVING COSTS AT LOWEST LEVEL SINCE 1923

BY ALLARD SMITH
Vice President, The Union Trust Co.,
Cleveland, O.

THE cost of living in the United States today is at the lowest point it has reached since early 1923. Retail prices of practically all important items entering into the family budget are substantially lower than a year ago.

The cost of living is now 58.9 per cent over the 1914 average, compared with 64 per cent over 1914 one year ago. The purchasing power of the dollar, which increases as living costs decrease, and which fell to 48 cents in 1920, is now nearly 63 cents compared with 100 cents in 1914.

Retail clothing prices have contributed to the lowering of living costs. They are at the lowest point since 1925. The index for clothing, as computed by the National Industrial Conference Board, is 66 per cent more than the prewar level compared with 73 per cent above 1914, one year before.

The household market basket is more easily filled with a given sum now than some months ago. Retail food prices are 53 per cent over the 1914.

Rents have taken the most precipitate tumble. As a result of the housing shortage which followed the war, house rents increased to 84 per cent over the prewar level. Since then, with the making up of the shortage, rents have fallen to 59 per cent over the prewar level.

Science Skeptical About Hair Turning Gray From Fright

By DR. MORRIS FISHBEN

Evidence is available, and the opinions of many authorities support the evidence, that the hair can turn gray suddenly.

There are many instances of sudden greying of small patches of hair. It was reported that Marie Antoinette and Mary, Queen of Scots, developed sudden greyness of the hair while on their way to the scaffold. A legend in a popular medical work tells of a man thirty years of age who was sick in a mining camp and fell asleep. The year was 1851. When he awoke, a grizzly bear was standing over him. The man's hair turned white in twenty-four hours.

Another story is that of a man who placed his entire savings of \$1,100 on one turn of the cards. The story does not tell whether he was trying to make two pairs stand up to fill a bob-tail flush, but it does say that twenty-four hours later his hair was white. Apparently the cards failed him.

Most specialists in diseases of the skin express doubt about these instances, but at least one authority admits that the thing has occurred in rare cases. The great trouble is that our present knowledge of the way in which the hair grows and of its anatomical structure is difficult to correlate with any possible sudden greyness.

The color of the hair is due to pigment in the shaft. The blood supply of the hair is at the root and does not extend into the shaft. Before the pigment could be destroyed, it would have to be reached by cells coming to the root in the blood.

From our knowledge of the hair and of the rate at which changes usually take place in body tissues, it seems absolutely unreasonable to believe that the long hair of a woman could completely lose its pigment within twenty-four hours, or, in fact, even in a week. It does seem possible that the hair in a very small spot might fall out and be replaced rapidly by gray hair.

None of the cases reported in scientific literature is scientifically authenticated. Some day someone may take the trouble to provide the necessary evidence to establish the fact as a fact.

His Only Chance

Blank—You'd never do in the talkies, you stutter.

Blank—B-but they c-could t-t-take m-m-m-me in s-s-slow m-m-motion.

HOPE TO BE EARLY BIRDS OVER SEA

They expect to lead the year's aerial parade across the Atlantic. Sergeant Rene LeFevre, left, noted French aviator, here is pictured as he greeted his co-fliers, Jean Assolant, centre, and Armand Lott upon their arrival in New York. They intend to start in the near future their attempted non-stop hop from Roosevelt Field, Long Island, for their native France.

RUM TOPIC OF DEBATE IN COMMONS

Euler States Federal Government Doing All It Reasonably Can to End Smuggling

Will Consider Further U.S. Request For Refusal of Clearances If Made

Ottawa, May 22.—While much Canadian liquor is being smuggled into the United States, the Canadian product, in ratio to the total consumption in the United States, does not comprise more than five per cent, according to information given the House of Commons last night by Hon. W. D. Euler, Minister of National Revenue. This fact had been admitted by United States officers, he stated.

Canada was doing all it reasonably could to assist the United States in stopping this liquor traffic, said the Minister.

Mr. Euler's statements were made during a debate on the liquor question and the suggestion that Canada should refuse clearances to boats loaded with liquor. He spoke in reply to speeches by J. S. Woodsworth, Labor, Winnipeg North Centre, and others in the Progressive and U.F.A. ranks, who had expressed the opinion Canada was guilty of an "unfriendly act" in not according to the United States request.

Mr. Euler declared the Canadian laws with regard to clearances were more strict than those in force in the United States.

The Canadian laws required every boat leaving this country for the United States to take out a clearance and to report to the customs authorities upon its return. The United States law did not require this for boats under five tons. Most of the liquor smuggling along the border was done by such small boats, practically all of which were United States craft. The Minister suggested that before asking Canada to refuse clearances the United States authorities should make their laws as strict as Canada's already were.

WILL HEAR REPRESENTATIONS

The Government of Canada was not disposed at present to accede to the request of the United States that clearances be denied to liquor shipments destined for that country. The door, however, was not closed and the Federal Government was ready to give consideration to such representations as it might receive on this matter. That was the attitude indicated by Mr. Euler's speech.

The protests that had come in from the various organizations against the issuance of clearances were being carefully and sympathetically considered, Mr. Euler stated.

TRIP DESCRIBED

Mr. Euler gave the House instances which indicated the United States had not on certain points made a very serious attempt to enforce its own prohibition laws. He described a trip he had made as a guest aboard a boat engaged in the international liquor traffic. This vessel was under sight of the United States port for which she was bound during the entire duration of his trip. While in Detroit he had spoken to bootleggers there and asked them how it was that their supplies came in uninterrupted across the river day or night. "It just happens that the United States revenue officers are not there when we go across," was the reply. Liquor vessels landed their cargoes within 100 yards of the United States customs officers in a certain city where they docked. Mr. Euler told the House. Sometimes it took them three hours to unload. They had actually been assisted by officers of the dory squad.

The government had not the authority, Mr. Euler continued, to stop export of liquor from any one open port in Canada. It had power to limit the wharves, but not to prevent export altogether.

ARGUMENTS ADVANCED

"One of the arguments against this," Mr. Euler said, referring to the request for refusal of clearances, "is that the problem which the United States is now experiencing is one of its own making and for which we are not primarily responsible. The second argument is, using the words of the man on the street, 'Let the United States enforce its own laws.' In the light of the statements which I made in connection with the lack of effort on the part of the United States to enforce its own laws, I think that attitude is a very human and fairly reasonable one, and that we might at least go slowly until we have some assurance and some evidence that they are trying to do for themselves what they are now asking us to do for them."

WOULD NOT STOP FLOW

He expressed doubt as to whether refusal of clearances would result in a stoppage of the flow of liquor into the United States.

He pointed out that if Canada was to amend the customs law so as to refuse clearances this country would require a new and larger preventive force in order to enforce the law.

WOODSWORTH'S VIEWS

J. S. Woodsworth, Labor, Winnipeg North Centre, said the United States had intimated it would like Canada to refuse clearances to liquor laden craft and Mr. Woodsworth took the ground that refusal of the Federal Government to take action along the lines suggested by the United States constituted an unfriendly act toward that country. As a result of the continued smuggling, there was a prohibition fleet, well-armed, patrolling the Great Lakes and both the Atlantic and Pacific coast lines. The assertion that the Canada-United States boundary line was unprotected by defences was erroneous and the presence of these armed craft was a continual threat to peace along the border, he said.

During his address the Labor member suggested that, as the majority of the provinces were committed to the policy of government sale of liquor, there should also be government manufacture. Not only should the government manufacture the liquor, but it should sell it at cost. This would eliminate the bootleggers, he said.

MONEY INVOLVED

There was a suspicion that powerful interests were behind the people who were evading the United States laws, said Mr. Woodsworth, and it had been said that under the party system of

campaign contributions, influences were at work to the detriment of public welfare. It had been said that under the party system neither party would begin its campaign under \$1,000,000.

Where did the money come from? Mr. Woodsworth asked. Every step should be taken to clear up such suspicion by removing the present undesirable situation, he said.

MISS MACPHEAL SPEAKS

"Liquor is a dirty business," said Miss Agnes MacPhail, Progressive, Southeast Grey, Ont. "It never did anyone any good and is only responsible for evil."

If people in Canada had no more sense than to drink poison, they could go on and do it, but the country to the south did not want to do this, she said, and Canada should therefore do everything in its power to assist the United States in carrying out its laws.

STEVENS SPEAKS

Hon. H. H. Stevens, Conservative, Vancouver Centre, after congratulating the Minister on his speech, said it had revealed an appalling situation. Under a solemn treaty, Canada had agreed to notify the United States officials when a vessel cleared from a Canadian port for one in the United States, laden with liquor. Canadian officials had, according to the Minister, performed this service diligently, but evidently the United States preventive officials had taken no notice of this courtesy. Further, in the Windsor-Detroit district they had asked that the telephone notification be discontinued.

Mr. Stevens agreed there was no advantage in refusing clearance of vessels bound for the United States under the circumstances, because their earnings were so high that illicit traffickers would find some other means of evading the United States law. But, were the customs and excises revenues sacrificed and the clearance facilities taken away, there would be no danger from an underground smuggling system, because the profits would be insufficient to warrant it.

It was the profits made possible from the various taxes on liquor that made the smuggling trade desirable enough for many men, "many more than we think," to pay with their lives for a chance to make quick money he said.

The discrepancies between the figures for home consumption, export and production of liquor in Canada required investigation, Mr. Stevens maintained. He suggested the matter be "checked up."

PEOPLE ARMING

Alfred Speakman, U.F.A., Red Deer, said the liquor trade was leading to the arming of a people to defend their laws. There might be more instances such as that of the I'm Alone sinking, which was to be deplored.

The matter was still under discussion when the House adjourned at 11 o'clock.

That Gets 'Em

"I have spent my all in sending my son to college and he does not even write to me."

"Oh, I have a trick for making my son write."

"What is it?"

"I just write and say: 'I am enclosing \$25'—and do not enclose it."

Complete Ensemble

He—Why did Marie marry such an old fossil?

She—She had to have something to go with her antique furniture.

ADVERTISE IN THE TIMES

TRY INDIA'S WAY TO HELP BLADDER

Santal Midy capsules—filled with pure Santalol—discovered centuries ago by natives of India—often give prompt, blessed relief. Doctors acclaim it a disinfectant, stimulant oil, soothing to mucous membranes of bladder and kidney passages. Genuine bear signature of Dr. J. Midy, noted French physician. At good druggists.

SANTAL MIDY

ROYAL SOCIETY GIVES MEDALS

Dr. Camille Roy Delivers
Presidential Address at Meet-
ing in Ottawa

Ottawa, May 22—Presentation of awards for outstanding service, initiation of new fellows and addresses on the varied activities of the organization featured yesterday's session of the annual meeting here of the Royal Society of Canada.

Last evening Monsignor Camille Roy, rector of Laval University, Quebec, delivered his presidential address, in which he cited the society as a model for development of co-operation among all the races and intellectual spheres of Canada from coast to coast.

Following his address Dr. Roy presented the Sir Joseph Flavelle Medal for outstanding work in science by Dr. A. H. R. Buller, Professor of Botany in the University of Manitoba, and announced the J. B. Tyrrell Medal for outstanding work in connection with the history of Canada had been awarded to Professor George M. Wrong of the University of Toronto. Monsignor Roy himself was the recipient of the Lorne Pierce Medal for excellence in pure literature, especially French-Canadian literature.

AIDS FAR EAST

Mrs. Jessie Wilson Sayre, daughter of the late President Woodrow Wilson, has been active recently in charity work for the Far East Relief. She is pictured above at her home in Cambridge, Mass.

New Grain Board And Investigation Plans Suggested

Ottawa, May 22—A three-member grain board, with headquarters at Winnipeg, and six sub-commissioners or inspectors, and six sub-commissioners or inspectors, deal with complaints and to investigate conditions in the various grain growing districts of the prairies, were recommendations made to the House of Commons committee on agriculture to-day by Leslie Boyd, chairman of the Grain Commission of Canada.

The sub-commissioners would be located at Edmonton, Calgary, Regina or Moose Jaw and northern Manitoba and southern Manitoba. There should also be additional elevator inspectors for the rush seasons, Mr. Boyd said.

Three members of the board would be better than five as proposed, he thought.

The members should meet often so that uniformity in its decisions could be obtained, he said.

NEW OIL CZAR

With the idea of curbing oil production, the California committee of the American Petroleum Institute has appointed F. C. van Dine as oil czar of the industry in that region. It is contemplated to cut production to 650,000 barrels a day, a reduction of 145,000 barrels.

Water: "Beg pardon, sir, but the amount I have entered on your bill does not include the waiter!"
Customer: "Well, I suppose it does not. I didn't eat one!"

MASTERS MOTOR COMPANY WILL HANDLE VIKING

Local Oldsmobile Dealers Have Agency For New Car Due Early Next Month

The Vikings are coming. The vanguard of Vikings, the new V-type eight cylinder automobile being introduced by Oldsmobile and General Motors, will be on initial public display in Victoria shortly at the Yates Street showrooms of Masters Motor Company and additional shipments are leaving the factories daily to supply the entire Oldsmobile dealer organization with the new companion car to Oldsmobile Six. Through inadvertence it was mentioned in Saturday's Times that the Viking would be handled by another local dealer, but the general Gus Masters of the agency. This method of meeting the motor- ing public, first in the massed centres of population and then spreading throughout the entire country, is typical of the tactics of the successful

GUS MASTERS

conquests waged by these early courageous pioneers from whom the new car has taken its name—the Vikings.

From earliest childhood the Viking boy was reared to become a leader. First and foremost in his early life were athletic exercises—swimming, running, climbing, wrestling, archery and snowshoe contests. Through it all he was trained to a Spartan demeanor in facing hardships. Courage and the will-to-do were cultivated. Thus were conquerors reared.

This rigid adherence to the law of the survival of the fittest has a prototype in the methods used in the development of the Viking automobile. Ideas—the brain children of the engineers—were given an equal chance at the start but were ruthlessly discarded when a weakness developed. Those which successfully passed the tests were developed. Even as the Viking youth was developed by his games and exercises.

This development paralleled a series of elimination contests to discover the champion. Metal was pitted against metal to determine which was the better for the task. Methods of varying types fought it out in actual performance to prove which produced the best results; each different design was called upon to prove its superiority over its rivals before it could qualify as part of the new Viking.

FINE CAR
Thus the Viking was developed to meet the final tests of the General Motors proving ground—tests comparable to the first trying tests of the Viking youths. In every department of automobile performance the Viking had to satisfy critical engineers armed with instruments which instantly detected weaknesses. And the failure of any part to hold its own through these gruelling tests meant its banishment.

After three years the engineers were satisfied. From bumper to bumper the car they had developed gave the performance they had sought. They declared that it was the most complete new automotive history in the medium price field. With this record of accomplishment both Oldsmobile and General Motors officials decided that the latest comer in the automotive industry should be called the Viking.

Double System Of Grain Inspection

Edmonton, May 22—Something new in the inspection of Canadian grain was disclosed at this morning's session of the Saskatchewan Grain Inquiry Commission here. It is a double check, the grading of each car by two different inspectors, one on the sample taken in the yards and another as the car is being passed through the elevator, the so-called unload sample.

When these two inspections differ as to grades, the sample is sent to the chief inspector for his decision and perhaps later to the appeal board. These facts were disclosed through the evidence of Charles Royle, deputy inspector at this point.

Langford

A double wharf has been completed at Langford Lakeside, with two diving boards, and a safe bathing place for children has been made. Many bathers enjoyed the lake over the week-end, and two Peterboro canoes will add to the pleasures of lake patrons very shortly.

Mr. and Mrs. Westingdale have been spending a week at their summer cottage camp, "Kewpie," at Langford Lake.

Mr. and Mrs. A. R. Lawrie and Mr. R. W. Newcombe entertained at their summer cottage, "Bide-a-wee," Langford Lake, on Saturday evening in honor of the well-known artist, Leonard M. Davis and Mrs. Davis, of New York, who are shortly leaving the Island. Covers were laid for eight.

An extraordinary general meeting of the tennis club will be held this evening, at 8:30 p.m., at the home of Mr. and Mrs. Carney.

The caterpillar tent campaign by the local school, Happy Valley and Luxton, Colwood and Langford, will close on June 1. This campaign is sponsored by the Langford

LO.D.E. SERVICE OF INTERCESSION SET FOR SUNDAY

Cathedral Ceremony 3 p.m.;
Lieut.-Governor and Premier
Speak Monday

A special service of intercession for
the work of the order throughout the
Dominion will inaugurate the twenty-
ninth annual meeting of the National
Chapter Imperial Order Daughters of
the Empire, which will bring many
delegates to Victoria from all parts of
Canada for the next week.

The service will be held at Christ
Church Cathedral on Sunday after-
noon at 3 o'clock, and will be attended
by the standard-bearers and by the
officers and delegates. The order of
service will be as follows: Procession
hymn, "O King of Kings"; general
confession; absolution; the Lord's
Prayer; Psalm 145, "I Will Magnify
Thee, O God, my King"; lesson read
by Rev. H. P. S. Luttrell of St. An-
drew's Presbyterian Church; the Runc
Dimitris; Apostles' creed; special pray-
ers led by Very Rev. C. S. Quinlan,
Dean of Cathedral; anthem, cathedral
choir; hymn, "O God Our Help in
Ages Past"; sermon by Rev. F. L.
cock, Archdeacon of Columbia; offer-
tory for the LO.D.E. war memorial
fund; National Anthem; benediction;
recessional hymn, "God of Our Fathers
Known of Old."

OPENING CEREMONIES

The formal opening ceremonies of
the National meeting will be held on
Monday evening in the Empress Hotel
at 8.15 o'clock, with addresses by Hon.
R. Bruce Tolmie, Premier of British
Columbia, and Hon. R. Bruce Tolmie,
Hon. S. F. Tolmie; address, Mayor Her-
bert Anscomb; selection, Schubert
Club; address of welcome, Mrs. Curtis
Hanson, Provincial president; reply,
Mrs. M. S. Morrow, president of Pro-
vincial Chapter of Nova Scotia; selec-
tion, violin and piano, Miss Irene Bick
and Miss Dumbleton; address, Mrs.
John A. Stewart, National president;
selection, Schubert Club; God Save the
King.

DOMICILE FOR DIVORCE URGED

C. E. Bothwell, Liberal, Sup-
ports Proposed Married
Women's Bill

Ottawa, May 22.—There is immedi-
ate need for legislation to make it
possible for married women to ob-
tain a domicile and more readily ob-
tain divorce, C. E. Bothwell, Liberal,
Swift Current, declared in the House
to-night.

The House was in committee on a
bill respecting the domicile of married
women in proceedings for divorce,
when Mr. Bothwell made his comment.
As an amendment to the bill under
consideration, Mr. Bothwell proposed
that provision be made for a married
woman who, either before or after the
passage of the act had been deserted
and had been living apart from her
husband two years, to establish her
domicile in any province where there
were divorce facilities that she might
obtain a divorce.

Hon. Ernest Lapointe, Minister of
Justice, once more opposed the bill,
declaring he felt that the effect of the
measure would be to increase facilities
for obtaining divorce.
Hon. R. B. Bennett, Conservative
leader, favored the measure. Surely a
woman who had been abandoned by
her husband was entitled to a chance
to establish her domicile for divorce
purposes, said the Conserva-
tive leader.

Debate was adjourned as private
members' hour expired.

Vancouver Women Elect Officers Of Professional Club

Miss Katherine Campbell was elected
president of the Vancouver Business
and Professional Women's Club at the
annual meeting held Monday evening.

Others on the executive are: Vice-
presidents, Miss Jean Cantelon and
Mrs. A. McNab; recording secretary,
Miss Jessie Moses; corresponding sec-
retary, Miss M. C. Williams; treasurer,
Mrs. F. Eaton.

Members of standing committees
are: Miss E. Phillips, finance; Miss
Ethel Pipes, membership; Miss A. Mc-
Kay, social; Miss D. Rollet, educa-
tional; Miss B. Miller, house; Miss Ne-
Hensler, publicity; Miss Nell Pedden,
magazine; and Miss E. Girdlestone,
legislative.

Members on the membership com-
mittee are Miss E. McManis, Miss
B. Saunders and Miss A. Boucher.

Miss Josephine Dauphinee, the re-
tiring president, in her annual ad-
dress, spoke of the club's need of out-
side interests and suggested that in
work for others a binding tie is found,
unequaled by any other social in-
terests.

Interesting Lectures.—To-day Mrs.
Peggy C. Korter arrived on a visit to
Victoria. She will spend the holiday
here and lecture in the Unity Hall to-
night and Thursday evenings at 8
o'clock. Mrs. Korter will speak on
"Steps in Mastery" on Wednesday
evening and on Thursday evening she
will speak on "This World of Sub-
stance." The lectures will be followed
by special soloists each evening. Those
interested are invited to attend. Unity
Centre Hall is at 739 Yates Street.
There will be no admission charged.

Catholic Bridge Tea.—The Big Sis-
ters Committee of the Victoria Sub-
division Catholic Women's League will
hold a bridge and five hundred party
in the K. of C. Hall on Wednesday
evening, June 5, the proceeds to be
devoted to the fund for furnishing the
Social Service Sunshine Camp. Bridge
players are asked to bring their own
cards and scores, and a good attend-
ance is hoped for in the cause of this
worthy objective.

"My dear fellow, it is always best
to begin at the bottom of the ladder."
"Nonsense! How about when you
are escaping from a fire?"

Personal Items

Mr. William Benellie of Glasgow is
staying at the Empress Hotel.

Mr. D. N. Macdonald of Amherst,
N.S., is a guest at the Empress Hotel
to-day.

Mr. and Mrs. P. F. Pegum of Sydney,
N.S.W., are visitors to the city and are
staying at the Empress Hotel.

of the sulphur baths at Harrison Han-
springs is now residing in Victoria.

Mrs. Edward Trench of Salt Spring
Island is visiting in Victoria as the
guest of friends.

Mr. R. W. Gibson, York Place, will
leave Friday for Winnipeg on a short
trip.

Mrs. Glen C. Holland entertained at
the tea hour this afternoon at her
home on Armit Road.

Professor and Mrs. John Marr and
their daughter have gone for the sum-
mer to spend the summer months
cover to spend the summer months.

Mr. R. Darcus left this morning for
Ottawa to spend a few days at the
Qualicum Beach hotel.

Miss Norval Payne will leave to-
morrow for Vancouver on a visit to
her uncle and aunt, Mr. and Mrs.
Chator Payne.

Mrs. Eric Wilkinson has arrived from
California on a visit to her sister, Mrs.
P. F. Howden, who will leave next
month for Japan to reside.

Inspector T. V. Sandys Wunch of the
Royal Canadian Mounted Police arrived
in the city yesterday from Vancouver
and registered at the Empress Hotel.

Mr. A. T. Goward and Mr. P. E.
Taylor left this morning for Qualicum
Beach to take part in the Up-Island
golf tournament.

this afternoon at her home on Esqui-
malt Road with bridge in honor of
Mrs. Loughlin Hughes and Mrs. W. G.
Colquhoun, who will shortly leave for
visit in England.

Mrs. P. B. Schmeel, Mrs. I. C.
Spencer and Mrs. Arthur Brown left
on Monday afternoon's boat for Seattle
to board the H. P. Alexander for San
Francisco, San Diego and Tia Juana,
returning to Los Angeles to attend the
Supreme Session of the National
Convention at that city May 27 to
June 1.

Mr. and Mrs. Thomas Humphries
and Miss Dorothy Humphries, Quadra
Street, left to-day en route to Toronto,
Ottawa and other points in Eastern
Canada. Mrs. Humphries expects to
attend the annual meeting of the
Women's Missionary Society to be held
in Ottawa next week, and the annual
meeting of the W.C.T.U. to be held in
Ottawa.

One of the commissioners for the Pres-
bytery of Victoria to the General
Assembly which meets in St. Andrew's
Church, Ottawa, the first week in June.

MORGANATIC WIFE OF EX-KING DIES

Countess Eliza Hensler's Ro-
mance With Former Portu-
gal Consort Recalled

Lisbon, May 22.—The last echo of
Portugal's idyl sounded yesterday in
the death of Eliza Hensler, aged
ninety-three, morganatic wife of the
late Ferdinand of Saxe Coburg, King
Consort of Portugal.

Eliza Hensler was a beautiful young
opera singer of German origin who
in 1880 sang at the Lisbon Opera
House. Ferdinand, then a widower and
regent of Portugal, fell deeply in love
with her.

He conferred upon the opera singer
the title of Countess Eliza and mar-
ried her despite the opposition of the
court and people of Portugal.

They lived happily together for a
quarter of a century until Ferdinand's
death in 1888. From that time on
Eliza Hensler, Countess Eliza, lived in
seclusion at her private palace in Lis-
bon. She never again appeared in public.

Cordeva Bay Dance.—The opening
dance of the season at the Little
Arctic Pavilion, Cordeva Bay, will be
held on May 25. Miss Mabel Irving's
three-piece orchestra will supply the
music on the opening night as it will
during the remainder of the season.

OPEN ST. JOSEPH'S WING TO-MORROW

The new surgical and maternity
wing of St. Joseph's Hospital will
be formally opened to-morrow
afternoon at 3 o'clock by His Honor
the Lieutenant-Governor, who will
be accompanied by Miss Mackenzie.
The public is asked to use the
main entrance on Humboldt Street.
An attractive programme has been
arranged for the occasion.

CATHOLIC WOMEN PLAN ACTIVITIES

To Present Annual Canadian
History Prizes to Academy
and College

A great deal of work was accom-
plished at the meeting of the Victoria
Sub-division of the Catholic Women's
League, held last evening in the K. of
C. Hall Government with the presi-
dent, Mrs. Blair Reid, and treasurer,
Mrs. S. Hunter, were heard in excel-
lent reports, and Mrs. Service, corre-
sponding secretary, read a number of
letters. The president explained the
details of the entertainment given in
honor of St. Louis College Boys' Choir,
and the presentation to Brother
Keogh, its popular conductor.

Mrs. McManus also voiced the sym-
pathy of the members to Mrs. Arthur
Lineham, Mrs. Trudel, Mrs. C. Hart-
nell and Mrs. Regan, in bereavements
which have lately befallen them. A
tribute was paid to the late Mrs. James
Hunter, whose generosity to the league
in all times of special need, and whose
kindly disposition had so endeared her
to her associates, and a letter of sym-
pathy was ordered to be sent to her
family. Reference was also made to
the invaluable work of the late Mrs.
Goulding, daughter of Mrs. Gray, and
sister of Mrs. W. Regan of the Victoria
Sub-division. A tribute was paid to
Father Francis, whose loss to the
church on Vancouver Island will long
be felt. The death of Brother Barnas-
bas, so prominently associated with
work for boys in the national Child
Welfare Association of Canada, was
spoken of, his loss to the association
and to the boys being beyond mere
expressions of regret.

TO PRESENT PRIZES
The report for hospital visiting was
given by Miss Langworthy, who had
visited all patients during the month
and found them well on the way to
recovery, visitors for the coming month
will be Mrs. Masarti and Mrs. O'Brien.

Mrs. Hughes spoke on educational
matters, and as convener of education
for the sub-division, read her annual
report, which had been delayed from
the last meeting. This report was re-
ceived with applause, and it was de-
cided to present the annual prizes for
Canadian history to the pupils of St.
Ann's Academy and the boys of St.
Louis College, with a special prize to
the children of St. Ann's Kindergarten.

Miss O'Brien speaking on social ser-
vice reported many cases of ill-health
much improved. Special references
were made to mothers' pensions and
industrial insurance, and a strong
plea was made for assistance with the
furnishings of the Social Service Sun-
shine Camp, in response to which,
the big sisters committee expressed their
interest and willingness to give a card
party, bridge and five hundred, in the
K. of C. Hall at an early date for this
good cause. Miss O'Brien invited mem-
bers to inspect the camp and to see
what delightful plans are being car-
ried out for the comfort of mothers
and children during a happy holiday
sojourn there.

Mrs. Cannon reported for the rum-
mage sale and sale of home cooking,
and she and Mrs. Masarti were
warmly thanked for their good efforts.
Mrs. McManus reporting for tag day

Fifty-three Patients in Building and Others Waiting to Enter, Reports Show

With fifty-three children already in the institution and others seeking admittance, the Queen Alexandra Solarium at Mill Bay is functioning almost to capacity, according to the reports presented at the monthly meeting of the board of directors held on Monday.

Statistics for the month just closed showed that the daily average number of patients had been fifty, the maximum number of any one day being fifty-two. The cost per diem had been \$2.05, as against \$1.87 for the same period last year, the increase being due chiefly to the fact that there is a greater number of very young children at present, these requiring more individual care and, therefore, an increase in the staff. One of the recent applications had been for a child of nine months.

On J. P. Babcock's recommendation a report of fire drill, which is now a compulsory exercise at fixed intervals, will be made monthly to the

board. P. de Noe Walker, recently appointed to the board as Government representative, recommended that the provincial fire marshal be asked to inspect the place and that any recommendations made by him be carried out immediately.

The meeting expressed appreciation of Dr. Young's help in the publishing of the annual report.

Your Baby and Mine

By MYRTLE MEYER ELDRED

Gardens Foster Love. For Nature Flower and vegetable gardens are planted and from the moment the first feathery carrot tips pop through the ground, or the rose bush thrusts forth fragrant buds, the gardener's eyes are sharp for possible destroyers. It is to him like the sting of a prodded sore to see small feet step on a garden bristling with green points. And gardens draw small feet like magnets. The affinity for outstanding obstacles which afflicts the amateur driver or bicyclist causes children to choose flower beds to walk on when there is a whole big lawn surrounding.

GIVE CHILD A GARDEN
There is a way to prevent this, and to prevent small children from pulling the leaves off mother's geranium plants, and a much neater way than to lie in wait and about angrily to "keep away." Give the child a garden of his own. Let him buy some of those packages of seeds which gaudy illustrations cause hope to spring eternal in the gardener's heart, but him some tools that he can handle, measure off his two by two patch and bound it with sticks and string and call it "Jimmy's Garden," and he'll understand without much telling how important it is not to step on green shoots, and not to pick tender sprouts if one ever expects to eat a round, red radish that grew out of an unexciting black seed.

And the joy of watching to see if four o'clocks really do come up in the row where the empty seed package says one has planted them. And the hours of labor joyously expended on picking weeds and wielding the fascinating hoe and the watering can. And the thrill when one sees that puny and strong-flavored radish that actually grew right out of that back-breaking row one planted with one's very own hands.

REAL FUN FOR CHILD
Why let the adults have all the fun? If children must satisfy their curiosity by pulling up half grown vegetables to see how big they are, it is obviously better that these depleted rows be in Jimmy's garden. That is, better for father's disposition.

It is one thing to hope that one's children will be lovers of nature, but this satisfactory state of mind can only come about when one gets close to the object of one's affection. Distance, in this instance, neither lends enchantment nor makes the heart grow fonder. A love for nature is a direct result of the hours one spends in the soil, planting the seeds, watering and weeding the plants and watching them waken to fragrant beauty, or mouthwatering juiciness. The services that make one love the mistle who demands them.

CATHOLIC WOMEN PLAN ACTIVITIES

(Continued from page 8)

told of the assistance given by the league in tagging for the Veterans and for St. Joseph's Hospital recently. Mrs. Cannon was appointed magazine convener, and Mrs. Sabin convener of membership. Mrs. Sabin, Mrs. Hunter and Mrs. Cannon also comprise a committee in charge of the special spiritual offering for the jubilee of the Holy Father.

HOPE'S JUBILEE
Rev. Father Evans spoke on the jubilee year of His Holiness Pius XI, outlining the changes which the return of the Pope state have brought. Father Evans also told of the developments of the plans for St. Louis College and roused the enthusiasm of the meeting in reviewing what has been accomplished to date. A donation to the linen shower being held on Thursday in connection with the opening of the new wing of St. Joseph's Hospital was unanimously voted. Self-denial bags were reported still coming in with gratifying returns.

The following ladies will form the committee in charge of the annual picnic for the boys of the college. Mrs. Kyle, Mrs. Hourigan and Mrs. Hunter. These three sub-divisions of the league, Victoria, Oak Bay and Esquimalt will unite in a membership tea at which cards will also be played, on Thursday afternoon, May 30, from 2 to 6 o'clock in the K. of G. Hall. The date for the annual garden party was set for Wednesday, June 12. Mrs. Grant as convener of refreshments will choose her own committee. Mrs. Hourigan, Mrs. Roberts and Mrs. Scaling will comprise the sewing committee. Mrs. Mazzanti and Mrs. O'Brien will be in charge of the fish pond. The children of Mary will provide and manage the candy stall, soft drinks and ice cream. The garden party will be held in the grounds of Burdett House. Members were reminded of the garden party this afternoon at the home of Miss Crease, in aid of the Local Council Foundation Fund.

The election of a third vice-president resulted in the choice of Mrs. Cannon for this office.

Mrs. Wm. Ellis Again President Of Schubert Club

Mrs. Wm. Ellis was re-elected president of the Schubert Club for the third year at the annual meeting held in the Y.W.C.A. Monday evening. Other officers chosen were as follows: Vice-president, Mrs. G. A. Hebert; secretary, Miss H. Parkinson; treasurer, Mrs. J. Barnett; press, Mary L. A. Gane; librarian, Miss Mary Percy.

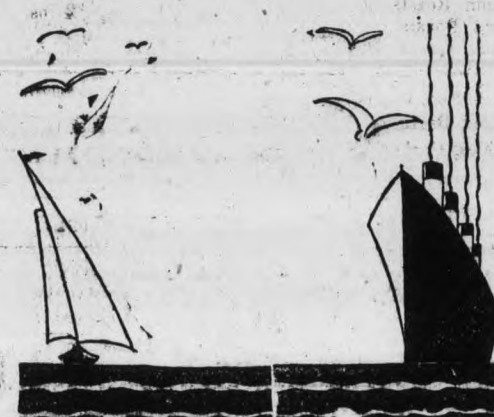

Mrs. Ellis presented the report of the year's work. The club presented a handsome grey leather "handbag" to Miss Lenore Brumpton, assistant accompanist, the gift being tendered with an expression of thanks and appreciation. To their honorary conductor, Mr. Frederic King, the choir also expressed appreciation for his splendidly enthusiastic leadership, coupling with this a vote of thanks to Mrs. King for many courtesies. A potted plant accompanied the thanks to Mrs. King. Other resolutions of thanks were to Messrs. Fletcher Bros. for the use of their rooms for hearings, and to the press.

Harvey-Boggs Chapter Met.—The regular monthly meeting of the Valentin Harvey-Beaumont Boggs Chapter, I.O.D.E., was held on Monday evening at headquarters. Mrs. G. L. Douglas, the regent, was in the chair. Donations were made to the social service camp and municipal entertainment fund. Mrs. Brake and Mrs. Hughes reported as to the municipal meeting held during the afternoon, and arrangements were made for the sale of tickets for the film "Carry On" and for Alexandra Rose Day. Following the business meeting Mrs. Gordon Smith gave a comprehensive report of the provincial annual meeting held in Vancouver and Mrs. Beasley spoke very entertainingly on her recent trip to England and Virginia. The next meeting of the chapter will be held Monday, June 17, at 2:30 p.m. at headquarters. A tennis tea will be held at the home of Mrs. Shanks towards the end of June.

MARRIAGE ENDS FORTY-YEAR COURTSHIP

Forty years of courtship culminated a wedding the other day when Dr. Charles Whitney, seventy-nine, Tampa, Fla., minister, and Mrs. Ellen R. King, sixty-six, Akron, O., United Brethren pastor, were married at Akron, Ohio. Bishop A. Kiplinger, of Dayton, old friend of the couple, performed the ceremony. Dr. Whitney formerly served in Akron.

French Golf Title Won By Horton Smith

Birthday Cake Goes With New Crown For Youth From Joplin

Twenty-one-year-old Professional Falters a Bit in His Par-breaking Progress, But Is Winner by Five-stroke Margin; "Unbelievable 61" Scored by Aubrey Boomer, English Player, Who Takes Second Honors; Smith's Score for Seventy-two Holes Is 273.

St. Cloud, France, May 22—Back to the midwest town of Joplin in Missouri goes the golf championship of France. It was annexed to-day by Horton Smith, the unassuming young lad with a seventy-two-hole total of 273, in which he counted a pair of masterly 66's in yesterday's round.

To-day Smith faltered a bit from his ghostly progress through the under par figures but still remained above the level of his rivals, though Aubrey Boomer recorded the most spectacular score of the contest to-day—a record-breaking 61, ten under par, on his home course.

Smith's scores to-day were 70 and 71—one under par and the exact figure.

BOOMER SECOND

Aubrey Boomer, who is the professional of the St. Cloud club, was second, five strokes behind the Joplin youth.

Smith was twenty-one years old to-day and after the last hole was played the big gallery gathered about him as he was presented with a birthday cake.

George Duncan, with a third round score of 71, had a total of 216 for fifty-four holes. Johnny Farrell's 74 gave him 219, the same score compiled by Henry Cotton with 75 this morning. Arthur Havers' total stood at 222 with a score of 71 to-day.

Walter Hagen scored 72 and stood at 223 for fifty-four holes. The score of Arnold Massie, who took 74 this morning, Joe Turney scored 74 and had a total of 222. Ed Dudley took 76 to-day for a total of 234 and Jose Jurado, the Argentinian, used 81 strokes for 232 for fifty-four holes.

HORSE RACING

Calgary, May 22.—Race results here yesterday follow:

First race, six furlongs—Kidnapper, \$9.50, \$5.50; Quince Garden, \$6.10, \$4.60; My Daddy, \$3.80.
Second race, five and one-half furlongs—Pro Consul, \$6.80, \$3.50, \$2.90; Kalko, \$4.10, \$3.30; Swift Cop, \$3.10.
Third race, six furlongs—Olive Whittier, 4.80, \$3.20; Miss Peggy Docile, \$3.10, \$2.50; Ben, \$2.80.
Fourth race, six furlongs—Eleven o'clock, \$28.55, \$10.50, 4.60; Kilauea, \$5.50, \$3.60; Omarsan, \$3.20.
Fifth race, six furlongs—Shasta Rabbi, \$4.20, \$3.10, \$2.80; Madge Don, \$3.40, \$4.10; Hong King, \$3.60.
Sixth race, miles and one-sixteenth—Bardall, \$4.70, \$3.30, \$2.70; Captain Adams, \$4.70, \$3.40; Royal Flag, \$3.20.
Seventh race, one mile—Heuhukai, \$4.10, \$2.70, \$2.50; Shasta Sheik, \$2.80, \$2.50; Purity Shot, \$3.60.

Tillicums Will Meet Jokers At Park To-night

With Dave Donaldson and Eric Whitehead opposing each other on the mound the Tillicums and Jokers will hook up in a senior amateur baseball league fixture at the Royal Athletic Park to-night at 6:15 o'clock. The teams are fighting for the league leadership.

Downs, a former member of the Eagles, will make his debut as catcher for the Jokers. These teams were two strong rivals in the old Commercial League and a spirited encounter is expected to-night.

Wallace and Darcus To Play in Final

Finals of the Colwood Golf Club championship tournament, between N. Wallace and R. G. Darcus, will commence at 10 o'clock next Sunday morning. It was announced this morning by the secretary, Walter Parry. The pair will play a thirty-six hole match for the title.

A mixed foursome competition will be held at the course on Sunday.

LAWN BOWLING

William MacKay, vice-president of the Victoria Lawn Bowling Club, officially opened the ladies' schedule for the season at the Beacon Hill green yesterday. A large number of ladies were present, and in the opening match the president's side defeated the vice-president's team by a narrow margin.

Tuesday and Thursday afternoons have been set aside for the lady bowlers, but ladies will be welcomed any afternoon. Any information regarding membership may be had from Mrs. J. L. White, secretary-treasurer.

Nels Jepson Loses In Wrestling Match

Seattle, May 22.—August Sepp, Finn, light-heavyweight from Boulder, Colo., won his wrestling match from Nels Jepson of Calgary, Alta., here last night, when the Canadian was unable to return to the ring for the deciding fall.

Jepson scored the first fall in 21:32 with a leg split. The Finn put him out with an aeroplane spin and body slam for the second fall in seventeen minutes.

Famous Sprint Stars to Run In Vancouver

Vancouver, May 22.—Percy Williams of Vancouver, Olympic sprint champion, and the Canadian and U.S. stars, Edwards, Elder, Fitzpatrick, Ball and others, will match legs here during an amateur athletic midsummer carnival July 12-13. Ethel Catherwood of Toronto, world famous high jumper, will also participate. In addition, it is stated, the winners of the United States national meet at Denver, July 1, will be here, as will also the members of the Cambridge-Oxford team of athletes who will be in Canada this summer.

The carnival is sponsored by the B.C. Electric Street Railwaymen's Union, through co-operation with R. H. Davidson, president of the B.C. branch of the A.A.U. of Canada.

WALLACE WINS

Cleveland, May 22.—Billy Wallace, Cleveland contender for the light-weight championship, defeated Joe Glick of New York in a twelve-round bout here last night.

He's Twenty-one and French Golf Champ

who to-day celebrated his twenty-first birthday by winning the French open golf title at the St. Cloud Course. After opening up a wide lead with two remarkable 66's yesterday, Smith's chances were never endangered and par figures were enough to give him victory to-day.

BOXING CARD IS DRAWN UP

Amateur Fighters From H.M.S. Colombo Will Mix With Local Mitt-slingers

Nine good boxing bouts are carded for a show at the Tillamook Gymnasium to-morrow night, when a crew of boxers from H.M.S. Colombo will mix with some of the local amateurs.

The main event will find Louis Callum, who has quite a reputation in Simon pure circles, pitted against Marine Venables, one of the ship's best. This, it is expected, will be a lively scrap.

The first bout will start at 8:45 o'clock and Roy Baker will referee.

The card, as announced to-day, is as follows:

L. Callum, vs. Marine Venables, at 155 pounds.

Greenwood vs. Stoker Howard, at 175 pounds.

Gerald Sharpe vs. Marine Dobson.

Tommy Drysdale vs. Stoker Joyce, at 135 pounds.

Willard Shoulders vs. Roy Beed, at 124 pounds.

Scotty Magee vs. Officer Steward Young, at 126 pounds.

Three other bouts are yet to be arranged.

Tickets may be obtained at F. B. Richardson's cigar store.

LA BARBA IS QUOTED TWO TO ONE FAVORITE

Kid Chocolate, Grinning Cuban Negro, Fights Battle of Career To-night

Winner of Ten-round Go Will Be Recognized as Bantam Champion

By EDWARD J. NEIL

Associated Press Sports Writer
New York, May 22.—Kid Chocolate, grinning boxing masterpiece in ebony, will fight to-night in Jess McMahon's big fight barn in the Bronx with the same fate that overcame Al Singer, the other brilliant little fellow promoters were banking on for a gala open air season.

Possessed in large quantities with whatever it takes to lure the fight faithful through the turnstiles, the flashy Cuban negro bantam will face the busy fists of Fidel La Barba, young San Francisco Italian, with the odds at least 8 to 5 against his winning. In this respect he is slightly favored, for Singer was a 4 to 1 favorite when the little Filipino, Ignacio Fernandez, knocked out the Jewish idol last Friday night.

To-night's match has created more interest here than any other battle of little fellows in years. Chocolate, riding high on a wave of popularity that packed the winter fight clubs week after week, has yet to be beaten in 155 matches. The colorful Cuban, likened in action to great negro boxing masters of the past, still has been able to knock out almost half his opponents with crackling right-hand punches. Last August he fought his first match here for a purse of \$50.

SMART BOXER

La Barba, one-time Olympic boxing champion and "professional flyweight" titleholder, until he retired to Stanford University, has an edge in speed, aggressiveness and experience. In his final ring before returning to college, La Barba has waged a winning campaign in Australia and western rings. He is a smart boxer with a powerful left hook to the head and body.

As an added spice to the ten-round battle, the New York State Athletic Commission has promised to recognize the winner as the world's bantam-weight champion, the title that has been vacant here since Charley Phil Rosenberg forfeited the crown on the scales in February, 1927.

The two boxers shape up as follows:

La Barba	Chocolate
23	23
118	118
5 ft. 8 in.	5 ft. 6 in.
63 in.	63 in.
14 1/2	14 1/2
38	38
36	36
27	27
12	12
10 1/2	10 1/2
17	17
13 1/2	13 1/2
8	8

C. Belanger Wins

Portland, Ore., May 22.—Charley Belanger, Winnipeg, punched his way to a ten-round decision last night over K. O. White, negro, Chicago. Belanger weighed 175 and White 160 pounds. The tenth round was the fastest of the fight. In this round Belanger staggered White with stiff rights to the face, but in the fourth round the negro crashed over a swinging right to the jaw which rocked Belanger. In the tenth White rallied quickly and Belanger could not land the telling blow.

Rifle Shooting

Competing against the Royal Canadian Navy and H.M.S. Colombo, "B" Company of the P.C.C.L.I., with a score of 693, won the shoot held at Seal's Bay on Monday. Sergeant G. Lawson, with 95, was high man.

The scores were:

Cpl. C. M. Henry	200	500	600	70
Pte. B. Kennedy	32	26	26	80
Capt. G. E. Walls	32	26	26	80

To Look Over Plans For New Grandstand

The sporting public of Victoria will be given an opportunity to look over the new plans for the Royal Athletic Park at a meeting in the City Hall this evening at 7:30 o'clock. Alderman James Adams will preside over the meeting.

Youthful Flash!

—By Jimmy Thompson

Here is a runner who is fast becoming a threat to world records. He is William "Buster" Johnson, of the St. Catharines A.A.A. He is trained by Jimmy Wynne, and since he jumped into the running game in 1926 by running 1,000 yards in 2:31 3-5, has performed consistently and well.

His record for 1928 makes interesting reading. It is as follows: Erie Beach, half mile in 2:02; Toronto Exhibition mile open, 4:39; Toronto Exhibition mile, 4:49; Toronto Exhibition half mile in 2:02; Broadview Y.M.C.A., Toronto, won mile 4:49 and quarter mile in 53 seconds; Hamilton Olympic Club meet, won half mile in 1:59 1-5.

In two weeks' time last year he won seven first and two seconds. This is quite a record for an eighteen-year-old boy, and his trainer promises that he will be out to do big things this year, so keep your weather eye peeled for him.

Will He Make Bid For Crown Left By Tunney?

LIONEL CONACHER

Windsor, Ont., May 22.—Lionel Conacher, Canada's premier all-around athlete, is visitor here. Before his departure he may decide whether or not he will bid for the major sport throne—the seat vacated by Gene Tunney.

Conacher, who is the captain and defence man of the New York Americans in the National Hockey League, was a crack boxer and has ended a definite decline in his boxing career. Conacher is conferring here with one of his earlier coaches, Harris Arde, and when their conference has ended a definite decision as to Conacher's professional boxing aspirations is expected.

Tilden Loses Out In French Mixed Doubles Tourney

Paris, May 22.—Miss Helen Willis and Miss Edith Cross, star California entrants in the women's doubles of the French tennis championships, defeated Miss Lucy Johnston and Miss Rene Pourcade, 6-4, 6-4 to-day and advanced to the quarter finals.

Paris, May 22.—The United States tennis invaders were handed their first serious setback of the French hard court championships yesterday as Bill Tilden and Mrs. May Sutton Bundy were eliminated from the mixed doubles. The veteran U.S. pair fell before the attack of the youthful French team of Miss Simone Barber and Edouard Grandguillot, 6-3, 4-6, 6-4, with Tilden erring frequently.

Miss Helen Willis and Miss Edith Cross, the California women's team, advanced to the second round when their scheduled French opponents defaulted after Madame Danet had failed to appear at the appointed time. Miss Marjorie Morrill of Boston, likewise failed to appear on the court when her Australian partner, Matejka, did not arrive from Berlin.

Wilbur Coen of Kansas City and Edouard Borotra of France weathered the first round.

Leaders' Margin Cut When Wind and Rain Halt Eastern Games

Half a Game Shaved From Lead of Yanks and Athletics in American Baseball League When Detroit and St. Louis Both Win While Others Are Idle; Cubs and Cardinals Continue Close Race, Both Winning; Indians and Tigers in Gruelling Thirteen-inning Battle.

Winds such as might have accompanied a Dakota blizzard moistened by rain from the sea, whipped up and down the Atlantic seaboard yesterday with the result that the eastern half of the major league campaign was halted in its tracks. The St. Louis Browns and Detroit Tigers seized this opportunity to shave half a game off the lead of the Philadelphia Athletics and the New York Yankees, each winning from a western opponent, while the Chicago Cubs and St. Louis Cardinals joined in scoring triumphs which maintained the close struggle in the National League.

BRENTWOOD TO MEET J.B.A.A. CREWS FRIDAY

College Fours, Doubles and Singles to Row Against Oarsmen at Gorge

Novice Races Promise Keen Competition; Moses and Ditchburn in Doubles

Brentwood College oarsmen will race J.B.A.A. crews at the Gorge on Friday in one of the feature sporting events of the May 24 celebration. The regatta will start at 2:30 o'clock.

Three boats, four, doubles and singles from Brentwood will try copulations with the Bays over the mile course. All races will finish in front of the J.B.A.A. clubhouse.

Jack Craine, Ray Ditchburn, McLachlan and Smurthwaite will row against the Brentwood four, Spencer, Ferris, Elmo and Malkin, in one of the feature events on the programme.

Any advantage the Bays might have through larger rowing membership than the Brentwood club should be offset by the longer period of training the visiting crews have had at Brentwood.

Last year the locals won the majority of events against the college boys, but on Friday, with their training advantage, Brentwood hope to reverse the decision.

In addition to the races between representatives of the two clubs, there will be a club four event, a novice race and outboard motorboat competitions.

PROGRAMME

The complete programme, with the different crews, is as follows:
J.B.A.A. (four)—Crane, Ditchburn, McLachlan and Smurthwaite versus Brentwood (four)—Spencer, Ferris, Elmo and Malkin.
First heat, club fours—Askey, Wells, Scott and Newmar versus Heron, J. Horne, A. Walls and Smith.
J.B.A.A. (doubles)—Moses and Ditchburn versus Brentwood (doubles)—Deane and Sharpe.
Second heat, club fours—Crane, Hunning, Morris and Smurthwaite versus Moses, Oliver, Bull and Ditchburn.
J.B.A.A. (single)—McLachlan versus Brentwood (single)—Pratt.
J.B.A.A. novice race (fours)—Post entries.

Final club fours.

Outboard motorboat races, staged by W. Adams, between events.

The officials in charge of the meet are: Starter, D. O'Sullivan; finish judges, C. Jones and C. Sanson; referee of course, A. Cox; announcer, C. Sanson; stewards, C. Mallandaine and K. T. Hughes.

BUICKS ARE EASY WINNERS

Score Eleven Runs in Sixth and Swamp Dodge Base-batters 22-8

When they unloosed a batting rampage in the sixth inning which netted them eleven runs, the Buicks baseball nine were easy winners over the Dodgers in a Garage League fixture played at the Royal Athletic Park last night.

The score was 22-8.
The score was 5-5 at the end of the fifth, but the sixth session, split disaster for the Dodge crew. Through this defeat the Dodgers are sole occupants of the cellar.

Mrs. Richardson Wins Competition

Mrs. J. H. Richardson was the winner of the tombstone competition held by the ladies of the Colwood Golf Club yesterday afternoon. Allowed 100 strokes, Mrs. Richardson "died" six inches from the cup on the eighteenth hole. Mrs. Edith Watson was second.

VICTORIA GOLF CLUB

The mixed foursome competition to be played at the Victoria Golf Club on May 24 will consist of eighteen holes and medal play instead of two rounds eclectic, as previously announced.

Although the Pirates outlit the men of McCarthy by 13 to 9 at Chicago, the Bruins so bunched their hits that a victory was entered into their record by a score of 9 to 6.

Grover Alexander flashed another fine game at Cincinnati and the Cardinals triumphed by 12-1.

With the New York Giants bogged down eight games from the lead, it now seems that the National League fight will remain a Chicago-St. Louis affair over at least the first half of the route.

The Browns defeated the Chicago White Sox 7-1 behind the fine pitching of Alvin Crowder and regained a virtual tie with the Yankees.

The Cleveland Indians, with Willis Hudlin in the box, forced Owen Carroll and the Tigers to go thirteen innings before a Tiger victory was achieved and even then the Detroit forces had to have the help of an error to win the game 2-1.

NATIONAL LEAGUE

At Chicago	R. H. E.
Pittsburgh	13 4 3
Chicago	8 9 1
Batteries—French, Brane and Hemmley; Ovenson, Horne, Root and Gonales.	

At Cincinnati	R. H. E.
St. Louis	12 14 1
Cincinnati	1 7 2
Batteries—Alexander and Wilson; Kolp, Ehrhard, Kenner, Guda and Dixon.	

New York at Brooklyn, postponed double-header—rain.
Philadelphia at Boston, postponed—rain.

AMERICAN LEAGUE

At St. Louis	R. H. E.
Chicago	1 10 2

Sir James Douglas Leads In School Sports

Boys Gain Margin In Field Events; Track Meet For To-morrow

Hundreds of Young Athletes Will Take Part in Annual Contests at Willows Track; Jumping and Tug-of-war Trials Concluded With Moss Street School Boys and Central School Girls in the Lead.

With hundreds of youthful athletes from all the city schools competing, the annual sports meet at the Willows to-morrow promises to be one of the finest in school history. A programme of forty-one events will be staged with boys and girls of all public school ages in competition. The first event will be run off at 2 p.m.

Taking one first place, one second and two thirds, Sir James Douglas led the city schools in the boys' field trials held on Monday and Tuesday. The leaders scored a total of seven points, while Boys' Central came second with five. George Jay and Victoria West tied for third place with four points each.

In the girls' division, Girls' Central took first place in two events to gain

a total of six points to take first honors in the field events.

JUNIOR JUMPING

Jumping four feet one inch, Harry Tivy, George Jay, won first place in the boys' under fourteen event. He was closely followed by Roy Hurdle, Sir James Douglas, and Fred Dwyer, Oaklands, who came second and third respectively.

EQUALS BOYS

In the high jump for girls under fourteen, Olga Schwengers, Girls' Central, equalled the mark set by Harry Tivy to take first honors for her school. Ruth Haynes, North Ward jumper, came second, with Nancy Boyd, Model School, and Hilda Booth, Oaklands, tying for third place.

Bill McCulloch, high jump ace of Sir James Douglas, cleared the bar at four feet, ten inches, to gain a win for his school in the open event. J. Mason, Boys' Central, jumped four feet, eight and one-half inches, to gain second place, while Yuen Wong, George Jay, went over the bar at four feet, eight inches, and took third honors.

THE FOR FIRST

In the open high jump for girls, Beatrice Hutchison, Burnside, and Joyce Finch, Girls' Central, both cleared four feet three and one-half inches and divided first honors. Edna Bourne, South Park jumper, was third with a height of four feet, one inch. Sailing through the air fourteen feet five inches, F. Thorsen, Boys' Central, annexed first laurels in the boys' under fourteen running long jump. Victoria West came second, with its jumper, V. Okell doing fourteen feet, two and one-half. Murray Patrick, Sir James Douglas, was third, two and one-half inches behind the second man.

ADDITION WINS

Joseph Addison, North Ward, carried the boys' open hop-step-and-jump by covering thirty-six feet. Albert Geoghegan was second, two and one-half feet behind the winner, while George Warren, Sir James Douglas, came third with thirty-three feet.

As a result of the tug of war elimination contests, Sir James Douglas, Boys' Central and Esquimalt will pull-off for the school championship at the conclusion of the track events at the Willows to-morrow.

SPRINT FEATURES

Sprints promise to be a feature of the meet. The youngsters have been training consistently for their different events and should show good form in the races.

Besides the running events, spectators will see an thrilling contest in the bicycle division, when the different school representatives circle the oval in the various races.

Golf Goat Getters

COPYRIGHT, 1929 BY SEA SERVICE INC.

BY VERN WICKHAM

The little pest standing on the edge of the trap, counting "four, five, six," as you labor in the sand pit, is committing one of the worst offences known to the land of greens and fairways.

His walking over to watch you as you stroke your way out of the deep trap, is almost over the boundary line between good and bad form, but his counting around your strokes can never be forgiven.

The player has the right at any time

to know how many strokes his partner has taken, but he should have the common courtesy to ask for that information.

Here is the rule: "A player is entitled at any time during the play of a hole to ascertain from his opponent the number of strokes the latter has played; if the opponent gives him the wrong information as to the number of strokes he has played, he shall lose the hole, unless he correct his mistake before the player has played another stroke."

So you see you can find out at any time just how many shots your partner has taken and it isn't necessary to stand around watching and counting for him. To count his strokes aloud is an indication that you don't trust him. Don't stand over him when he is in trouble as if gloating over his misfortune. You may be in the next trap.

Old Country Cricket

London, May 22.—Cricket results yesterday: Middlesex defeated Sussex by 7 wickets. Surrey was defeated by Nottinghamshire by 8 wickets. Somerset defeated Hampshire by 197 runs. Worcestershire won from Essex by 42 runs. Derbyshire defeated Warwickshire by 147 runs. Kent defeated Gloucestershire by 8 wickets. Yorkshire defeated Lancashire on the first innings. Leicestershire won on the first innings from Northamptonshire.

Bobby Jones on Golf

In the clubhouse of the Royal and Ancient Golf Club at St. Andrews there is a rather spacious room where walls are lined with cases containing a marvelous collection of golf clubs. Some of them are very old and of much historical value. Others are interesting as oddities—of freak design intended to overcome some particular difference which the golfer encounters. Examining the old clubs one is impressed by their clumsy construction compared to the modern implements of the game. Monstrous grips, very soft shafts, and long ungainly heads are characteristic. But there is not very radical difference in fundamental design. The refinements are not there but the difference is scarcely as great as that between the gutta percha and the rubber cored balls.

The freak clubs, on the other hand, are astonishing. As you look at them you wonder how any person could have conceived half of them to be of any practical value. For example, one is a small niblick with a hole of about the size of a quarter in the centre of the blade—the idea being to facilitate the passage of the club through the sand of the bunker and so make easier the extrications of a buried ball. Another, a mid-iron this time, equipped with a broad sole with ribs over a quarter of an inch high. These ribs were intended to grip the ground and prevent any turn of the face as the club came into contact with the ball.

CONVENTIONAL CLUBS

I have mentioned only two of the collection. There are many more, all the result of a continuous effort to find some method of accomplishing what the golfer cannot accomplish for himself. A good many similar clubs have been designed which are not represented in the Royal and Ancient collection. Yet not one of them has ever met with any particular favor, either because they serve only one purpose or because—and this is usually the case—they are not good for anything. Until someone finds a club which will swing itself even the roughest duffer will be better off to accept the well constructed conventional clubs and do his best to learn to use them.

This effort to improve the player's score by mechanical means has found expression in another way. It is possible to procure some sort of equipment which will prevent almost any known fault. There is a sort of glove affair which insures a proper grip; sleeve which will keep the left arm perfectly straight, a harness which prevents lifting the head, and so on. Conceivably by wearing them all a person could not fail to play perfect golf. But the trouble is, the thing just won't work that way. The golf stroke has not yet become so standardized that it is possible to lay it out upon an exact plot, without making some allowances for physical difference between this man and the next.

CHANGES ARE SLOW

Whatever improvement has been wrought in golf clubs, and it has been considerable, has been done by a careful and sensible improvement in the methods of construction. This is only natural as experience added to the skill of the manufacturer, and this,

material or type of construction was found to be superior to the old. But no innovation or freakish design has been accepted as a part of a standard golf club. The change in the ball made necessary certain differences in the size of the grip, the material of the face, and the strength of the shaft. But aside from these features and the gradual refinements which have been made, the golf club of today is substantially what it was fifty years ago.

The player who relies upon a freakish club to do something for him or who expects to find a key to golfing success in some sort of appliance to strap on his body, is doomed to disappointment. He will make much more rapid progress if he will procure a good set of ordinary clubs and go to his pro. for instruction. (Copyright, 1929, by the Bell Syndicate, Inc.)

MANY BEGINNERS LEARN TO SWIM

Seventy-five Per Cent of Classes at Y.M.C.A. Pass Practical Test

Approximately seventy-five per cent of the school boys who entered the "Learn to Swim" drive held at the Y.M.C.A. during the last six days, swam after their final lessons to-day. Having been instructed in the arm and leg motions and taught to have confidence in the water, the youngsters first tried a plunge from the tank steps across the pool, swimming as they went.

They were then lined up with their backs against the side of the tank, and were told to swim across. With a very few exceptions, the youngsters completed the distance.

Some of the more venturesome boys attempted to swim the length of the tank. About eight, in each group of twenty were able to go the sixty-feet, while virtually all swam over half way.

The first division completed its course to-day, but another will start lessons in swimming next Monday. Archie McKinnon, Vivian Shoemaker, and John Foubister, who undertook the work of teaching the boys to swim, are to be congratulated on the success they have achieved thus far in their campaign.

Varsity Nine To Play Here On Saturday

Word was received to-day by Walter Miles, president of the Junior Chamber of Commerce that the crack University of Washington baseball nine would be here to play an all-star team representing the Victoria Senior League at the Royal Athletic Park on May 25, at 6 o'clock.

Until this morning definite arrangements had not been made, but a wire from the Varsity manager, informed Mr. Miles that the team would come over for the game.

The Seattle nine has been playing good ball all year and will undoubtedly give a good exhibition against the local boys.

VICTORIA TENNIS CLUB

Providing sufficient entries are forthcoming an American mixed doubles handicap tournament will be played on the courts of the Victoria Lawn Tennis Club on Friday afternoon, May 24, commencing at 2:30 o'clock. Members may enter any time up to Thursday evening by posting their name on the entry list at the clubhouse.

MacDonald Says Britain Will Have Labor Ministry

Manchester, Eng., May 22 (Canadian Press Cable).—The loss by the Government of two seats in Parliament through the acclamations in Fermanagh and Tyrone, Ireland, Monday of two Irish Nationalists in former Conservative seats was remarked on by Right Hon. Ramsay MacDonald, Labor leader, when he began his tour of Lancashire yesterday with a speech at Colne. He has just concluded a 1,400-mile tour of Scotland.

"That is only a forerunner," the Labor leader declared. "I am perfectly certain Labor is going to be charged with the government of this country."

COUNCIL SANCTIONS REDISCOUNT RISE

New York, May 22.—Resort to a six per cent. rediscount rate, the highest since post-war deflation days, was sanctioned yesterday by the Federal Reserve Council. No word was forthcoming, however, from the Federal Reserve Board on whether such an increase had been or would be authorized. The recommendation of the council, composed of members from the twelve Federal Reserve districts, was delivered to the board, which alone has power to order rate increases, at a joint meeting of the two bodies.

UNIVERSITY INQUIRY IS REPORTED

(Continued from page 1)
tions, the nature of which has not been disclosed, apart from the fact that they relate to the handling of university moneys.
Mr. Daykin's appointment as a special commissioner to investigate the sale of Government lands in the university subdivision was made to give the Cabinet some accurate idea of how this work is proceeding. The Government wants to find out accurately when the university lands, which were set aside for this purpose, are likely to be able to carry the cost of the institution, if ever.

Every Woman Should Know the comfort and security of

Kotex; the New and Improved Sanitary Napkin

True comfort during times of hygienic distress, because Kotex fits like a garment and is easy to adjust. Wonderfully soft and pliable, and exceedingly absorbent.

Absolute security and safety, ensuring freedom from worry. It deodorizes by a patented process.

Kotex protects against serious consequences that so often follow when proper care is not taken. Doctors and nurses advise Kotex.

No embarrassment when buying. Just say Kotex at any drug, dry goods or departmental store. Regular size 60c. for box of a dozen. Super-size 75c. Directions in every package.

5 Features of the New and Improved Kotex

1. Softer gauge ends chafing. Pliable filter absorbs amazingly.
2. Corners are rounded. No evidence of sanitary protection.
3. Deodorizes—safely, thoroughly by a new and patented process.
4. Adjust to your needs—thinner, narrower, as required.
5. It is easily disposed of. No unpleasant laundry.

VOTE IS TAKEN ON SALES TAX

Commons Does Not Accept
Suggested Ending of Charge
on Clothing

Ottawa, May 22.—An amendment calling for abolition of the sales tax on clothing and boots and shoes, moved in the House of Commons this afternoon by L. D. McDougall, Conservative, Inverness, N.S., to a motion for third reading of the Special War Revenue Act Bill, was rejected by 111 votes to 84 following a short debate.

The amendment read:
"In the opinion of this House, the application of the sales tax in respect to personal clothing, boots and shoes places a heavy and unnecessary burden on the people of Canada and should be discontinued forthwith."

GIVES HIS VIEWS
The sales tax was essentially a war measure, which, however it may have been justified in 1919, was not justified to-day, said Mr. McDougall. The fiscal year had resulted in an enormous surplus, with a surplus shown on the national bookkeeping of \$69,000,000. All elements of the Canadian people were devoting themselves to-day to pursuits of peace. Under these circumstances, the sales tax lingered on the stage of national finance and should be completely abolished, he thought.

He did not ask for total abolition, however, inasmuch as the Finance Minister had declared \$40,000,000 of the national surplus was required to retire maturing obligations. The sales tax revenue had totaled \$71,000,000, and any request for elimination of the course would interfere with his maturing plans.

A total of \$7,000,000 was affected in his amendment, the sum being derived from commodities which entered directly into the family budget of the poor people, he said.

THE DIVISION
The division found all the Conservatives in agreement with Mr. McDougall, but the remainder of the House, including the U.F.A., Progressive and Labor members, joined with the Government supporters against it. The announcement of the large majority was greeted with cheers from the Liberal ranks.

When they detrained from their C.P.R. special at 8 a.m. to-day the Australians were greeted by Hon. R. L. Maitland, representing the Province, and E. W. Dean, representing the city.

J. S. Gordon, superintendent of schools, J. D. Todhunter, president of the Vancouver Rotary Club, Stuart Davidson, who was a member of the Canadian Cadet party which visited Australia in 1912, and many others.

GUESTS OF CLUB
The boys were guests of the Vancouver Rotary Club at breakfast.

They were formally welcomed to Vancouver by Tom Brown, the British Columbia Boy Scout chosen to attend the great Empire jamboree in London this year. Members of the Australian party responded.

Royal Canadian Mounted Police, Boy Scouts and Cadets joined in the ceremony at the Cenotaph on Victory Square, where the Australians formally deposited a wreath.

FATHER DENIES HE WAS
CRUEL TOWARD BOY
(Continued from page 1)

the press had represented the Grisenthwaite home as being one of semi-starvation. Counsel contended his client may have been guilty of an error of judgment, but certainly not of cruelty. Through the mental condition of his wife, Grisenthwaite had suffered much during the last few years, Mr. Lyons pleaded, and was deserving of the pity instead of condemnation of the court.

FATHER TESTIFIES
Grisenthwaite, testifying in his own defence, admitted he had tethered the boy with a steel dog chain to a block of wood on Thursday and Friday last, while he was away at work. The chain was locked about the boy's leg in the morning and revolved in the evening when the mechanic returned.

The accused said he had experienced much trouble with Billy. The youngster often ran away, frequently lied to him and at different times stole amounts totaling \$5. The chaining was in the nature of a punishment, the witness stated, and was also to keep the boy from wandering. He feared Billy might be run over by an auto.

Grisenthwaite added that his wife, owing to her mental condition, was incapable of looking after the house or the children.

DID HOUSE WORK
He did all the cooking, washing, mending and other household chores. Mrs. Grisenthwaite's ailment was due to an attack of influenza, followed by

meningitis, which she had suffered some years ago, he said. He had appealed to a doctor to have her committed to an institution, but the physician had told him she was not "insane enough" to be confined to an asylum, the accused testified.

Reason to Agree
"There ought to be only one head to every family," declared a man at the club.

"That's true," agreed a little chap, making figures on a piece of paper.

"You agree, do you?" asked the first man with a smile.

"Indeed, I do. I've just paid for hats for nine daughters."

New York state has one-seventh of all the nervous and mental patients of the United States and it has two one-sevenths of the total of all types of hospital patients.

measles, which she had suffered some years ago, he said. He had appealed to a doctor to have her committed to an institution, but the physician had told him she was not "insane enough" to be confined to an asylum, the accused testified.

Submarine Lifted From Bottom of Sea

Colon, Panama Canal Zone, May 22.—For the first time in the history of the United States, a navy submarine and its crew were raised from the bottom of the sea. On May 17 the S-11 went down in Panama Bay to a depth of eighty-seven feet, was found by the submarine S-12, and was raised by the rescue ship Mallard a few hours after going to the bottom.

Naval officers here were so impressed with the demonstration that they said no disaster such as followed the sinking of the S-51 or the S-4 was now possible.

The S-12 caught the signals just one hour after the first call from the S-11, then the rescue ship Mallard started for the spot and sighted air bubbles at 10.30 a.m. Twenty-five minutes later a grapple had been hooked on to the sunken submarine.

A diver went down and hooked up a salvage air hose, ready to blow out any compartment, including the main ballast tanks. He returned to the surface and eight minutes later the Mallard started to blow water out of the S-11.

Within an hour the submarine broke water at the surface of the bay.

TUNNEY LETTING HIS
ATTORNEYS WORRY ON
SUIT
(Continued from page 1)

was decided there was nothing to the claim.

FULLY INVESTIGATED
Tunney's attorney, George W. White, issued this statement:

"Numerous threats of this kind have been made in the past by the woman, culminating in very insistent demands on her part and threats of damaging publicity immediately before Tunney's last fight for the heavyweight championship.

"At that time a very thorough investigation of her claims was made and they were found to be without the slightest merit."

AFFIDAVIT QUOTED
"Neither she or her claim can at this time be dignified by further comment on my part other than to publish the following affidavit made by her in the presence of my lawyer on July 24, two days before the championship fight:

"I, Katherine King Fogarty, being duly sworn, depose and say: I made the acquaintance of John (Gene) Tunney in Hot Springs in October 1924. Our relations at all times thereafter were such as in no way to cast the slightest criticism or discredit upon him.

"I have no claim upon him of any kind and never did have. I had hoped to continue to enjoy his friendship, but he no longer seems possible for either of us.

"In the past I have said things about him to my lawyers that I now deeply regret, because I know of nothing and could say that would cast the slightest discredit upon him, and should my name ever be used with or without my knowledge in the future in any way to reflect in the slightest manner upon him I wish to make this solemn declaration, under oath that he is under no obligation whatsoever to me and never was and that his character and conduct to my knowledge are of the best."

Mrs. Fogarty, who formerly lived in Fort Worth, Texas, now makes her home in San Carlos, where she is the clerk at the hotel to-day said she was out of the city and that neither her whereabouts nor the time of her return were known.

DIVORCED IN 1925
Her first husband was E. K. King. They separated and after his death she married John S. Fogarty, a plumbing contractor of Fort Worth, from whom she obtained a divorce in 1925. She has a ten-year-old son.

In her complaint she charges that five days after she had obtained her divorce from Fogarty, she accepted a proposal of marriage from Tunney.

The complaint avers that thereafter he again proposed and that she "is now willing to comply with the request."

The document further sets forth that:

"Tunney later married a certain other person. Since that marriage the plaintiff has been in a highly nervous state and in seclusion."

Reason to Agree
"There ought to be only one head to every family," declared a man at the club.

"That's true," agreed a little chap, making figures on a piece of paper.

"You agree, do you?" asked the first man with a smile.

"Indeed, I do. I've just paid for hats for nine daughters."

FOREST FIRES ARE FOUGHT

Destruction Reported in
Northern Prairie Districts

Winnipeg, May 22.—Forest fires, considered a week ago to have been conquered, are again a menace. From northern Manitoba and Saskatchewan come reports of timber lands and prairie stretches once more laid waste.

Settlements at Christopher and Emma Lake, thirty miles north of Prince Albert, are the centre of trouble in northern Saskatchewan.

Manitoba's most dangerous blaze raged at Ruby Lake, where a tract of timber in the vicinity of Hudson Bay Junction was destroyed.

COTTAGE DESTROYED
City owners of summer cottages at Christopher Lake experienced relief when it was announced that only one of a group of frame cottages had been burned by the flames. It was stated, however, that the Emma Lake district, nearby, had been swept by the wind-fanned conflagration.

Saskatchewan fires were also reported from Steep Creek and the Candle Lake country along the Torch River, as well as from the Pasqua and Fort La Corne reserves. Squads of firefighters were dispatched to each area, close to 100 men in all being hurried to the districts.

FIRE AREAS GROW
Northern Manitoba is laboring under the worst year for forest fires in a decade, according to Patrick Labonte, fire ranger at The Pas. Besides the Ruby Lake conflagration, other Manitoba fires are gaining strength in the Carrot River district, near The Pas and near Mile Forty-five. Labonte's squad extinguished a fire at Mile Forty-eight which had covered eight sections of territory.

A prairie fire north of Stony Mountain carried destruction to one farmer's home and leveled quantities of hay, but a day had been fought back to bog land and into submission.

PARADE LIST SHOWS
WHERE TO ASSEMBLE

Section 2—North side of Yates from Cook Street intersection east. J. Walker in charge.

Section 3—South side Yates Street, from Cook Street intersection east. H. Lethaby in charge.

Section 4—West side Cook Street, south from Yates Street, heading north. T. Lampman in charge.

Section 5—West side Cook Street, north of View, heading north. T. Lampman in charge.

Section 6—Both sides of Cook Street north from Yates Street, heading south. P. Balagano and F. Findlay in charge.

Section 7—East side Cook Street south from Yates Street heading north. T. Lampman in charge.

Section 8—East side of Cook Street north of View Street, heading north. T. Lampman in charge.

Sections 9 and 10—West side Vancouver Street, north from Yates Street, heading south. Cecil May in charge.

Section 11—West side Vancouver Street, north from Yates, heading south. Cecil May in charge.

Section 12—East side Vancouver St., north from Yates Street, heading south. Cecil May in charge.

Section 13—West side Vancouver St., south from Yates Street, heading north. W. E. Speed in charge.

Section 14—West side Vancouver St., south from Yates Street, heading north. W. E. Speed in charge.

Section 15—East side Vancouver St., south from Yates, heading north. W. E. Speed in charge.

CITY TO BE ILLUMINATED FOR MAY 24

(Continued from page 1)

Miller, P. C. Gibbons and Richard Wilson. Mayor Frank Edwards and party will fly from Seattle to this city. Mayor J. A. Kellogg and party of Bellingham will be on hand, while Tacoma will send Mayor J. G. Newbegin and party.

From the school sports on the afternoon of May 23 to the final whistle in the last game of the sports programme of May 25, guests of Greater Victoria will have twenty-one entertainment features to choose from in the three-day programme.

The parade, bright with uniforms and bands, will be a full mile in length while the Whippet Derby at the Willows and the "Night of Mystery" at the Crystal Garden will be other highlights on the programme, reproduced in ready reference form elsewhere in this issue.

Fireworks specially prepared by the Hitt Fireworks Company will flash out after dusk on May 24, closing with a patriotic set-piece on a large scale plan.

Though school children will not march in the parade in their classes this year the school trustees and teaching staff have gone to great pains with the separate entertainment to be staged on the evening of May 23, when Queen Clare will be crowned, to reign over Victoria's Maytime court of carnival and fun.

Large numbers of out-of-town guests are expected from the mainland, on both sides of the border, while Island trains and roads will carry an additional quota.

CO-OPERATION SHOWN
The big celebration took the united efforts of close on 100 people, working under the auspices of the Junior Chamber of Commerce, and with the assistance of women's organizations, service clubs, naval and military commands and numbers of private citizens, to say nothing of the efforts of merchants and business circles who shouldered much of the work of actual exhibits to be in the parade.

The city police, marshaling the parade with the assistance of outsiders from the Victoria Motorcycle Club, ask all spectators to keep their places on the curb and off the streets while the parade is on; and special arrangements are being made by the B.C.E.R. to handle holiday crowds with efficiency.

The traffic company's plans include a quick transfer of thousands from Beacon Hill, after the parade, to the Willows to see the rest of the fun on the afternoon of May 24.

With final details complete, nothing now remains to mark an outstanding success of the plans, save the indulgence of the weather gods for the three-day holiday period.

Stumped the Walter
A deaf man went to a restaurant with a friend.

Walter—What will you have to eat, sir?
Friend—Nothing.

Walter—(to deaf man)—And you, sir?

LUSCIOUS SHREDS ... FRESH!

Only finest coconuts from selected tropical groves are used in the Baker special process—a process that keeps all the rich, full flavour of the coconut deliciously fresh for you. In packages, tins, and by the pound. We'll tell you how to make Tropical Gingerbread. Write for free recipe booklet to Franklin Baker Ltd., Sterling Tower, Toronto.

BAKER'S COCONUT

Notice to Contractors
Tenders for Oak Bay High School

Tenders for a Frame and Stucco Building to be erected on Cranmore Road, Oak Bay, B.C.

Tenders will be received at the offices of the Architects on or before the thirty-first day of May, 1929, at 9 a.m. o'clock.

Separate tenders will be received for plumbing, heating and electrical work. Drawings and specifications may be seen at the offices of the Architects to the Oak Bay Board of School Trustees.

The lowest or any tender not necessarily accepted.

Successful tenders will be required to furnish bonds acceptable to the Board of School Trustees of Oak Bay, of ten per cent of the amount of their tender to assure the successful completion of their contract.

SPURGIN & SEMEY, Associate Architects, 424-6 Sayward Building, Victoria, B.C.

Chance Proposition
Member of Anti-gambling League—I will not say I have never gambled. I once bought a ticket in a raffle for my wife.

Member of Audience—So that's how you got her, is it?

Everything Has One
Editor—No, I don't like your joke. Contributor—Ah, but wait till you hear the theme song that goes with the joke.

A GOOD BUY FOR \$2,100

MAY STREET—roomy two-story dwelling, with lot 50x125. This house was well-constructed and is in good condition. GOOD BUY FOR \$2,500

PENDERGAST STREET—6-room semi-bungalow. Good basement and hot air furnace. In fair repair. Close to Beacon Hill Park and center of work.
A GOOD BUY FOR \$2,950

B.C. LAND & INVESTMENT AGENCY LIMITED
922 Government Street Phone 2100

YOU CAN SAVE \$800 ON THE PURCHASE OF THIS PROPERTY

WELL-BUILT, ATTRACTIVE-LOOKING house, nicely situated on good street, near the car line and seafarmer in the

FAIRFIELD DISTRICT
Contains 6 rooms (3 bedrooms) and has every modern convenience, including gas service and a new hot air furnace. Garage with concrete runways. This is a complete home in every respect and \$3,500 would be a fair market value. Owner out of the city and has given us instructions to sacrifice for quick sale. It therefore goes to the first offer of \$2,700

A small cash payment will handle and the balance can be paid like rent.
Immediate Possession
If you are looking for a real nice home "just cheap" this is your opportunity.

SWINERTON & MUSGRAVE LIMITED
610 Fort Street

PURSE PRESENTED TO LOCAL PASTOR

Victoria West Congregation Honors Rev. J. S. Patterson on Eve of Holiday

Rev. J. S. Patterson, pastor of St. Paul's Presbyterian Church, Victoria West, who will leave on Monday for a two months' holiday in Great Britain, was honored at a congregational social held in the church last evening. During the evening presentation was made to Mr. Patterson of a purse of gold, and Mrs. Patterson received a beautiful bouquet.

William Sloan, chairman of the board of managers, made the presentation to the pastor, which was accompanied by a letter signed by Mr. Sloan and Mrs. T. Watson, president of the Ladies Aid.

The letter read in part: "The members of the session, also managers, when you requested them

for your extended holiday, granted your request, hoping that under the guiding hand of our Heavenly Father you would return to us after your rest and change fully restored in health and more than ever work for the Master, whom you have served so faithfully and well for so many years.

We would, therefore, at this time express to our gratitude and appreciation for your devotion and consecration during the years you have been among us, and we are sure it is the earnest prayer and desire of each one that you may be long spared to labor and work among us.

"We would not forget your partner in life, Mrs. Patterson, who we believe has been a great help to you and also in the different branches of the church work, especially in the service of praise, where she has always been willing to assist, and we hope and pray that you will be long spared to labor and work in this part of the vineyard with us, and that the Lord's richest blessing will come upon you and all the members of the family, and that all on that day when the Master comes for his jewels, all will be found among those whose names are in the Lamb's book of life, therefore, request you as our pastor to accept this small token of the love and esteem which we, the members and friends of the church, cherish for you. The Lord bless and keep you, the Lord be gracious unto you, the Lord lift upon you the light of His countenance and give you His own peace."

The cordial sentiments of the letter were also supplemented in a brief speech by George McCandless, other members also adding their good wishes. At the close of the evening delicious refreshments were served by the ladies.

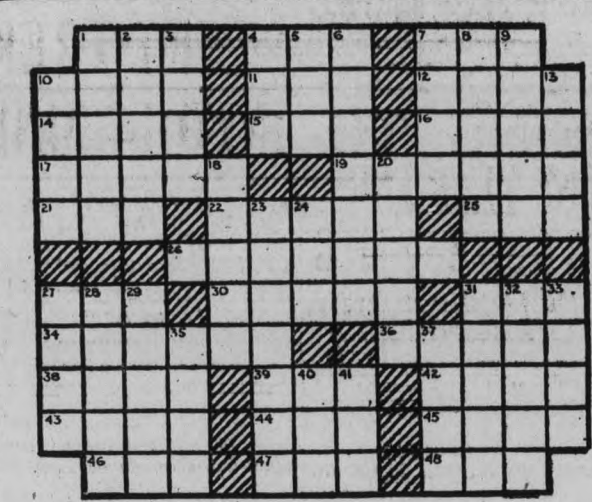

Changed His Mind
Young Husband—I did not marry you for your money you know, rather in spite of it. Money does not make happiness, in fact, the less money the more happy.

You Wife—Then, darling, we shall be wonderfully happy. Daddy went bankrupt yesterday.

Dead or Alive
"What are ya drinkin'?"
"Northwest Mounted."
"What's a mounted by Northwest Mounted?"
"It always gets its man."

"I have tickets for the theatre."
"Good, I will start dressing at once."
"Do, dear; they are for to-morrow night."

STEADY HYDRO-ELECTRIC EXPANSION IN WESTERN PROVINCES IS FORECAST

There is every indication that from now on the programmes of hydro-electric development in Western Canada will become of steadily increasing importance in the Dominion aggregate, says a report on western Canada hydro-development received by the Victoria Chamber of Commerce.

The waterpower resources of western Canada are only beginning to receive anything like adequate attention, says the report. Since 1921 only 479,535 h.p. has been added to the turbine installation in Canada's western provinces, when an installation of 550,300 horsepower was accomplished in the Dominion, a volume equalled only once in former years, new installations in British Columbia and Manitoba accounted for approximately twenty-five per cent of this.

Waterpower possession and potentially loom up of steadily increasing importance in Canada's western provinces. The industrial stirrings of this vast territory which are becoming more and more evident are closely allied with the development of electrical energy and the great mining industry coming into being intimately tied up to it.

RESOURCES IN WEST
A misconception as to the potentiality of hydro-electric expansion in Western Canada is possible owing to the relatively small part of Dominion installation the territory has accounted for in the past. While, however, the waterpower development of Western Canada appears small in comparison with that of Ontario and Quebec, the resources of the area rank very favorably with those of the older provinces.

Available twenty-four-hour power at ordinary six months flow in Manitoba is 5,544,500 horsepower, in Saskatchewan 1,062,000 horsepower, and in Alberta 1,040,500. Of these resources in the four provinces there was at the opening of the present year but a total of 901,248 horsepower developed or just over seven per cent of the total power available. This gives some idea of the enormous scope for utilization in the territory.

Overseas League
DOING FINE WORK

R. W. Lisle Carr, Commissioner, Here to Enlist New Members

R. W. Lisle Carr, traveling commissioner of the Overseas League, has arrived in Victoria in the course of a Dominion-wide tour and will address a meeting of the local branch and of all others interested, at Spencer's private dining-room to-morrow afternoon at 4 o'clock.

Mr. Lisle Carr, who is a son of the Bishop of Coventry, has traveled extensively as a member of the East African civil service and has resided in Uganda, Kenya Colony, Tanganyika and Zanzibar, and his journeyings throughout the world have proved to him conclusively the value of the Overseas League as a medium for the promotion of unity between British subjects throughout the world.

HAS 40,000 MEMBERS
To date the league has 40,000 members, and Mr. Lisle Carr hopes that this number will be materially increased as a result of his visit to this Dominion.

To a Times representative this morning he explained something of the purposes of the league which, briefly, are: First, to draw together in the bond of comradeship British subjects the world over; to collect and distribute information regarding the natural resources and openings for trade throughout the British Empire, much valuable information of this kind having been given to Britishers contemplating settlement in Canada; to send British literature to Canada as an offset to the flood of American magazines; to bring settlers from Great Britain to the Dominion, over 1,000 poor boys and men being helped to come to Canada last year by the league and placed on farms as free laborers; to establish residential clubs in some of the larger cities of the Dominion similar to that now in Halifax.

RAISED \$5,000,000 DURING WAR
The Overseas League was founded on August 27, 1910, by J. Evelyn Wrench. King George is the patron and the Duke of York is now its president. During the war the league raised about \$5,000,000 for war charities among the members and since the war has been carrying on a valuable work in helping to maintain British traditions throughout all parts of the Empire.

Mr. Lisle Carr will be in Victoria until the middle of next week and is a guest at the Public Schools Club.

NEWS IN BRIEF

Convicted on a charge of supplying liquor to an Indian, John B. Wilson was sentenced to three months' hard labor after trial before Magistrate Jay in City Police Court to-day.

Removal of the offices of the Inspector of Municipalities from the frame annex at the corner of Government and Superior Streets to the main section of the Parliament Buildings is proceeding.

R. W. Lisle Car, travelling secretary of the Overseas League, will address members of the Victoria Rotary Club at their weekly luncheon to-morrow in the Empress Hotel ballroom. His subject will be one relating to Empire Day.

Hon. F. P. Burden, Minister of Lands, and Hon. William Atkinson, Minister of Agriculture, have left on an extended tour of the Province. They will travel together as far as Prince George. W. H. Gaddes, Colonization Commissioner, will accompany Mr. Atkinson.

Tenders on three contracts were opened by Hon. W. McKenzie, acting Minister of Public Works yesterday. Bids called for the construction of a residence for the district engineer at Williams Lake, for a two-room school at Williams Lake and for a farm house across Beacon Gulch, Marine Drive, Point Grey.

The Aztec Social Club is staging its second annual dance and supper on Friday night at Langford Lakeside. The event is known as the Aztec Fric. The hall at Langford has been enlarged and the floor will now accommodate about 300 dancers. It is announced by the committee. The music will be supplied by Fred Pitt's orchestra.

A degree absolute of divorce was granted by Mr. Justice W. A. Macdonald in Supreme Court to-day to Marion Isabel Deane-Freeman, petitioner from Edward Deane-Freeman, respondent. The mother was granted custody of a four-year-old boy, and the father was given custody of an elder boy.

The regular monthly meeting of Court Canada, Exalted No. 1, Juvenile A.O.F., has been postponed from Friday, May 24, to Friday, May 31, on which date the annual sale of work and a good concert will be held. All Foresters and friends are cordially invited. The meeting will start at 7:30 p.m. and the concert and sale of work at 8:15 p.m.

Without going outside the ranks of their membership for talent, veterans of the 88th Battalion have planned an attractive programme for the third annual reunion banquet to be held to-morrow night at the Chamber of Commerce. Fusiliers from all parts of Vancouver Island and a number from the mainland will attend. The reunion is confined to former members of the battalion or direct relatives of a Fusilier.

A fine of \$15 and a blue ticket were handed to Leslie Donahue, who pleaded guilty in City Police Court this morning to a charge of driving to the common danger. Constable Strong told of following the accused away this morning at thirty miles an hour on Esquimalt Road. Bertram Cooper, charged with driving to the common danger, and Albert Parker, charged with driving to the common danger, were remanded for trial on Wednesday of next week, when counsel will appear in their behalf.

OBITUARY

Mrs. Matilda Frederickson, wife of O. F. Frederickson of Metcoshin and a resident of the district for twenty-five years, passed away this morning aged seventy-five years. She is survived by her husband and two daughters, Mrs. Hilda Roberts, Victoria, and Mrs. W. Crawford, Calgary; one son, Olof Frederickson of Sooke, and three grandchildren, also three brothers, one in the United States, one in Norway and a sister in Sweden. The remains are resting at McCall Bros. Funeral Home pending funeral arrangements which will be announced later.

The remains of the late Mrs. Agnes Gaudin were laid to rest in Ross Bay Cemetery yesterday afternoon, the funeral taking place from Hayward's B.C. Funeral Chapel and proceeding to St. John's Church, where service was conducted by Rev. F. A. P. Chadwick. The hymns sung were "I Heard the Voice of Jesus Say" and "Abide With Me." Among the large gathering attending were many friends. Numerous beautiful floral designs covered the casket and hearse. The pallbearers were H. A. McLean, Dr. H. M. Robertson, Joseph Bridgman, W. A. Patterson, J. A. Dallan and Major R. G. Monteith.

Many friends attended the funeral of Roma Sedgman, which took place on Tuesday afternoon from McCall Bros. Funeral Home, Rev. John Robson officiating. Among the floral bearers were a number of her closest friends. Miss Barron's class of the Normal Model School. Interment was made in the Royal Oak Burial Park with the following as pallbearers: J. Pearce, A. Lambie and L. Lambie, and the late Miss Sedgman, and C. Lewis, a cousin.

The remains of the late Charles Watson, of Vancouver, who was accidentally killed here on Monday, were forwarded this afternoon by the Sands Funeral Chapel to Vancouver for interment.

The death occurred at the Jubilee Hospital yesterday of Thomas Wallace, aged forty-six years. He was born at Sutherland, Scotland, and had resided at Duncan for eleven years. The late Mr. Wallace leaves a widow and six children besides a father and mother, two brothers and one sister in Victoria, one sister in Montreal, one in Prince Albert, Sask., one brother in Scotland and one in New Zealand. The remains are resting at the Sands Funeral Parlor. The funeral will take place at 3 p.m. on Saturday.

Dr. Wm. Gibson
Heads Dentists

The annual meeting of the Victoria Dental Society was held Tuesday evening in the Pacific Club. Dr. Harry Johns presiding. Reports of the executive and committees reviewed the progress made during the year. Reference was made in the president's report to the passing of a valued member of the society, the late Dr. Arthur Humber.

The election of officers resulted as follows: President, Dr. William Gibson; vice-president, Dr. H. Henderson; secretary, Dr. J. C. Foote; treasurer, Dr. A. Webster; executive committee, Drs. Gunning, Russell and Thomas.

SEES CANADA AS WORLD LEADER IN FIFTY YEARS

Optimism Features Address Given Chamber of Commerce By Lt.-Governor R. R. Bruce

Support Urged For Empire Trade; Boy Scouts Praised; Officers Installed

Warmly optimistic of the future of Canada, British Columbia and Victoria, Lt.-Governor R. R. Bruce this afternoon roused fifty members of the Chamber of Commerce to high enthusiasm with an address given at the annual meeting, held at the Chamber of Commerce restaurant.

His Honor congratulated the chamber upon re-election of P. B. Fowler as president for a second term. He remarked that the optimism and enterprise of Victorians had been most notable in recent years, and stressed the benefits of unity. It would be a fine motto for this chamber to adopt. "In unity there is strength," he commented.

Canadian production was now nearly six times as great as before 1914, a fact His Honor considered testimony to co-ordination.

The output of the seaports of Canada was dependent upon the prosperity and development of the interior and he appealed for support towards development of the industries of the interior, the production of new coal and other mines, he had viewed during recent tour of the southern interior of British Columbia.

Production of daffodils on Vancouver Island was a great advertisement, the bulbs being the finest in the world and selling at competitive prices. His Honor appealed for patronage of local products.

A YOUNG GIANT
"Province has been just as generous to us north of the international boundary, may, more so, than it has been to our southern neighbors," His Honor said, declaring chamber members were in all other parts, however remote.

"If anyone had said, ten years ago, that from this coast we would ship 1,000,000 bushels of wheat, he would have said 'take him to Essendine,' he recalled, stressing that increased production in the prairie provinces was closely interlocked with this coast.

"I would appeal to you business men to give as much support as you reasonably can to the work of the Empire Marketing Board of the Old Country. The more we bring from the Old Country the more she can buy from us," he said, commenting upon the trade balances of Canada, adverse with the United States and favorable with Britain.

His Honor praised the Boy Scout movement as training boys in citizenship and declared, "I know no finer thing parents can do for their boys than let them become Boy Scouts."

Hon. Mr. Bruce prophesied that fifty years hence Canada would be the foremost nation in the world, and called attention to the opportunity afforded citizens to-day to advance that position by aiding in creation of a fine citizenship from the boys and girls of to-day.

B. C. Nicholas, thanking His Honor, remarked upon his sincere efforts to advance the interests of British Columbia since his assumption of office. R. W. Mayhew, vice-president, seconding the vote of thanks, agreed with His Honor that an inferior complex had been notable until recently among Canadians.

Mayor Herbert Anscomb administered oaths of office to P. B. Fowler, president, and R. W. Mayhew, vice-president. Alderman James Adams called for volunteer hosts to the party of Australasian trade convention for West Kootenay June 4 the choice is expected to rest among Captain C. S. Leary, former provincial member for Kootenay, D. D. McLean and Frank P. P. P. candidates in Nelson and Creston, respectively, in the last provincial election.

Reports from Nanaimo say very little about aspirants for the Federal Liberal nomination at a convention at Duncan June 5, but C. H. O'Halloran, Victoria barrister, is expected to be put forward. It is said.

Firm's Head Is Killed In Chinese Riot

The killing of the head of the firm in a sudden uprising in Canton, China, was given as the reason why the Victoria firm of Chong Wa & Company failed to attend to the purchase of a trading license for a drygoods business in Victoria this year, when the case was heard before Magistrate Jay in City Police Court to-day.

The sudden death of the president of the company had somewhat disorganized the firm here, and led to the omission, which had since been rectified, stated Robert Yates, for the accused. Costs of \$2.50 were assessed against the firm.

Also charged with failure to secure the necessary trading license the firm of Mah Chong & Company pleaded later rectification of the omission, and was similarly assessed the costs of the hearing, \$2.50. Wilfred Hartley appeared for the firm.

Dr. Wm. Gibson
Heads Dentists

The annual meeting of the Victoria Dental Society was held Tuesday evening in the Pacific Club. Dr. Harry Johns presiding. Reports of the executive and committees reviewed the progress made during the year. Reference was made in the president's report to the passing of a valued member of the society, the late Dr. Arthur Humber.

SATURDAY CHURCH NEWS PAGES WILL CLOSE THURSDAY

Copy for insertion in the church pages of The Times on Saturday will be in the Editorial Rooms before noon to-morrow (Thursday), owing to Friday being a holiday.

ONE YEAR FOR POSSESSING STOLEN GOODS

Frank Wilson Sentenced to Hard Labor; Taylor Given Six Months

House-breaking Charge Ad-journed; Household's Tell of Homes Ransacked

Charges of house-breaking, following a series of complaints of ransacked homes, led to trials in the City Police Court to-day when three accused were arraigned before Magistrate Jay on charges varying from breaking and entering to possession of stolen property.

Frank Wilson was convicted on two counts of retaining stolen goods and sentenced to two terms of six months hard labor, to run consecutively.

Lawrence Taylor, also charged on two counts of having stolen goods in his possession was acquitted of one charge and sentenced to six months hard labor on the other.

A charge of house-breaking was heard against Frank Wilson, Lawrence Taylor and Daniel Bagon. The case against Bagon was withdrawn and the trial of Taylor and Wilson adjourned until Thursday so that additional witnesses could be heard. Bagon testified for the prosecution in two of the hearings dealing with stolen goods.

Witnesses taking the stand in the hearings told of the ransacking of the home of John Dallan, 625 Niagara Street, the entry of premises at 1005 St. Charles Street, and of seeing evidence about other premises at 837 St. Charles Street.

Produced to the court as stolen property was a one-dollar bill, which had been raised to a ten-dollar bill from its original denomination, an empty bottle of Teacher's whisky, an ivory ornament, three keys, and a small box containing other articles. The one-dollar bill, said Detective Stark and Phillips, had been found in the pockets of the accused Wilson, while other articles were found in a stove in a room said by the police to be occupied by Wilson in a downtown rooming house.

The hearing against Wilson and Taylor, on the charge of breaking and entering, was adjourned to Thursday, entering at 1005 St. Charles Street, will be resumed to-morrow.

AGED WORKMAN SEEKS DAMAGES

Vancouver Bricklayer Sues C. and C. Taxi Service For Injuries

Specific damages of \$2,101 and unpaid general damages of \$2,000 sought by Joseph Milholl, bricklayer of 1441 Georgia Street, Vancouver, from the C. and C. Taxi Service of Victoria in a jury trial proceeding before Mr. Justice W. A. Macdonald in the Supreme Court.

J. W. de B. Farris, K.C., and O. J. Boulton appeared for plaintiff and H. B. Robertson, K.C., and H. G. S. Helfstern for defendants.

The aged workman, who appeared in court on crutches, alleges he was crossing the sidewalk in front of the parking stand of the taxi company when a taxicab, driven by a man named "Buck," struck him on the thigh in two places and making his knee stiff. He is prevented from carrying on his work, he claims.

A. S. G. Macgregor, B.C. land surveyor, was the first witness called this morning swearing to a plan he made of the scene of the accident.

Liberal Delegates Are to Nominate

Vancouver, May 22.—Reports from Nelson say that at the Liberal Federal nominating convention for West Kootenay June 4 the choice is expected to rest among Captain C. S. Leary, former provincial member for Kootenay, D. D. McLean and Frank P. P. P. candidates in Nelson and Creston, respectively, in the last provincial election.

Reports from Nanaimo say very little about aspirants for the Federal Liberal nomination at a convention at Duncan June 5, but C. H. O'Halloran, Victoria barrister, is expected to be put forward. It is said.

Dugald Donaghy, vice-president of the B.C. Liberal Association, is to attend the meeting at Duncan and deliver the address of the evening.

McRAE INVITES TEST VOTE IN THE COMMONS

(Continued from page 1)

Speaking from a personal survey of the Peace River country made last year by boat, pack horse and on foot over a distance of 1,500 miles, Gen. McRae estimated that 100,000 acres in that district were available for agriculture. Of that total, 75,000 acres were good agricultural lands on which 45,000 head of cattle could be located, producing a rural population in the Peace River district of about 1,500,000.

General McRae was inclined to think the increase in population which would result outside Peace River would be as great as the Peace River development itself.

"If so," he declared, "2,000,000 people in the Peace River district would mean an addition of 2,000,000 to our population elsewhere, or 4,000,000 in all."

A small fire broke at 911 Hainsford Street at 8:30 o'clock last night led to a run for two engines of the Victoria Fire Department. The damage was negligible, it was reported.

POLICE WILL START TREK INTO BABINE

Expedition Into B.C. Interior Will Occupy Whole Summer

Disappearance of Two Trappers Several Months Ago to Be Investigated

An expedition into the far reaches of the northern interior of British Columbia by members of the Royal Canadian Mounted Police is now in course of organization and will shortly leave for the isolated Babine country.

Inspector T. V. Sandys Wunch is in the city from R.C.M.P. headquarters in Vancouver and is conferring with provincial and federal government officials relative to the trip into the interior which will cover a period of several months. Mounted police officers do their work without courting publicity and newspapermen who interviewed Inspector Sandys Wunch were unable to get him to talk about the big adventure.

Inspector Newson, the officer in charge at Vancouver, was also silent regarding the expedition when called upon on the long-distance phone to-day.

TRAPPERS LOST

One of the reasons for the trip into the northern wilds, it is said, is to investigate the disappearance of two trappers who some time ago were lost in the Finlay River district. They disappeared many months ago and have not been heard from since.

There are other reasons for the expedition but they are not being stated by the police.

The party will penetrate far into the difficult Babine and Stuart Lake territory and will be away for the greater part of the summer. The route to be taken has not yet been disclosed but it will in all probability be from Fort George, on the Canadian National line, by automobile to Fort St. James, on the shores of the great Stuart Lake. The party may even make its way as far as Finlay Forks and Fort Graham before it completes the patrol.

Much hardship is usually experienced on these patrols but the men engaged on them are slaves to duty and invariably accomplish what they set out to do.

SCHOOLS ARE READY WITH PROGRAMME

Massed Choirs, Folk Dancing, Maytime Coronation and Other Events For May 23

An excellent programme in connection with the May 23 period has been arranged for Thursday evening, May 23, by city and district schools, under the auspices of the school trustees. Massed, choirs will be heard in several numbers, while folk dancing and other attractions are also listed.

custody of the superintendent of neglected children.

On the ground that Lee Tai Ying, who is known as Mary Lee and was a waitress in a Chinese restaurant here and resided with foster parents, Lee Shue and his wife, Mark Lee Hall, on Princess Street, was a neglected child without proper guardianship, Miss Edith L. Parsons, judge of the juvenile court, committed her to the care of the superintendent of neglected children. The girl was then removed to a detention home in Victoria.

The jurisdiction of the juvenile court was attacked by Alex Henderson, K.C., and H. R. Bray, who sought Mary Lee's release for the reason that she was over eighteen years of age.

J. B. Melish, who appeared with Gordon Scott for the superintendent, stated Mary Lee was a Chinese slave girl.

"I would stretch my hand

CHAMBER ADDS TO MEMBERSHIP IN ACTIVE YEAR

Never Stronger Financially or
More Solidly Bound To-
gether

Comprehensive Report of
Directors Given at Annual
Meeting To-day

Since the inauguration of the organization the Victoria Chamber of Commerce has never been stronger financially or more solidly bound together than at the present time, the report of the directors presented at the annual meeting to-day stated. After years of struggling in the hope of bettering conditions in general signs of success can be seen.

The comprehensive report deals with efforts directed to port development water powers and the many activities of the chamber for the last twelve months. A busy year is concisely reviewed as follows:

"Since your last annual meeting on June 8, 1928, your board of directors have been active in considering many important matters. Since the inauguration of our organization we have never been stronger financially or more solidly bound together than we are at the present time. For many years we have been struggling in the hopes of bettering general conditions locally, and your directors feel confident that Victoria is at last entering into an era of prosperity which is being enjoyed and appreciated by all citizens in our community."

POWER RIGHTS
"Probably one of the most important matters which your board of directors has considered is the matter of the granting of the water power rights at Campbell River by the Provincial Government. After the whole matter had been given considerable thought, the directors decided to support the application of the B.C. Electric Railway Company."

"The development of the port has also been given considerable attention, and as a result of representations made to the Hon. Dr. King, the Dominion Government has decided to make substantial improvements to the docks at Ogden Point."

"The construction of the Ocean Highway was given very earnest consideration, and it is gratifying to note that the Provincial Government has decided to construct this highway, and is now spending considerable money putting the approaches to the proposed Ocean Highway in first-class shape."

"The Dominion Government's new regulations affecting grise and salmon fishing by sportsmen in certain waters adjacent to the city have been consistently and strenuously opposed. A matter of great importance to the industrial development of this community is in the order of the Board of Railway Commissioners for Canada directing the Canadian National Railway and the Esquimalt and Nanaimo Railway to provide interchange facilities on the Songhees Reserve. This question has received the constant attention of your board for many years and the successful case which we presented to the Board of Railway Commissioners in the face of strong legal opposition is due to the personal time and attention given by your vice-president, R. M. Mayhew, and your past-president, C. P. W. Schwengers. Opposition was registered to the proposal of giving control to the Board of Railway Commissioners in the issuance of capital stock of Public Utility Companies."

WEST COAST SURVEY
"The Dominion Government was petitioned to carry on to a conclusion a survey of the waters of the West Coast of Vancouver Island."

"Every fisherman on the West Coast of Vancouver Island was circulated and told of the facilities in Victoria for the mooring of fishing boats here during the winter months. A reception and public luncheon was tendered to the officials of the British Columbia Coast Service of the Canadian Pacific Railway Company and the officers of the Ss. Princess Norah upon her arrival here from Great Britain. Representatives of your board participated in the inaugural trip of this vessel, visiting points of interest on the West Coast of Vancouver Island."

"Pilgrimage matters have been and still are being given consideration. Co-operating with the lumber interests of the Province your board requested the Dominion Government to consider the granting of a subsidy to shipping carrying products between Canada and New Zealand and Australia, and we have been advised that the Dominion Government has decided to grant such subsidy."

"Certain industrial establishments were assisted in their efforts to secure improvements to the roads leading to their plants."

"Your directors co-operated with representatives of other local organizations in arranging to bring Dr. Frank Bennett to British Columbia to lecture on horticultural matters. "Efforts were made which resulted in the transfer of the Dominion Plant Pathologist from the University of British Columbia at Point Grey to the Experimental Station at Sidney."

CONFERENCES
"Friendly conferences have been held from time to time with representatives of other Boards of Trade, particularly at Duncan, Sooke and Vancouver, at which time matters of mutual interest relative to the commercial problems were discussed."

"In the latter part of 1928 a very successful membership drive was conducted by a special committee, under the capable chairmanship of Fred McGregor. Our request for contributions to a sustaining fund met with a very favorable response from the larger business concerns in the city."

"Many other important matters too numerous to mention were given consideration. Your board of directors held forthrightly meetings and always welcome the attendance of any member of the organization."

"In conclusion your directors wish to express their thanks to every member of the organization for the co-operation shown in rendering assistance during the year in carrying on our many activities."

Augusta, Me., May 22—Incorporation papers of the Great Atlantic Airways, organized at Portland, Me., have been filed at the State Department here. The company is authorized to develop and maintain a regular air service between the United States, Canadian and European airports, linking the cities of Portland and Stockholm, Sweden, by way of Belle Isle Strait, Julianahab, Greenland, Agassalik, Greenland, Rikjavik, Iceland; Thorshaven, in the Faroe Islands, and Oslo, Norway.

MARATHON DANCERS AT IT AGAIN; FLAGPOLE PERCHERS, TOO

Well, it'll be long now. It's another dance marathon—but a "safe and sane" one, according to Milton D. Crandall, who staged a similar marathon in New York last year to the tune of \$120,000 box office receipts before the Health Department stepped in and stopped the show. Terpsichorean champions of last year's event were back—above, left to right: Tommy Nolan and Anna King and Alga Christensen and Jimmy Scott. Lower left you see other contestants dining afoot. And it wasn't alone a dance marathon, either. "Shipwreck" Kelly, right, shinned up to the top of a fifty-foot pole, promising he "wouldn't come down until the last dancer was carried off the floor on a stretcher."

BIG AUDIENCE HEARS PREMIER

Mr. Gardiner Speaks in Regina; Saskatchewan General Election June 6

Regina, May 22.—Before an audience of more than 3,000, Premier J. G. Gardiner of Saskatchewan, speaking here last night in support of the candidacy of D. A. McInven and F. N. Darke, the two local Liberal candidates in the provincial general election, stated his Government and that of the Dominion were in accord on the question of the return of the natural resources of the province.

The Premier outlined in detail the negotiations between the Government of Saskatchewan and the Federal authorities last fall, stating he was of the opinion the control of the natural resources of the province would be given to the provincial authorities in the near future.

The provincial general election is set for June 6.

Man Is Killed By Train At Creston

Nelson, B.C., May 22.—A. D. Manuel, Kootenay pioneer, was killed at Creston Station yesterday when he walked

in front of a passenger train. Shouted warnings failed to stop the progress of the train across the tracks. A coroner's jury is investigating the accident.

DUCK!

Will A. Brooks, recently elected mayor of Marland, Okla., is arranging a trades day feature for his town. The farm women of the community will engage in a rolling pin throwing contest, with a man for the target. The ladies are said to be practicing up.

STREET CARS AND FIRE TRUCKS IN TWO SMASH-UPS

Seattle, May 22.—Fire engines and street cars crashed twice here last night, sending five persons to hospitals and shaking up thirty others.

Two firemen were injured when a one-man street car crashed into a squad wagon near the central business section. The truck whirled half way around and seven firemen were hurled to the pavement, only the driver remaining on the truck.

Less than an hour later another fire truck smashed into a crowded street car in the heart of the city. Three street car passengers were injured when the car was thrown from the tracks. Traffic was tied up for half an hour. Fireman Raymond Moore was the only one dangerously hurt in the two smashups.

SAILORS ENTERTAINED

With a smoker-concert in the club rooms, the Pro Patria Branch of the Canadian Legion B.E.S.L. entertained members of H.M.S. Colombo on Saturday.

An extremely large gathering attended the function which was one of the most successful held by the organization. Several of the visitors contributed to the programme and were enthusiastically received by the audience.

An orchestral band, conducted by Mr. Holt, contributed several fine selections, and the numbers by the Holt family, including some characteristic dances by little "Tootie" Holt, greatly delighted the gathering.

Others who took part included Mrs. Schofield, H. George, Bert White, Geiger, Fred Pitts, Albert Lee, Joe Harper, Petty Officer Lovett and Pipe-Major Wishart.

Short speeches were given by Colonel Coote and Provincial Secretary R. Macnucol.

In Whose Arms? Flora—Jack tried to kiss me last night. Dora—What in the world did you do? Flora—I was up in arms in a minute.

have you heard it?

THE new cereal that speaks for itself—have you heard it tell the world how good each toasted bubble is?

Pour milk or cream in a bowl of golden Rice Krispies—then listen to it snap and crackle. Crisp. Delicious.

Kellogg's RICE KRISPIES

Watson Funeral At Portage La Prairie

Portage La Prairie, Man., May 22.—The body of one of the oldest and most prominent citizens of the Portage plains, Senator Robert Watson, was buried here yesterday amid many marks of esteem and public sorrow from a wide circle of friends in all parts of Manitoba.

A private service was held at the family residence, followed by a public service in Knox Church, conducted by Rev. J. W. Cruikshank. Outstanding among the floral tributes was a great wreath inscribed: "From the Senate of Canada."

At the graveside in Hillside Cemetery, a Masonic service was conducted by Lieut.-Colonel P. G. Taylor, D.S.O., M.P.P., provincial Conservative party leader and acting master.

Senator Watson, seventy-six, a Liberal, died on Sunday.

VATICAN EVENT SET FOR JUNE 6

Vatican City, May 22.—A change in the date for the Pope's first official exit from the Vatican was forecast today in a semi-official note, which will be published this evening in The Osservatore Romano, official organ of the Vatican. The note says His Holiness

SHE'S FIRST U.S. WOMAN GLIDER PILOT

Soaring over the sand dunes near the beach at San Francisco for a distance of 800 feet in a frail glider, Miss Maxine Dunlap, pretty Oakland, Cal., girl, set a record and has qualified as the first woman to hold a glider pilot's license in the United States. Miss Dunlap, staying in the air fifty seconds, far exceeded the glider record established by Miss Amelia Earhart, who stayed up seventeen seconds. The requirement for a license is thirty seconds.

TO SEATTLE

On the Palatial Ferry, City of Victoria

Resumption of service on the Edmonds-Victoria Short Route, beginning WEDNESDAY of this week, enables you to board the ship at 10 p.m.; leave at 1 a.m.; spend a full day in Seattle and arrive at Victoria at 10 p.m. Or you can leave Victoria at 1 p.m.; spend an entire evening in Seattle, and be back in Victoria at noon the next day.

Accommodations for automobiles and passengers are unsurpassed. Short run, fast time and low fares make this a most attractive trip.

The City of Victoria has been thoroughly overhauled and renovated, and many improvements installed for the comfort of passengers.

You view the scenery from the comfort of a glass enclosed observation room.

Meals are served at all hours in a glistening white dining-room. A fountain lunch has also been installed. Music by Babb's Orchestra invites dancing. The City of Victoria is the finest, fastest and largest American auto-ferry steamer operating on Puget Sound.

TWO ROUND TRIPS DAILY Passenger Fares

\$2.00 ONE WAY \$3.50 ROUND TRIP Including stage fares between Seattle and Edmonds. Stages leave from Central Stage Terminal, Eighth Avenue and Stewart Street, 7 a.m. and 5 p.m.

"Confederation"

The "Confederation" resumes service May 21, operating on fast schedule, Vancouver to Toronto, leaving Vancouver daily at 10:30 a.m. via Kamloops, Jasper, Edmonton, Saskatoon, Regina, Brandon and Winnipeg. Early morning arrival at Toronto insures connection with morning trains to all parts of Ontario.

All-steel equipment consists of standard and tourist sleeping cars, dining car and compartment-library-observation-buffet car equipped with radio.

Tickets issued and baggage checked through from Victoria. Full information at City Ticket Office, 911 Government Street, telephone 1242.

WEST COAST SERVICE

The steamer will leave for Port Alice and way ports on the 1st, 11th and 21st of the month.

Observation Room Adds Much to Ferry Steamer

City of Victoria Arrives on Inaugural Trip of Season, Greatly Improved During Winter Lay-over in Seattle; Brings Guest Party From Seattle.

Shining in a new coat of paint and greatly improved in her interior accommodations, the ferry steamer City of Victoria arrived here at noon today on her first trip carrying eighteen cars and nearly 300 passengers, most of whom were guests of Capt. J. L. Anderson and Capt. J. Howard Payne, officials of the Edmonds-Victoria Ferry Company, owners of the ferry steamer.

The ship was met on her arrival here by a large number of Victorians, headed by Mayor Anson. Others in the party were David Leeming, president of the Victoria and Island Publicity Bureau; Aldermen J. L. Mara and James Adam; Capt. C. D. Neroutos, manager of the B.C. Coast Service of the C.P.R.; N. R. Desbriay, general passenger agent in B.C. for the C.P.R.; L. D. Chatham, local agent, and a number of others. All made a tour of inspection over the ship and expressed approval of the improvements made during the winter.

OBSERVATION ROOM

The new observation room, built forward on the main deck, is a large and roomy apartment with large windows on three sides to enable a sweeping view of the water and the scenic

views to be obtained. Handsome drapes on the windows and the latest in electric light fixtures lend a quiet and peaceful air to the room. Several large comfortable sea grass chairs with gaily colored cretonne backs and cushions, and two mahogany writing tables are installed. This morning the observation room was a mass of beautiful flowers, sent by Seattle people, to congratulate the company on its second year of operation.

DANCING FLOOR

Immediately aft the observation room is a large area of space for dancing. Large doors connect this room with the observation room. A four-piece orchestra will be carried on board for dancing and other entertainment. The orchestra platform is on a balcony over the dance floor.

The dining-room has been completely done over and instead of the dark walls, white and gold is the color scheme. Attractive lighting and colored lamps add much to this room, where meals will be served on a large and comfortable table. In place of the colored dining-room staff of waiters that was employed last year, a number of waitresses in green and white uniforms will look after the needs of the diners this year.

On the upper after deck a large number of regulation ocean steamer deck chairs have been substituted for the small canvas seats used last year. The staterooms are all painted during the winter and while there will not be as many this year, on account of the addition of the observation room, they are large, bright and airy, all having good-sized windows opening on to the deck.

SEATTLE PARTY

Among the Seattle guests aboard the City of Victoria on her inaugural trip this year were H. K. Witter, chairman of the tourist branch of the Seattle Chamber of Commerce, and the following members of this group: O. J. C. Dutton, Lloyd Owens, Harold Blancher, J. L. Phillips, T. H. Vanasse, J. W. Gaines, C. M. Perkins, Mathew O'Connor, Eric Johnson and R. Brown. Other passengers were W. S. Lincoln, chairman of the Port Commission of Seattle; F. D. Singleton of the Altmow Singleton Advertising Company, and Henry Seaborn, president of the Edmonds-Victoria Ferry Company, owners of the ferry steamer.

On the return trip the steamer left Victoria for Edmonds at 1 o'clock and will return here to-night at 10 o'clock. This service will be maintained all summer.

WORLD'S GREATEST TRAVEL SYSTEM

AUSTRALIA IS SEEKING TRADE

R. A. Haynes, Commonwealth Envoy at Toronto, Will Arrive Here By Aorangi

Australia's first commercial representative to Canada, R. A. Haynes, will reach Victoria to-morrow aboard the motor liner Aorangi from Sydney. Mr. Haynes' appointment is for five years and dates from April 1.

He visited Canada in 1926 in the interests of the Australian Dried Fruits Board, and was instrumental in bringing about a considerable increase in the dried fruits trade. His success in this connection was in a measure responsible for his newest appointment. Mr. Haynes will travel about the country securing data before settling in Toronto where his headquarters will be located. He is a native of Ballarat, State of Victoria.

THIRD N.Y.K. MOTORSHIP IS NOW LAUNCHED

Launching of the motorship Chichibu Maru, third of the trans-Pacific liners under construction for the Nippon Yusen Kaisha, was successfully carried out last Sunday by the Yokohama Dockyard Company at Yokohama, according to information reaching the city this morning by A. H. Hebb, local agent.

Like her sister ships, the Chichibu Maru is 585 feet long, seventy-three feet beam, 16,500 gross tons and 22,000 tons displacement. Propulsion equipment for this ship differs from the others in that it will consist of two sets of double-acting, four-cycle, Burmeister and Wain Diesels.

SEATTLE SHIPPING

Seattle, May 22.—Carrying a cargo of 4,000 bales of silk and eighty tons of silk goods, the O.S. liner Arizona Maru is due here next Tuesday. Ninety-seven passengers are listed. Completely overhauled, the steamer ship City of Victoria started its summer ferry schedule between Edmonds and Victoria to-day. She will make two round trips a day.

Good Evidence
"How about the jury in that prohibition case?"
"They've been out six hours and they just send word to the court to send in some more evidence."

The time used in Pacific standard for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The height of the tide rises or falls continuously during two successive tidal periods without turning. The height is in feet and tenths of a foot, measured from the average level of low water.

To find the depth of water on the sill of the Esquimalt Dry Dock at any tide, add 10 feet to the height of high water at any given time.

BOOBYALLA WILL BE BROUGHT HERE FOR DISMANTLING

The remains of the ill-fated motorship Boobyalla, gutted by disaster five ten days ago, will be brought to Victoria harbor sometime this evening by the steamer Salvage King which has been pumping the vessel out since Monday. The Boobyalla has been purchased by the Pacific Salvage Company who will dismantle her in the harbor here. It is thought that the engines of the ship have not been damaged and that they are worthy of further use.

Arizona Maru Has Large Number Of Orient Passengers

With one of the largest passenger lists and raw silk cargoes to be brought from the Orient this year aboard a Japanese vessel, the O.S.K. liner Arizona Maru was docked here Tuesday morning from ports in China and Japan, according to word received here this morning by the local agents, Rither Consolidated Limited.

For this port the ship has over 100 tons of general cargo and nineteen passengers, five cabin and fourteen steerage. There are eighty-one passengers aboard for Seattle, seven cabin and seventy-five steerage. Cargo for the Sound port includes 4,600 bales of raw silk for shipment to eastern United States silk mills. Other products in the 3,000-ton consignment include eighty tons of manufactured silk goods and 325 tons of bulk oil.

Aorangi Is Due Here To-morrow

From Sydney, Auckland, Suva and Honolulu, the Canadian trans-Pacific motor liner Aorangi is expected at the William Head quarantine station to-morrow afternoon at 1 o'clock, and at the Rither piers about 2:30 o'clock.

The Aorangi has 200 passengers in all classes aboard, several of whom will disembark at this port before the ship sails for Vancouver later in the afternoon. There are eighty tons of general cargo on board here and a heavy consignment for Vancouver. The ship is nearly twenty-four hours ahead of schedule, due to fine weather en route. It will arrive at Victoria on Monday, which port the ship left last Friday. Capt. Robert Crawford is in command of the vessel.

Pacific Enterprise Will Dock This Week From United Kingdom

En route to Victoria and Vancouver with passengers and cargo from ports in the United Kingdom, the Furness Pacific motor liner Pacific Enterprise, sailed from Los Angeles last night at 6:30 o'clock, direct for this port, according to information received here this morning by King Brothers, local agents.

With good weather up the coast the Enterprise should dock at the Rither piers here late Friday night or early Saturday morning to discharge local freight and disembark a number of passengers. The local agents will later in the week receive wireless advice from the captain of the ship announcing exact time of arrival here.

SAN FRANCISCO SHIPPING

San Francisco, May 22.—E. B. Hoppel yesterday was appointed chief of the dock inspectors of the recently formed Weighing and Inspection Bureau of the Intercoastal Conference. The appointment was announced by R. M. Runkin, Pacific coast representative of the conference, who has charge of the new bureau.

Hoppel will take up his new duties about June 1. He was formerly assistant to the superintendent of the Transcontinental Freight Bureau.

Capt. A. R. Paulsen has been named southern California agent for the Shepard and Morse Steamship Company, it became known here yesterday. Captain Paulsen is president of the port of Los Angeles Stevedoring and Ballast Company. The Shepard and Morse Company is a subsidiary of the Shepard-Morse Lumber Company, and was formed primarily for handling the company's lumber output from north Pacific coast ports to the Atlantic.

Summer excursion fares to Eastern Canada and United States points on sale at Canadian National Ticket Office, 911 Government Street, effective May 22.

GULF ISLANDS SERVICE

The steamer Island Princess leaves Victoria for the Gulf Islands at 7:15 a.m. on Mondays and 8:00 a.m. on Thursdays.

The steamer Island Princess leaves Victoria for the Gulf Islands at 8:00 a.m. on Wednesdays and Saturdays, returning the same day.

The steamer Charmer leaves Victoria for Vancouver via the Gulf Islands at 11:00 on Tuesdays.

TO-DAY'S GRAIN MARKETS

(Branson, Brown & Co. Ltd.)

Winnipeg, May 22.—Wheat: Wheat appears decidedly heavy at the start this morning when prices were 1/4 under the close, based on the weak cables and the lack of export business. The Pool was endeavoring to support the market by buying July, which caused a slight reaction from both, but a little later in the day a local commission house issued a report from Regina which stated that soil drifting was severe, that the crop generally was going back and only half a crop was looked for. This scared the shorts badly, and they ran to cover, with the result that prices were carried up 1/4 over the close last night, the market holding firm to the finish as offerings became very light.

Other reports from Regina later in the day which said that the crops were looking fair, but that there was no reserve moisture, and undoubtedly this general condition over western Canada. The situation is such as to cause some anxiety and lends itself to bull propaganda, and numerous drought reports are to be expected shortly if good rains are not received.

Export business was at a standstill as not a bushel could be confirmed as having been worked overnight or the morning, and it is generally conceded that the Winnipeg market is out of line for business, as compared with other world markets. Chicago broke 1/4 at the start, making new lows all around for the crop, but firmed up later in sympathy with the strength in Winnipeg. Millers and shippers were taking the odd car of cash wheat that was coming out at spreads unchanged. Business generally very small.

Liverpool closed 1/4 to 1/2 lower, weaker than due, while B.A. close 2 1/2 to 3 1/2 lower on Tuesday, and was still a little lower again today, their wheat now selling around 98 cents a bushel. The market will be a weather proposition from now on, and therefore may be watched closely.

Coarse grains: Market extremely quiet, with little or no business of feature going on. Oats and barley were unchanged to fractionally higher in sympathy with wheat; rye was strong, naturally following wheat, but with poor demand outside of some short covering.

Flax: The market took another jump today, closing 3 1/4 to 4 1/4 up, but actual business was very small.

(By Branson, Brown & Co. Ltd.)
Chicago, May 22.—Wheat—A sharp advance at Winnipeg with a number of unfavorable weather and crop reports from Canada resulted in a sharp recovery in prices for wheat after new lows had been made. Continued dry weather in Canada, with high winds the last few days, were responsible for the uneasiness in regard to the Canadian crop. The situation in re-

WICKET PROFITS IN FIRST QUARTER MORE THAN DOUBLE LAST YEAR'S RATE

Montreal, May 22 (By B.C. Bond)

—International Nickel Company of Canada, including Mond Nickel Company, for the quarter ended March 31, 1929, shows net earnings of \$5,590,191, after depreciation, depletion, interest and federal taxes.

This is equal after preferred dividends to 36 cents a share on 13,758,208 common shares. In the first quarter of 1928 International Nickel reported a net profit of \$2,107,920, or \$1.17 a share on 1,673,384 shares of \$3 par then outstanding.

Profits for the first quarter are therefore at the rate of \$22,000,000 for the year, compared with a total of \$12,399,317 for 1928.

ASBESTOS REHABILITATION

Montreal, May 22 (By B.C. Bond)

There is a great deal of interest centering around this afternoon's meeting of shareholders of the Asbestos Corporation. Financial Service says that it understands that the matter of electing a new president and a board of directors is well in hand. Those responsible for electing the board are Frank P. Jones, J. W. McConnell and A. F. White, trustees of the voting trust.

Although the securities of the Asbestos Corporation have declined considerably, few people doubt that the company will rehabilitate itself over a period of time under aggressive management.

Montreal, May 22.—The continued settlement in the New York market affected by the credit situation, and the many uncertainties attached to it, provided enough selling here to bring about a general recession in values.

But in hardly any instance has the pressure assumed any important aspect and for the most part the market appears to be in a position in which both buying and selling activities are nearly at a standstill.

Money here remains as tight as ever, with little prospect apparent for an easing in the near future. International Nickel is down with the rest of the market, but sponsors of the stock remain most optimistic as regards the broad outlook, basing their position on the current developments at the Frood, which are reported as being well advanced.

Good buying is reported in Brazil by those who are content to wait until the market conditions are more propitious, and are attracted not only by the remarkable earnings record and prospect in this regard, but also by a position to know of actual conditions in the Republic.

WHITNEY LETTER

By Branson, Brown & Co. Ltd.

New York, May 22.—Whitney of the Wall Street Financial Service says today: A FURTHER IMPROVEMENT TO-DAY

"The two important developments which you were advised to expect this week have now transpired. The Supreme Court has handed down a favorable decision in the O'Fallon case and Midcontinent crude oil has been advanced. Marketwide yesterday's developments were likewise in line with expectations in that the industrial group found a bottom and started its improvement, while the rail group picked up the advance which was interrupted Monday. To-day we have so look forward to further general market improvement with leadership in the advance being concentrated in the oil and public utility groups."

"Word from Washington is to the effect that a double reversal in policy appears to be in the making, involving the possibility of higher rediscunt rates coincident with abandonment of the policy to tighten money rates. The two may appear irreconcilable, but they are not. It may be well that we have reached the point where the same policy which has been in effect in European nations for years may be the policy here, namely, the maintenance of rediscunt rates at a figure in excess of the open market rates. So far as is known, there has never been a satisfactory explanation why the policy of rediscunt rates lower than open market rates has not given way to the older policy of the central European banks, which maintain their policy of rediscunt rates above the open market rates, thereby imposing a penalty on the use of the rediscunt privilege."

"With a ratio for the system of 75 per cent and discounts below a billion, there is no reason, from a banking standpoint, for an advance in the rediscunt rates other than the one mentioned above, and any advance which might be made as a result of the inauguration of a sounder rediscunt policy cannot be construed as a bullish development."

COMMENT

"In the oil group we have to look forward to another advance in crude oil prices in addition to the one recorded yesterday, which will bring additional advances in petroleum products. Since this can mean nothing more than higher earnings for the oil companies, I continue to recommend in particular the purchase of Standard Oil of New Jersey, Standard Oil of New York and Pan American."

"I believe that the decision of the Supreme Court in the O'Fallon case is every bit as fundamentally constructive for the rail group as was that court's decision in the public utility cases, and look for the rail group to develop a market such as the public utilities have had in the last four years. Continue the purchase of

New York Central, Canadian Pacific, Southern Pacific and Atchafalpa, as well as New Haven, Erie, and Missouri Pacific.

"In the utilities continue to concentrate on Consolidated Gas, American Fuel and Power and Electric Power and Light."

N.Y. Market Gossip

By Branson, Brown & Co. Ltd.

New York, May 22.—Marmont Motors shipped 1,857 autos in week ended May 18, a new high record.

Loews Inc. declared regular 50 cents quarterly dividend on common, payable June 30, reduced June 14.

Goodyear Tire & Rubber Co. declared regular 6 1/2 cents quarterly dividend on common, payable July 1, record June 12.

Sixteen California utilities, including Pacific Gas and Electric and Los Angeles Gas and Electric, ordered to appear before state railroad commission to show cause for rate of 1928 earnings.

Daily average crude oil production decreased 4,705 barrels in week ended May 18 to 2,632,103 barrels, according to Oil and Gas Journal.

Brazilian Traction sub. April net \$2,233,250, after expenses but before depreciation and amortization, against \$1,992,636 in April, 1928. Four months \$8,187,906 versus \$7,877,339.

Brazilian was the leader in activity in the dollar exchange market, displaying for the greater part of the session, yielding a point. The action of the stock in the past week suggests that the major nervousness over the situation in Brazil, as created by a variety of rumors concerning the coffee situation and its possible effect upon the milreis has passed, and current buying has the appearance of being of a first rate sort.

At international Nickel was again very much under the influence of movements in New York, closing 1 1/2 lower. Reports reaching here indicate that progress is being made in the nickel situation, keeping fully abreast of expectations.

Phelps Dodge declared quarterly dividend of 75 cents a share on new stock, placing stock at \$8 annual stock, equal to \$12 annually on old stock, which was split 4 for 1, and which paid \$10 annually.

Washington: Wabash Railway was authorized by Interstate Commerce Commission to interpose its opposition to application of New York and Chicago and St. Louis Railway to acquire control of Wheeling and Lake Erie and its subsidiary, Lorraine and Western.

Electric Motor Products Corporation declared 50 cents regular dividend of 50 cents regular as was declared.

In the motors Chrysler was conspicuously weak, and this in spite of constant reports that investors are accumulating the stock which has been in the street since the stock was selling at par. Columbia Gas and Electric was strong in generally irregular market, buying. The United Corporation's balance sheet as of May 4 revealed a large block of Columbia and street reports said that the Morgan holding company is adding to its present investment in the stock at the present time.

An encouraging item was the ratio of brokers' loans as of May 1, showing total borrowings by members of the New York stock exchange of \$1,000,000,000, a record for the exchange.

May 1, amounting to 9.19 per cent of market value on all listed, 9.75 on April 1, decrease of .56 per cent. During the month the average market value of stocks increased 1.26 a share.

During the month this decline is rare as was construed as favorable. The ratio is the lowest since 1928.

(Over R. P. Clark Leased Wires)

New York, May 22.—The credit situation has taken the upper hand and forced heavy liquidation. The market's position has been weakened to such an extent by the tightness in money that even highly important constructive news, such as the O'Fallon decision, has failed to lift the tide of the general market. Even the rails did not respond to the extent they should have done. We doubt whether constructive operation in a single group will be strong enough to change the situation. It will, however, act as a check and the heralded break should not be as severe at this time. An extremely cautious attitude is advisable and lightening constructive expert in rails, is advisable. The rails are favored by us regardless of what the market will do in the next few days. Under heavy liquidation railroad stocks will also decline, but their position has changed so definitely that it will take but little to start a strong advance in this group.

While at the present writing all the details of the decision are lacking, it appears definite that the supreme court holds that the 1914 values of the railroad properties cannot be considered as a basis for rate-making purposes. While this decision does not mean that railroads will be entitled to a rate based on their present valuations, it means that those who are able to show earnings above the recapture limits will be able to retain them and distribute them to stockholders. The rails have demonstrated their ability to make money and through further economies show even a higher ratio of earnings. They are now selling much below the cost of production, and in an exceedingly attractive ratio to earnings. Some of the more important rails can offer fifty to 100 points higher and still remain conservatively priced. Utilize all reactions for buying rails.

Atchafalpa has responded in common with others to the O'Fallon decision, but even the maximum of the gains recorded by this stock have not discounted the situation. Atchafalpa's earnings power is much larger than the reports indicate, and a revision of the bookkeeping system will be possible when it becomes definite that it is entitled to a reasonable return on its present investment, rather than on the value of the investment of 1914. A revision of the dividend policy can also be anticipated and, under improved market conditions, Atchafalpa will readily sell around \$250 per share. We do not for the uncertainty in the money market, we would have seen considerably more buying in the conservative issues. We believe that many investment trusts, which for a long time have held aloof from rails for fear of the recapture clause, will now be heavy buyers of investment rails, and Atchafalpa will be almost the biggest favorite. Atchafalpa is cheap and should be bought.

Great Northern is another undervalued rail and is particularly affected by the O'Fallon decision. While its present earnings make immediate recapture of no importance, its interests in subsidiary roads, particularly in the Chicago, Burlington and Quincy change its status. Some of the subsidiaries have been large earners and have contributed a great deal to the company's net income. In addition to this, Great Northern is now striving to reduce its operating costs and, being confident that excess earnings will not be recaptured, or at least not in the near future, the road should not suffer from the recapture clause. It is undervalued on the basis of its earnings and equities in other roads. Purchases are recommended.

Cluett Peabody has not acted well in the last year and one-half. While the whole market was going up, "Cluett" was steadily moving down. It sold last week around sixty, this offering a yield of eight per cent, which is practically unobtainable except in issues where

Big Break Hits Market; Industrials Off 13 Pts.

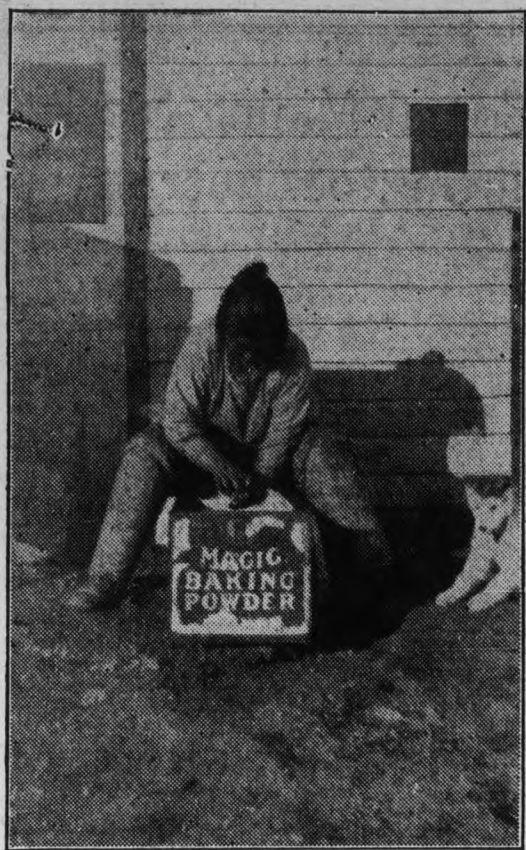

New York, May 22 (By B.C. Bond)

—Dow Jones' average of thirty industrials at the close today stood at 300.83, off 13.20 points for the day; and for twenty rails at 149.26, off 8.50 points for the day.

Call money eased from 7 to 6 per cent. Sales over the 4,000,000 mark to a total of 4,839,530 shares.

"Simillia" is an Eskimo Belle

She lives near the North Pole

THE accompanying illustration is reproduced from a snapshot taken at Grace Harbor, Ellesmere Island, in the Arctic Circle, about eight hundred miles south of the North Pole.

"Simillia" is the name of the young Eskimo woman, and she is busily engaged in scraping away the fat from the inside of a seal-skin, with a young "Husky" looking on with great interest.

No doubt the fat has long since reached Simillia's inside and the seal-skin itself at this moment adorns her outside, for it is apt to be a trifle chilly up near the North Pole. You observe, of course, that her work-bench is a Magic Baking Powder shipping box. From this it may be deduced that the people at Grace Harbor like to eat some toothsome tea biscuits and cakes and rely upon good old Magic Baking Powder to make them light and wholesome.

The popularity of Magic Baking Powder in every part of Canada is astounding. But there is the very best reason for it—quality. It contains just three ingredients—Phosphate, Starch and Soda—the very finest grades of each, expertly blended. No alum. No adulterants or "cheapeners" of any kind, and the quality is always uniform. Naturally, people residing far from the busy haunts of men, away up in the Arctic regions, take no chances when they buy baking powder. They buy the kind that is absolutely reliable—MAGIC BAKING POWDER.

"LOVE IS OF THE VALLEY"

By DAVID LYALL

"It is a very serious step you and my sister have taken. She is very young. You have it in your power to make or mar her life. May I beg you to remember that, and—be kind to her."

Few men can resist a woman's appeal, and perhaps the fact that Beatrice Heron appealed with difficulty, even in supreme moments, added weight.

The German is quickly emotional, though the fruit of his emotion may be evanescent. He gripped the hands of his new sister-in-law and in guttural tones promised many things. Beatrice released herself quickly, but tried to smile and murmur her thanks. The door was opened; she walked out down the little flagged path to the gate and stood by while they took their seats in the waiting motor. Ida was crying again, but looked happier. Her last word, her last kiss, her look of love were all for Beatrice. The woman in the house was entirely forgotten. The door was shut, the engine snorted, and the car leaped forward, carrying Ida Heron away from all she had known to wilds and continents of new experience of a poignancy none of them then dreamed or imagined.

A small hand waved through the open window of the car as it took the curve at the corner and disappeared, the hum of the engine beating fainter and fainter in the sultry air.

Beatrice longed to walk away, the idea of meeting her stepmother again and probably continuing the argument revolted her. But expediency, courtesy, necessity perhaps sent her indoors. Lotta was in the dining-room sitting at the table with her hands tightly clasped, her bosom heaving, the red of excitement high in her cheeks.

"They've gone," said Beatrice, dropping into a chair with a sudden sense of physical weakness. "Away to Germany and God knows what after! Oh, Lotta, I can't help feeling some-how that this is a terrible thing!"

Lotta gloomed, but the fire in her eyes seemed to die down. She had heard one or two plain truths from Gustav Welle spoken with that candid brutality which the Teuton can always muster from underneath the surface of his thin veneer.

"You needn't glare at me over it," she said shortly. "Nothing to do with

me! Of course I've seen it coming. Threw herself at his head she did, if ever a girl did. The poor devil couldn't help himself."

Once more Beatrice shrank within herself.

"Don't let's talk any more about it, Lotta. I ought to have insisted on taking her with me to George Street when I left your house. I am sorry for all this upset to you, very sorry, but please don't let us quarrel any more about it. It is hateful and horrible and unbearable, to be at one another's throats like this. It makes life hideous, and God knows it is bad enough without that."

She spoke with passion born of a momentary and overwhelming distaste and disgust of life. What was it likely to be for her but a sordid struggle, unilluminated by any warm human experience. She stood alone in the world, and was aware that human beings are not intended for such supreme isolation, that the great and wise Creator ordained that they should be set together in families.

"Oh Lotta, I wish Wally was here!" she cried suddenly. "I think I must write and beg him to come home."

"What for, may I inquire?" asked Lotta, in her incisive business-like way. "That would be a fool job if ever there was one. He's getting on jolly well out there, and I had a letter from my cousin Mary Hlop just a week ago. From what she says apparently he's very thick with their girl Betty. It's not likely he'll ever come back, and why should he? His lungs won't let him live in this beastly climate, and he's got a good job and prospects among people who have been very good to him. If I've been a bad stepmother to you and Ida, at least I did give Wally a leg-up when I put him on to my New Zealand relations."

"Yes, yes, I'm grateful! And I have never said you were a bad stepmother, Lotta, only we don't understand one another."

"I don't understand you, you mean. There's nothing underhand about me! I'm open and above-board, thank the Lord! I may belong to common folk, but at least you know where you are with them. I tell you what, Bee, ever since I've been in this house, you and herons and your getting on high horses, for God knows what, have made me Lotta in her more normal moments. Beatrice was aware of a sudden sense of relief and an overwhelming desire to laugh.

"Well, we've ridden for a full evening," she said ruefully. "This is easily the worst thing that has happened. Do you honestly like Gustav Welle, Lotta? Do you think he could make any woman happy?"

"Oh yes, if he lays himself out for it," she said dryly. "Has the needful too, and while the fancy lasts he'll shell out. But it won't last, that's the trouble. He has had lots of women through his hands, and I don't really see how a chit like Ida is going to keep him."

Beatrice shivered slightly and rose to her feet feeling that she must get out into purer air.

"She may just keep him by the appeal of her youth," she said simply. "Poor child, we can't do much for her now except stand by. She's away to Hamburg to-night to be introduced to her relations. She will have a great deal to tell us when she comes home."

This was Lotta in her more normal moments. Beatrice was aware of a sudden sense of relief and an overwhelming desire to laugh.

"Well, we've ridden for a full evening," she said ruefully. "This is easily the worst thing that has happened. Do you honestly like Gustav Welle, Lotta? Do you think he could make any woman happy?"

"All the talking in the world won't mend it," said Beatrice. "And I don't feel like tea just now. I'm going down to the Manor. If they don't keep me too long I'll come back later, but if I don't, why not come up to lunch and spend the day with me to-morrow? It would be a change."

"You forget I've got Tom Meikle and Welle's nephew here yet."

"But surely Lizzie could give them lunch for once?"

"I'll think about it," said Lotta, mollified by this little attention and by the invitation which had never been extended to her before. Her feelings not being at all involved where the German was concerned she would get over the disappointment quickly. She had a volatile nature incapable either of deep feeling or constancy in attachment.

Beatrice knew her through and through, and had no anxiety regarding her. Probably in a few days or weeks at most, she would find another boarder who would become the lodestone of her existence, as Wally had been. They parted more amicably than at one moment in that fateful afternoon had seemed at all likely.

These things happened in the summer of 1913.

CHAPTER XXIV

It had been a day of sultry heat. Towards afternoon the sky became suffused with a strange coppery hue through which the sun's rays struggled dimly. The air in the city was breathless, and seawards a haze obscured the cheerful gleam of the Firth of Forth. The window of the little white-and-gold room where Beatrice Heron lived above her business was thrown as high as it would lift, but the air which entered had no freshness in it, but rather a sense of deep oppression which weighted both mind and body.

She had just come up from business, where she had lingered for an hour over her accounts, after the assistants were dismissed for the half-holiday.

She knew that she had had a most successful year, but some study of her books preparatory to stock-taking had surprised her. It was without doubt one of the best years of the books of the business could show. Madame Theodore was still in America, which she had found so much to her liking that though frequently fixing dates for her return she had as frequently altered them. The winter she had spent in California, and now spoke of returning to Scotland in the early autumn. She wrote cheerfully, interesting letters at considerable intervals, frankly confessing that the wanderlust had taken possession of her. She asked very few questions about business, only always expressing the hope that it was going well. As she read the first letter she had had for two months, Beatrice became aware that the little dressmaker was wholly detached from her old life and had now the most shadowy interest in it. She had found two letters on the mat when she let herself into the little flat, and being more deeply interested in the letter from Theodore, had opened it first. Now, glancing at the other one, she recognised Jimmy Grier's handwriting, which she had seen only once since he went voyaging as a ship's carpenter with the Elder Dempster Company.

He had been voyaging continuously since the autumn after he took his degree with high honors at Glasgow University. Beatrice knew that his brother and Alison were worrying about him, lest he should be wasting his time and acquiring the sea-going habit which was only fit for lesser men.

She was deeply interested in the receipt of a letter from Jimmy, and leaning back in her chair, prepared to enjoy it. It began and continued thus:

"Dear Miss Heron.—I can't tell you how often I've been going to answer your last kind letter, which brought me to Porto Rico by some tortuous route I've never been able to unravel. Anyhow, it was a treat to hear all your news, and to know that Old Scotland stands where it did."

To be continued

"There ain't nothin' that looks plum' sanitary except porcelain an' a bald head."

"Ma made two trips downstairs for me just before my doctor come, an' when he got here she asked him if he wouldn't fix some kind of tonic for her."

"There ain't nothin' that looks plum' sanitary except porcelain an' a bald head."

"Ma made two trips downstairs for me just before my doctor come, an' when he got here she asked him if he wouldn't fix some kind of tonic for her."

ON THE AIR

WEDNESDAY, MAY 22

CFCT (475.5) Victoria, B.C.

6 p.m.—The closing market quotations.
6.15 p.m.—The Sunset Concert Orchestra: "Three African Dances"; "The Call to the Feast"; a concert waltz, "Jolly Fellows"; a selection from "Naughty Marietta"; "The Song of the Voles Boatman"; "Cock-a-lullaby"; "Morris Dance" from the "York Fagotant."

Radio Suggestions Are Heard in Ottawa

Ottawa, May 22.—Joint control of radio broadcasting by the Federal and Provincial Governments, with special preference given to educational programmes, public information and entertainment was endorsed as the best policy for Canada at yesterday's session of the Royal Society of Canada. Another feature of the day's proceedings was the defeat of a recommendation submitted by a sub-committee which would have limited the printing of scientific papers in the official journal of the society. The recommendations concerning radio control, made in response to a request by the Royal Commission on Radio for the society's opinion, were made largely as the result of a report made by Dr. H. M. Tory, head of the Federal Research Council.

COLOMBO CONCERT MAKES BIG HIT

The concert party of H.M.S. Colombo last night presented a notable entertainment at the Chamber of Commerce auditorium and a large audience roundly applauded all numbers in the long programme.

The concert was given on behalf of the Victoria Branch of the Navy League of Canada, and W. H. Langley, president, when thanking the artists, intimated the hopes of the audience that another concert would be given by the sailors when H.M.S. Colombo returns to Victoria in August.

The concert was arranged and presented by Lieutenant Leighton, Commissioner Gunner Downing and Signman Wilson, the latter preparing the first decorations. Lighting effects were by P. O. King and A. B. Philpotts and were most effective.

Sketches featured the materialman, "Parker P.C." presenting Leading Signman Edwards as a comic policeman, and another laughable act presenting two theatre box parties arguing across the stage in disregard of the play being presented.

Supply Officer Foster, author of most of the words and music presented during the evening, rendered a comic song, other singers being Leading Seaman Nuthren, Chief Ordnance Artificer Holle, Leading Seaman Edwards and others.

A female impersonation by Able Seaman Roper, supported by Able Seaman Payne, proved one of the hits of the evening.

The ship's band, under the direction of Stoker P. O. Clare, gave several selections during the evening, and Supply Officer Foster rendered guitar numbers with great effect.

Smart Doings of Animals

Sir Emerson Tennent, then in Ceylon, while riding in the jungle one evening, heard a noise approaching through the thick undergrowth, accompanied by an exclamation, "Urmph! Urmph!" A turn brought him face to face with a tame elephant, which was carrying a heavy timber across his back. The pathway was narrow, so that he had to bend his head sideways in order to progress. This annoyed him, hence his dissatisfied "Urmph!"

Sir Emerson's horse was frightened by the great elephant. On seeing this, the elephant threw down his timber and began to back away through the brushwood. The horse still hesitating, he forced a path still farther backward, continuing until the steed finally could be persuaded to go on. When he had passed, the elephant picked up the timber and proceeded on his way.

Found Them Good For His Backache

"My husband has used DODD'S Kidney Pills for his bad back," writes Mrs. Leonard Simms, of Point, Gander Bay, Nfld. "He took one box and his back was better. I have also taken them for Backache and found them to be very good." Backache, Urinary Disorders, Dizziness, Swollen Ankles, Rheumatic twinges, early signs of Kidney trouble. Never neglect such warnings! Keep a box of DODD'S Kidney Pills always in the house. DODD'S Kidney Pills fortify the Kidneys.

DODD'S KIDNEY PILLS

50¢ AT ALL DEALERS

STORY BY HAL COCHRAN PICTURES BY KNUCK

READ THE STORY, THEN COLOR THE PICTURE

"Don't worry," said the Goofygo, "about what we are going to do when this small craft is finished. You can just leave that to me. Perhaps, right now, I do not know just how we're going to make it go, but your queer raft will travel when it's all made. Wait and see."

And then he eyed the Tynymites and shouted, "Well of all the sights! There's heaps and heaps of work to do, yet you sit down to rest. Come on, hop up there, everyone! Stick with this job until it's done. This raft will be a dandy if you all will do your best."

So, once again, they all turned in, and amid the clatter and the din, the little raft began to look like it would ride the sea. Large logs were fastened side by side, and then came boards, both long and wide. As they were put together it looked neat as neat could be.

At last the Tynymites were through,

and Copy said, "Say, Goofygo, 'just look this fine job over and tell us what you think.' 'It's great,' the Goofygo replied. 'And now I know how you will ride. Let's push the raft right in front of me to be sure that it won't sink.'"

Right in they shortly made it flop, and sure enough, it stayed on top. Hurray! exclaimed the funny bird. "Now everything's in trim. Just hitch me to the raft and then you'll start out on a trip again. With me in front, and all of you on board, I'll start to swim."

And so they hitched him, mighty quick. "Ha, ha," laughed Copy. "This is slick. Hop on, you bunch of Tynymites, 'cause we are pleasure bent." It didn't take them long to get aboard the raft. They were all set. The Goofygo cried, "Here I go!" And down the stream he went.

BEDTIME STORY

Uncle Wiggly's May Pole

Copyright, 1929, by McClure Newspaper Syndicate

By HOWARD R. GARIS

"Are you going to be very busy today," asked Uncle Wiggly's wife one morning as the rabbit gentleman finished his breakfast.

"Not so very," he answered. "Why?"

"We really ought to have one for the children," went on Mrs. Longears. "I think you could put one up in the yard and they could dance around it and twine colored ribbons as they do in England."

"What's this all about?" asked Uncle Wiggly. "What do you want me to put up in the yard?"

"A May pole," answered his wife. "Didn't you ever read about them?"

"Yes, I think I have," said Mr. Longears. "You mean a tall pole with a bunch of long ribbons fastened to the top and the children take hold of the lower ends of the ribbon streamers and weave in and out as they skip around the May pole on the ground. Is that it?"

The Alligator sneaked up.

"That's it," said the rabbit lady. "Will you put up the pole and fasten the bunch of ribbons on top?"

"I will," Uncle Wiggly answered. "And, what is more, I'll stay home instead of hopping off to look for an adventure, and I'll sing a song for the animal boys and girls to march by."

"Not that song about 'Wunnersy, twenny, ickery Ann!' Don't you dare sing that song!" warned Mrs. Longears, shaking a paw at her husband.

"No, I'll sing a different song," said the bunny gentleman. "But, first of all, I'll see about putting up the May pole."

Out in the yard was an old clothes post standing in a corner near the fence. Uncle Wiggly thought this would do nicely for a May pole.

"But first I must dig a hole," he said.

Now digging a hole was very easy for Uncle Wiggly, as it would have been for any rabbit. They have paws just made for digging, since wild rabbits always dig or burrow under ground to make their homes.

So Uncle Wiggly dug a deep hole in the middle of the bungalow yard where it wouldn't spoil any flower or vegetable bed. And when the hole was deep enough the rabbit gentleman, with the help of his wife and Nurse Jane Fussy Wussy, put the old clothes post upright in it and stamped the dirt around to hold it firmly in place.

"There's your May pole," said Uncle Wiggly rather proudly.

"Oh, but what about fastening the bunch of long ribbons on top?" asked Nurse Jane. "The children can't have a May pole dance until the ribbons are fastened on top so they can be twined about it."

"Dear me! I forgot all about that,"

To-morrow's Horoscope

THURSDAY, MAY 23, 1929

This is read by astrologers as a day of uncertainties, since benefic and malefic planetary influences seem to contend. The rule of the stars seems to favor those who seem to be dealers of the goods and for this reason less fortunate persons may be victims of discontent.

Warnings are given again by the seers that there may be much discontent and dissatisfaction among workers in certain plants, but this may be due to suggestion through propaganda from secret sources.

The spirit of criticism due to jealousy may be prevalent among persons who fail to do their share in bearing civic responsibilities, astrologers foretell.

Reforms will be pushed in many parts of the United States by citizens of high ideals, including great numbers of women. It is foretold.

The early hours to-day promise good luck to farmers, who should benefit through good crops and improved markets.

For persons of haughty and more there is a threatening rule that should warn them to conserve their strength. Sudden deaths are indicated.

Much building is propheticated, and structures of marvelous height and great cost will amaze the world, astrologers prophesy.

Engineers and architects are subject to the most inspiring and stimulating planetary influences. Americans are to win supreme fame.

Physicians should benefit under this rule, which makes for wise help in safeguarding health and developing beauty as well as energy.

Persons whose birthdate it is will find their best success in the coming year through individual effort. They should not depend on others for they will probably be disappointed.

Children born on this day probably will have courage and real initiative. The subjects of this sign Gemini often have two distinct lines of ability.

General A. E. Burnside, Civil War veteran, was born on this date, 1824. Margaret Fuller (March 18, 1810), 1810, claimed this as her birthday, as did William Draper Andrews, 1818, American inventor of the last century.
